BG296—APPLEBLOSSOM. Snowy white with touch of cream in the throat flushed cool rose pink at edges. Very vigorous.

BG290—CARIBBEAN. A wonderful combination of rare blue-violet petals embellished with a rich, deep violet throat. Distinctively ruffled.

BG292—MAYTIME. Gracefully ruffled deep, pure pink florets with large white throat. Ideal for cutting.

YOUR CHOICE OF ABOVE 50c EACH POSTPAID.

BG580X—3 each of above (12 bulbs) for only 4.98, postpaid. All labeled.

Hello Folks:

It hardly seems to me like it is time to be writing another short note to you good friends of mine. 1956 certainly went fast didn't it? It was rather a peculiar year in many ways too. Lots of you folks got more rain than you wanted while others were on the dry to very dry side. Guess all we can do is hope that 1957 will provide ample moisture and good crops for everyone.

I'm rather optimistic about the coming year, both from a weather and business standpoint. Long-range forecasts point to 1957 as one of the biggest business and production years this country has ever seen.

I do hope you will find our new catalog interesting and helpful. Any business you can send our way will be greatly appreciated and I can assure you we will do our best to satisfy you.

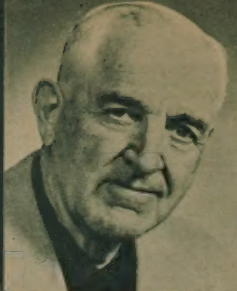

Yours truly,

Seal W. Gurney
President

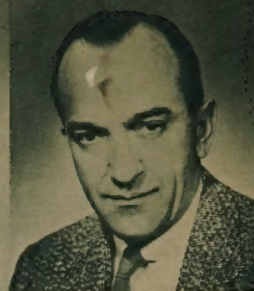

1st Generation
COL. C. W. GURNEY
Founder... 1840-1913

Pioneer seedsman and nurseryman of the Northwest. Col. C. W. Gurney began his life work in the seed and nursery business upon leaving the service in the Civil War. Almost the entire last fifty years of his life were devoted to making this midwest a better place to live in.

2nd Generation
GEO. W. GURNEY
President

For over 50 years one of the leading nurserymen in the northwest. His lifetime experience with seeds and trees is yours for the asking. Write if you have any problems, and he'll see that you get a prompt answer. George is still active in the business and expects to continue for a long time.

3rd Generation
SID GURNEY
Vice-President

Sid's main job, among his many, is to see that the thousands of orders coming in are kept straight and moving out as rapidly as possible. He, too, has spent his entire life in this business and is always glad to help any of you folks in any way that he can. Many of you probably enjoy his "Planter" Program on Saturday mornings at 9:30 when he spends 15 minutes answering questions on gardening.

4th Generation
JIM and JAY GURNEY

These are Sid's two boys. Jim is 14 and Jay is 6. Not much that either of them can do around the place at this age but they really enjoy trips to the nursery with Grand-dad. He loves it too. Between them they manage to eat their share of fresh fruit and it doesn't take long either.

This is George Gurney's Home in Yankton

An Aerial View of Gurney's Nursery

Gurney's Hardy Stock Does Well Everywhere

It stands to reason that our nursery stock—raised right here at Yankton—has the extra vigor and hardiness to stand the hottest of summers and coldest of winters. If it isn't able to take our climate, we just don't have it to ship. This means you can depend on Gurney's hardy stock to do well for you.

True-to-Name

Regardless of whether you order seed, nursery stock, or chicks—it will be true-to-name. We have been in this business for over 90 years, and we intend to be in at least that many more, so we are not going to start now to try to fool our customers. It can't be done, and we don't intend to try it.

State Inspected Stock

All nursery stock shipped from Gurney's carries a state inspection label that certifies our stock has been inspected and found free from disease,

insects, etc., and has passed all state laws as to quality. We want you to have the very best possible.

How to Make Remittance

Your check is good with us here at Gurney's. In fact, to make it easier for you to order, you will notice we have put a check blank on the bottom of every order blank. You are welcome to use it, or, if you wish, a bank or money order will be fine. We do not encourage cash payment; however, if you insist, please register your letter for your own protection. It is embarrassing to both of us when cash is lost, and there is probably no question but what you sent the cash and it never reached our organization.

Please—No C.O.D.'s

One of the reasons we can sell better goods at lower prices is because we do not maintain an expensive department to handle C.O.D.'s. Anytime you order something C.O.D., you have to pay the post

BE SURE TO ORDER EARLY

If possible, please order in January or February. This gives us plenty of time to get your order booked and all ready for shipment the moment the weather breaks in your locality. Early-planted stock does better because it has a chance to take advantage of early moisture and get established before the hot, dry period.

office's C.O.D. charge. Why not save that?

How We Ship

Most items, such as garden seed and merchandise, are shipped at once. Nursery stock is shipped at the proper planting time in your locality—and that is why we may fill your order in several shipments. Most nursery stock is quoted postpaid on all shipments made through postal zone 4 (see back of order envelope). Exceptions are so noted in the catalog and generally include stock too big to ship parcel post, such as big trees, B&B Evergreens, etc.

Items quoted "Express Not Prepaid" will be sent transportation collect. List your nearest Express Station on your order.

Extra Payment in Nursery Stock

Many times we have to ship postpaid items with nursery stock going express collect. To help make up for our share of the express charges, we put in extra nursery stock—always more than enough to make up for the additional postage. This doesn't happen too often, but when it does, we always go out of our way to see that the customer gets his money's worth and then some.

Your GUARANTEE of SATISFACTORY NURSERY STOCK

We guarantee our nursery stock to be all state-inspected, free from disease, and first-class in every way. We also guarantee our stock to be absolutely true-to-name. If it proves otherwise, you can have your choice of replacement free or a full refund of the entire purchase price.

Examine the nursery stock carefully when you receive it. If you are not pleased in every way, return it promptly at our expense. We will be glad to replace it at once or refund your money in full, whichever you prefer.

After you have planted it, if it fails to grow owing to weather conditions or other factors over which we have no control, we will replace once at one-half the original price the following season, if you notify us not later than August 1, 1957. Accompany your report with a remittance of one-half the original purchase price, and we will take care of the adjustment at the proper planting time. We stand behind this guarantee 100%.

We'll Send a FREE GIFT With Your Garden Seed or Nursery Order...

It always has and always will take a lot of old-fashioned courtesy to maintain a friendly business. That is the reason we make it a practice to include a free gift with every order we receive no matter how small it might be. We can't tell you what that gift is going to be, but we know it is going to be something well worth-while. Hope you enjoy it, as it is our way of saying "thank you" for the fine order placed with us.

Our Customers Speak for Themselves . . . Read What They Have to Say . . .

No Finer or Hardier Stock Available

These letters and pictures below are just a few of the many testimonials we receive from people all over the country. We only wish that we had more room so we could let you see many more of them.

North, south, east or west—it makes no difference.

You'll find Gurney stock is the finest you can buy. 90 years of know-how and experience backs up every purchase you make and once you try our stock we feel certain your letter will be among the thousands of satisfied Gurney customers that "Speak for themselves."

Dear Sirs:

I am so pleased with the seeds I ordered this spring from your catalog. I just had to write and let you know that my garden is so nice. So may I say, thank you.

Roy C. Golden
Saginaw, Minn.

Dear Sirs:

I received all my order in good shape. It's so good to get nice fresh plants. Just as fresh as if they had just been dug.

Ethel Jolliff
Manila, Ark.

Dear Sirs:

I feel I must thank you for sending my order of Blaz-O-Mums so quickly and in good condition. Also the gift ones.

Mrs. Edward Barrus
Leicester, Mass.

W. L. Matson and R. Venard looking over a sample of Gurney's Golden Hybrid No. 118A, winner of 1st Prize, 10 ear sample at S. Dak. Crop show at Aberdeen in 1956.

Dear Sirs:

Your Prune tree and Beauty Bush received in good order and wish to thank you for same and also the promptness in delivery. Appreciate the free gifts very much. Many thanks again.

Mrs. N. Ferguson
Orchard Park, N. Y.

Dear Mr. Gurney:

Thank you for the re-

placement of 3 Rosebud Begonias and 2 Creeping Phlox. All arrived in excellent condition and are thriving.

Mrs. David J. Davis
Bellevue, Washington

Dear Sirs:

Moved last year from Creston, Iowa to Atlantic. No matter where I live or no matter where I go, I find no other garden seed like Gurney's to grow.

E. L. Harper
Atlantic, Ia.

Here is B. N. Sour of Groton, S. Dak. standing by a row of Gurney's Lombardy Poplars. These trees were planted in 1954. Mr. Sour writes:

I am sure well pleased with the growth they have made after freeze. We had this freeze last spring and

it froze all the leaves. B. N. Sour
Groton, S. Dak.

Dear Sirs:

I ordered my seed from Gurney's last year and raised an awful lot of vegetables. Canned nearly 150 quarts of Pole Beans from 2 rows. I was just about the only one in my neighborhood that raised beans.

Mrs. Grad Roper
Phil Campbell, Ala.

Dear Gurney's:

I want to tell you how pleased we are with our fruit trees we got from you 6 years ago. All are bearing and so nice. We thank you so very often for them.

Arthur Kluck
Richland, Nebr.

These are the two sons of Mr. and Mrs. Fred Graning of Becker, Minn. Note the big pile of melons they raised from Gurney's seed. The boys look like they will be enjoying the melons before long.

We Want Your Picture

We always like to include a few pictures of our customers when we make up a new catalog. If you have a good snapshot of yourself or anyone in the family, standing beside a Gurney tree or holding some Gurney vegetables, send it in. We'll try to use it in either the catalog or the next spring issue. And if we do, we will pay \$3.00 for each picture used.

If you happen to have a Chinese Elm that is doing well or maybe a nice flower garden, get out the camera and have someone snap your picture while you stand beside it. Then send in the snapshot and a letter of explanation, and we'll do the rest. Let's hear from lots of you.

Here is Ralph Shirts and his brother Ed of Hamilton, Montana. That's a field of Gurney's August 15th corn. Ralph says, "we like your seed."

Hello Folks:

You are starting the Garden Seed section of our catalog and will find 10 pages of the finest garden seed money can buy. Fresh, tested, new-crop seed we are proud to call "Gurney Seed." I know you will like the results you get.
Geo. W. Gurney

Gurney's Bigger Yielding GARDEN PEAS

LITTLE MARVEL

The Tender, Sweet One

152—(62 days.) If we could have but one kind, it would be Little Marvel. Take our word for it. We've tried 'em all—very tender, heavy yielding, and it will be a long time until we find a better one. In yield, earliness, quality and delicious sweetness it is tops. Fine for freezing.

Triple size pkt. 17c; ½ lb. 42c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

VICTORY FREEZER

154—The new "All America" Medal winner. Matures in 65 days and produces tremendous yields of delicious, high quality peas. One of the very finest for the home freezer. Grows to 29 inches. Big 3½ in. pods. Triple Size Pkt. 20c; ½ lb. 42c; 1 lb. 75c; 3 lbs. 1.85, ppd.

Gurney's strains of peas are all Northern-grown and carefully selected for disease resistance, type and vigor.

Plant smooth varieties of peas as early as you can get them in the ground in the spring. Plant wrinkled varieties a week later. Peas appreciate support; even dwarfs like some brush or

trellis to grow on. It keeps pods off the ground and will give you a bigger yield.

For continuous supply make several plantings, starting with Extra Early Alaska, Little Marvel, Big Dakota and Yankton Main Crop.

1 lb. of peas is enough for 100 ft. of row.

YANKTON MAIN CROP

The Drouth-Resistant Pea

157—(65 days.) Plant Yankton Main Crop and have green peas all season and of the finest, sweetest quality and tenderness that you have ever tasted.

Is absolutely the most drouth and heat resistant of all. The vines grow about 2 feet tall and are filled with large pods containing from 6 to 10 delicious peas.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

Extra EARLY ALASKA

Disease-Resistant

146—Earliest of All. (52 days.) Alaska is absolutely the earliest pea and the heaviest yielding. The slender light green vines grow about 2 feet tall and are literally covered with pods. The peas are of excellent quality, and as they all ripen at once, are easy to gather. If you want a lot of peas and want them early, plant Alaska.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

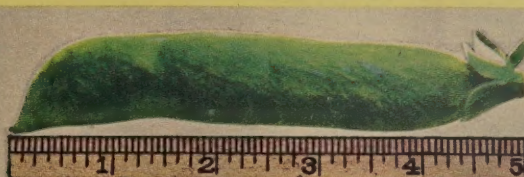

AMERICAN WONDER

Sure Grower—Big Yields

149—(60 days.) Our improved strain of American Wonder is one of the earliest Wrinkled Peas grown. The dwarf vines grow about 1 ft. tall and are covered with medium size pods.

This is one of the sweetest and tenderest peas we have ever raised. If you want quality, plant American Wonder.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, ppd.

LAXTONIAN . . . Vigorous, Sure to Bear

141—(64 days.) The top notch early pea. This is a pea that just suits us, and we eat lots of peas during the season. We like them any way they can be served.

The vines of this large, extra early, heavy bearing pea are very stocky, dwarf

Early Sweet WRINKLED ALASKA

Tender, Tiny Peas

159—(55 days.) The new wilt-resistant pea. The easiest way to describe this one is to say it is like Early Alaska, except its peas are somewhat larger and wrinkled. It comes into bearing in 55 days; the vines grow just about 2½ to 3 feet tall and are fully as hardy as Alaska. We are sure you will like this canning variety—Fine for table use, too.

Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

SPECIAL:

Be Sure to Inoculate Your Peas for Extra Yield

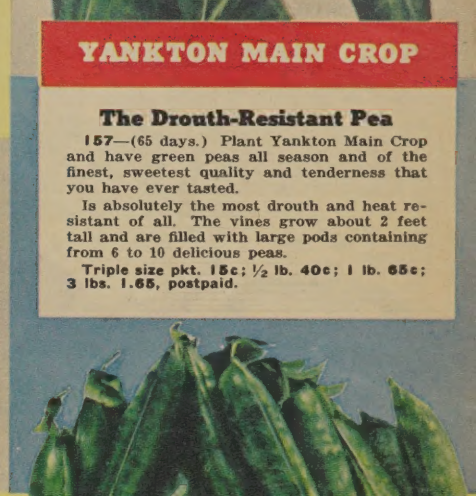

A 25c packet of Nitragin is enough for 5 lbs. of peas and beans. Full directions for use are printed on the packet. It will pay for itself many times over. No. 4015—25c, postpaid.

EDIBLE PODDED PEAS

160—Dwarf Gray Sugar. (57 days.) The pea with pods so juicy and tender that you do not shell them but instead eat pods and all, like string beans. Triple size pkt. 15c; ½ lb. 40c; 1 lb. 70c, postpaid.

BLACK EYED PEAS

162—These are the old-fashioned kind that are so popular in the south. Use them green in the summer and dry them for use like beans in the winter. Triple size pkt. 15c; ½ lb. 40c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

Gurney's VEGETABLE FREEZER SPECIAL

Here's the answer to the question "What shall I put in the freeze box?" These vegetable tables are among the very best for freezing. Directions included with each collection.

ALL FOR ONLY 1.98 ppd. No. 600X

- ½ lb. Sweet Cross Hybrid Sweet Corn
- ½ lb. Little Marvel Peas
- ½ lb. Victory Freezer Peas
- ½ lb. Cherokee Wax Bean
- ½ lb. Topcrop Green Bean
- 1 Pkt. Swiss Chard
- 1 Pkt. Coreless Carrot
- 1 Pkt. Broccoli, Green Sprouting

EARLY CORELESS for Home Use or Market

634—(70 days.) Beautiful carrots about 8 in. long 1½ in. thick, and the same size top to bottom. Flesh scarlet-orange. Very sweet, fine grained, tender, nearly coreless. Fine for bunching, for winter or freezing.

Pkt. 15c; oz. 50c; ¼ lb. 1.45, postpaid.

TENDERSWEET Best Sweet One

635—(75 days.) We don't know of a sweeter, better carrot than Tendersweet. It is coreless, fine textured and a beautiful deep orange. If you like carrots and want to try a new, tastier, better variety—be sure and plant Tendersweet. We consider it one of the very finest.

Pkt. 15c; oz. 50c; ¼ lb. 1.45, postpaid.

DANVERS HALF LONG for Storage & Canning

627—(75 days.) Medium in length and of rich orange color. One of the finest quality, best tasting carrots. Outyields almost any other variety. One of our best storing and canning varieties.

Pkt. 12c; oz. 45c; ¼ lb. 1.35, postpaid.

STOCK CARROT for Livestock Feeding

631—(100 days.) Mastodon. Produces tons of feed per acre. Easy to grow. Pkt. 12c; oz. 45c; ¼ lb. 1.25, postpaid.

Gurney's CARROTS

Carrots Are Easy to Grow

Make your first planting just as soon as you can get in the soil in the spring and then successive plantings throughout the season so you will have plenty to put away when winter comes. Cover seed about ½ in. deep. Have rows 18 to 24 in. apart and thin out 2 to 4 in. apart in the row if you want big carrots. Keep your carrots well cultivated at all times for best results.

DANVERETTE, A New and Better Carrot

628—(70 days.) A smaller, more refined type of Danvers Half Long. Has a beautiful deep orange color and the quality is excellent. Dandy for freezing and canning. This is one of the newer varieties that is fast gaining in popularity with gardeners everywhere. Try it.

Pkt. 15c; oz. 50c; ¼ lb. 1.45, postpaid.

Control Carrot Maggots with 10% Aldrin (see page 23)

OXHEART the Heaviest Yielding Blunt One

629—(75 days.) This short, broad carrot is the heaviest yielder of the table carrots, and the easiest to harvest. The roots are sometimes 5 inches in diameter and about the same length. An excellent table carrot as quality is fine. Highly nutritious and a good keeper.

Pkt. 12c; oz. 45c; ¼ lb. 1.35, postpaid.

Red Cored CHANTENAY

Tender and Sweet
630—(70 days.) Small cored, with bright orange flesh, fine grained, tender, crisp and sweet. It is medium early, maturing in about 70 days. The tapering roots are about 6 inches long and 2 inches in diameter and easy to pull. May be grown as spring, summer or fall crop. We think this one is about the best, most delicious of all the carrots we are offering.

Pkt. 15c; oz. 50c; ¼ lb. 1.45, postpaid.

MONEY-SAVING CARROT OFFER

Here's an offer of three of the best carrots on the market.

1 Pkt. OXHEART—the early one.

1 Pkt. DANVERS HALF LONG—most popular.

1 Pkt. RED CORED CHANTENAY—new and better.

250X—All 3 for 34c, postpaid.

PEPPERS

HARRIS EARLY GIANT

Big and Meaty
647—(70 days.) One of the largest and earliest sweet peppers. The plants are literally covered with thick-fleshed peppers, so large it takes about 50 to fill a bushel basket! Easy to raise and delicious in chili, catsup, salads, or stuffed and baked. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

EARLY BEAUTY The Earliest

645—(64 days.) This extra early pepper has the best record of any in our gardens. Short, broad, thick-walled fruit. JUST RIGHT FOR STUFFING. They are four-lobed, about as wide as they are long. Yields an immense crop of early, sweet, smooth, thick-meated peppers. Pkt. 15c; 1/2 oz. 50c; 1 oz. 85c, postpaid.

Peppers are what help keep the Mexican people healthy. They're full of vitamins, and every gardener ought to raise his own. Like any soil except low, wet land. Give plenty of room. Handle and plant just like tomatoes. It is a real treat to watch the big, luscious looking peppers grow and develop in your own back yard. Easy to raise too!

LONG RED CAYENNE

648—(72 days.) The true Cayenne. Long, red and hot. Fruits are a full inch or more in diameter at the shoulder and 4 1/2 to 6 in. long. For canning, drying or pickling. Grows anywhere. A sure yielder. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

EARLY PIMENTO Sweetest of All

644—(65 days.) The tomato-shaped pepper. Fruits round, flat shaped. Deep red. So mild and sweet you can eat like apples. Fruits grow upright on strong 2 1/2 ft. plants. About 3 in. in diameter, thick-fleshed and beautiful. Your garden should include these sweetest of sweet peppers. Pkt. 15c; 1/2 oz. 45c; 1 oz. 75c, postpaid.

MIDGET VEGETABLES

I've tried these Midget Vegetables in my garden and got the surprise of my life. They are absolutely wonderful and so easy to raise.

Here is an assortment of special varieties for a complete garden in the smallest backyard. These are all honest-to-goodness practical vegetables; even in a large garden. Every one of them is tops in quality. Lots of fun to grow, too.

MIDGET WATERMELON

711—Finest of the ice-box style melons. From 7 to 8 inches long, just the right size for individual servings. Brilliant red, crisp, very sweet flesh. Flavor, the best in the world. Very thin rind. Packet 20c; 1 oz. 45c, postpaid.

TINY TIM TOMATO

425—Most gardeners like this as a novelty but it is practical, too. Plants grow about 15 inches tall, and are covered with three-quarter inch tomatoes. You can grow them in a porch box, if you like. Tomatoes are brilliant scarlet and good flavored. Packet 25c; 2 for 39c, postpaid.

TINY GREEN BEANS

140—Another midget from the New Hampshire Experiment Station. Seeds are small in size and white in color. Tiny pods are about a third of a normal green pod bean. The flavor is unbelievably good. Packet 35c, postpaid.

MIDGET SWEET CORN

170—The tenderest, most flavorful and the sweetest sweet corn of all. Ears about 4 inches long, golden yellow in color, stalks about 2 1/2 feet tall. Very early. Packet 25c; 2 for 45c, postpaid.

TOM THUMB LETTUCE

504—A miniature head lettuce just right for individual salads. About the size of a tennis ball. Heads are solid, crisp and tender. Quality extra fine. Can be grown indoors in window boxes, as well as outdoors. Packet 20c; 2 for 35c, postpaid.

SPECIAL MIDGET VEGETABLE OFFER

650X—Here is everything for that Midget Vegetable Garden. 1 packet each of the above 6 vegetables for only 98c, postpaid.

Gurney's SELECT GREEN BUSH BEANS Illustrated at right

New "All America" TOP CROP "Tops" In Yield and Flavor

113—(61 days.) A new heavy yielding green pod bean developed by the U. S. Dept. of Agriculture. Won gold medal at 1950 All-America trials. Pods are straight, smooth, light green and 5 to 6 in. long. Completely stringless, fiberless and very meaty. Flavor can't be beat. Triple size pkt. 20c; 1/2 lb. 50c; 1 lb. 85c; 3 lbs. 2.15, postpaid.

BOUNTIFUL Famous Canner

109—(60 days.) A very heavy yielder of excellent quality. Very popular for home and market. Stands shipping well. Pods are big, green and showy. Rich flavor makes it a favorite for canning. Reliable everywhere. One of the best year after year. Triple size pkt. 15c; 1/2 lb. 40c; 1 lb. 70c; 3 lbs. 1.65, postpaid.

WADE SUSH BEAN Gold Medal Winner

117—(54 days.) A new bean. One of the very few ever to win an All-America Gold Medal! Pods deep green, 5 1/2 to 6 in. long. Grows upright. Resistant to mosaic and powdery mildew. Tops in quality and flavor. Is ideal for canning and freezing. Triple size pkt. 20c; 1/2 lb. 50c; 1 lb. 85c; 3 lbs. 2.15, postpaid.

TENDERGREEN The Dark Green Canner

106—(55 days.) A new green podded bush bean. Enormously prolific and stringless. Beans more tender than any other variety. Pods long, round, dark green. Finest eating qualities. Plants are strong upright dwarf growth. Combining productiveness and hardiness with highest quality. Splendid for canning. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

STRINGLESS GREEN POD The Early Favorite

107—(50 days.) This extra early dwarf green pod bean is a very heavy bearer. The medium-size, meaty, green pods are absolutely stringless and of excellent flavor. Will stand more drouth than any other variety. The seed is dark brown and pods are excellent quality. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

WAX BUSH BEANS

The only difference between Wax Bush Beans and Green Bush Beans, aside from color, is that the Wax type has a more delicate, milder flavor and the pods are a little more tender than the Green type. The Wax beans yield just as heavy, are stringless and require same culture and care as the Green. If you have never grown the Wax before, try some by all means.

Earliest BRITTLE WAX

For Home or Market

110—(50 days.) Clear, waxy yellow pods, 6 to 6 1/2 inches in length are absolutely stringless, very tender and most delicious. Vigorous vines give a long bearing season. We find Brittle Wax one of the finest for home, market, freezing and canning. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

New CHEROKEE WAX

The Earliest of All (118—(50 days.) Developed by the United States Department of Agriculture. This is the earliest of all beans and one of the very best. It is straight and stringless, with bright yellow pods 6 inches long. Does well almost anywhere. Heavy bearer. Black seeded. Flesh is thick, crisp, tender, stringless and of good flavor. Triple size pkt. 17c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

PENCIL POD BLACK WAX

The Heavy Yielder (106—(55 days.) A wonderfully flavored, rich dark yellow, stringless snap bean. It is a very vigorous and hardy plant, being one of the few to survive heat and lack of moisture of extremely hot summers. The seed is black when ripe. Extremely good for home, market, canning and freezing. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

Improved GOLDEN WAX

Heavy Yielder—Good Canner (116—(52 days.) This extra early waxy bean is one of the best for the home garden. Long, straight, waxy yellow pods absolutely stringless. Heavy bearers of delicious quality beans. Excellent for canning or pickles. One of the best year after year. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

LIMA BEANS

Every one should plant a few Lima beans. Be sure not to plant until all frost danger is past and soil is warm. Plant seed 6 to 8 inches apart in rows 2 to 3 feet apart. We have the two best varieties for flavor, quality and yield. Better try a few Limas this season. Treat all Lima Beans with Arasan (see page 23).

New Improved BABY LIMA

Fine for Freezing and Canning

129—(67 days.) A real improvement over the old-fashioned Baby Limas. Beans are bright green during shelling stage. Fine for canning, good for dry beans, too. An excellent grower, stands hot dry weather. Tremendous yielder. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 85c; 3 lbs. 1.85, postpaid. Treat all Lima Beans with Arasan. See page 23.

FORDHOOK BUSH LIMA

The Early Big Bush Type

126—(75 days.) The very best large seeded variety. The pods, which are produced in large clusters, are about 5 inches long, each containing four to five large beans of exceptionally fine quality. Beans are large, thick and of delicious flavor. Grows very upright, holding beans out of the dirt. Triple size pkt. 17c; 1/2 lb. 50c; 1 lb. 85c; 3 lbs. 1.95, postpaid.

Gurney's Choice TOMATOES

ILLUSTRATED AT RIGHT (See page 21 for Tomato Plants)

Probably no other vegetable is as popular as the Tomato. We are offering only the very finest varieties of hybrids and regular types. You will find what you are looking for at a fair price.

429—Super Sioux. Our special selection of two leading varieties with the good qualities of both, plus unusually fine hybrid vigor. Fine for market or home use. Globe-shaped, medium size, early, thick solid walls, deep red color, few seeds. Try a packet. Pkt. 20c; 1/2 oz. 75c; 1 oz. 1.20, postpaid.

416—Early Giant. If you've been looking for the perfect tomato stop here. We think this will take your garden by storm. It's fairly large, with enough foliage to protect the fruit. Its real merit is an EXTRA-HEAVY YIELD and PERFECT QUALITY. Fruits are large, smooth, almost perfect globe-shaped; have solid scarlet flesh that DOESN'T CRACK. Pkt. 15c; 1/2 oz. 65c, postpaid.

407—Gurney's All State. (65 days.) Year after year we find this one of the very best. Beautiful, smooth, red tomatoes that are ideal

for slicing. Small plants loaded with fruit, make it the perfect garden type. Pkt. 15c; 1/2 oz. 65c, postpaid.

418—Ponderosa. (89 days.) The largest tomato grown. Often produces fruit weighing 2 pounds or more. The immense tomatoes are flat, nearly solid, and of a delightfully mild flavor. One of the best for slicing or canning. A heavy yielder and ripens after the early varieties. Pkt. 15c; 1/2 oz. 65c; 1 oz. 1.10, postpaid.

423—Pritchard. (76 days.) All-America winner. Fruit is heavy, solid, smooth, globe-shaped. Deep scarlet color and very mild. No finer main crop tomato. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

427—Firesteel. (68 days.) One of the finest new tomato introductions originating in the Dakotas. Is large-fruited, globe-shaped, deep crimson in color. Unaffected by heat and drouth, yields tremendously. Fine for slicing or canning. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

422—Marglobe. (80 days.) For years this old reliable, main-crop variety has led the field. Stands

weather and is a fine producer. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

403—Golden Sunray. (73 days.) A new, highly productive, golden orange tomato. Resistant to fusarium wilt. Has a mild but rich flavor. Primarily a home garden tomato but sells well at local markets and roadside stands. Makes delicious juice. Pkt. 20c; 1/2 oz. 50c; 1/2 oz. 85c, postpaid.

402—Earlbell. (62 days.) An immense yielder of beautiful crimson tomatoes. Extra fine flavor and quality. The fruits are smooth, solid and do not split easily. The vines have enough foliage to shade the fruit so it will not sunburn. A real good tomato for home or market garden. Pkt. 15c; 1/2 oz. 45c; 1 oz. 85c, postpaid.

417—Bounty. (65 days.) Early and heavy yielding. One of the finest tomatoes grown. Smooth and firm with a pleasing flavor. Outyielded six other commonly planted varieties from 10% to 90% in experiment station trials. Early ripening, self-pruning, pleasing color and top in quality. A North Dakota Station introduction. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

★ Especially recommended Main Crop ★★ Especially recommended Early

3 Finest HYBRID TOMATOES

*STOUXANN

Amazing New Hybrid

420—(58 days.) A new and better tomato developed by the South Dakota Agricultural College. A first generation cross of Super Sioux and Earlbell. Especially adapted to plains states conditions. Solid, meaty and of medium size—ideal for canning and home use. Extremely early. Pkt. (40 seeds) 35c; extra large packet (150 seeds) 1.00, postpaid.

*CARLET GLORY

If you want a really Main Crop Hybrid that will produce loads of wonderful tomatoes, you should try Scarlet Glory. One of the most prolific hybrids that grow. Fruit is large, globular, firm fleshed and a beautiful rich scarlet color. Extremely uniform in size and the quality is superb. This is the one to plant if you want plenty of fruit. Pkt. (40 seeds) 35c; extra big pkt. (150 seeds) 1.00, postpaid.

*EARLE RED

426—(62 days.) This is the drouth-resistant, early tomato than can really take the heat. Don't know of a variety as early as this that is nearly as prolific. Bright red fruit that is of uniform globe-shape and extremely smooth. Medium sized for easy canning, and the flavor is delicious. Try it! Pkt. (40 seeds) 35c; extra big pkt. (150 seeds) 1.00, postpaid.

YELLOW PEAR TOMATO

For Preserves and Sauce

419—If you want delicious preserves, plant this bright yellow, pear-shaped tomato. Yellow Pear is fully 2 weeks earlier than the common Yellow Pear and yields immense crops. The whole family will love it. A novelty but well worth planting. Pkt. 15c; 1/2 oz. 35c; 1/2 oz. 65c, postpaid.

YELLOW HUSK (Ground Cherry)

For Preserves

413—This early dwarf type is the only one suitable for the North and is an easy-to-grow variety. The fruit is about the size of a cherry, bright yellow in color, and is enclosed in a husk. Makes wonderful preserves and pies. Pkt. 15c; 1/2 oz. 35c, postpaid.

yield. Triple size pkt.
15c; ½ lb. 35c; 1 lb.
60c; 3 lbs. 1.45, ppd.

BOUNTIFUL

TENDERGREEN

STRINGLESS GREEN POD

POLE BEANS**KENTUCKY WONDER**

134—(Old Homestead)
(65 days.) This clim-
bing variety is very vig-
orous, productive, bears
its pods in large clus-
ters. Pods are green,
very long, often nine or
ten inches, nearly round,
stringless and very crisp
when young. Fleshy and
brittle with extra fine
flavor. Triple size pkt.
15c; ½ lb. 40c; 1 lb.
70c; 3 lbs. 1.75, ppd.

PURPLE POD

122—Grows like Ken-
tucky Wonder, but larg-
er and better flavored.
Meat is thick and string-
less. Pods are a beauti-
ful, reddish-purple but
turn light green when
cooked. It's a great fa-
vorite in southern Mis-
souri. Triple size pkt.
25c; ½ lb. 60c; 1 lb.
95c, ppd.

Illustrated here are 3 of the very finest and
newest hybrid tomatoes. They are the results of
years of research, time and effort on the part of
some of the most noted Hybridizers in the coun-
try. Hybrid tomatoes deserve a place in your
garden if you want the finest for yield, type and
quality. They have no equal.

LETTUCE

New SALAD BOWL

One Head Just Fills Salad Bowl

503—An All-America Medal Winner originated by the Bureau of Plant Industry. Well-named, because one head fills a salad bowl with a perfect rosette of rich green and very decorative leaves. It is a loose leaf variety, grows fast and grows large. Leaves are short, closely set, waved and notched. Holds its tenderness and fine texture over a long period.

Pkt. 20c; ½ oz. 45c; oz. 75c, ppd.

GREAT LAKES

All-America Prize Winner

500—(75 days.) Enjoy head lettuce at its best. Does well anywhere. A sure header, despite heat and sun. Gives an abundance of medium size, solid heads, with fine quality and flavor.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

CRISP AS ICE

Earliest Head Lettuce

501—(83 days.) One of the finest varieties of head lettuce grown. Extra early, but produces extra large, meaty heads, so allow plenty of room. Excellent flavor. Fine for early spring and summer

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

BLACK-SEEDED SIMPSON

Most Vigorous Grower

509—(45 days.) A favorite forcing variety. It does not head, but forms a compact mass of leaves, lighter colored than any other leaf lettuce. Stands the summer heat well, and is very large, making immense plants over a foot across.

Pkt. 12c; ½ oz. 29c; oz. 49c, postpaid.

STONEHEAD

Thick-Heavy Headed

502—(84 days.) All of us like head lettuce, and our idea of a good head lettuce is the one that has a solid head, is compact, and will stand hot, dry weather. Gurney's Stonehead Lettuce is just that, and more.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

GRAND RAPIDS Best Leaf Lettuce

510—(45 days.) Beyond question the best leaf lettuce. Its crisp, crinkly leaves are delicious and of excellent quality. Light green in color. Grows very erect, does not wilt and is disease-resistant. The easiest lettuce to grow, and the best flavored. The home garden favorite of all. Grand Rapids is the very best leaf lettuce on the market.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

PRIZEHEAD Home Gardener's Choice

511—(45 days.) Produces large, tender, loose heads of bright green, heavily curled leaves which are shaded with brownish-red. Excellent flavor and quality. Ready to eat in about 45 days. Stays tender a long time and lasts well into hot weather. Very popular for home gardens as it is easy to grow.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

CHICKEN LETTUCE Poultry Greens

508—Your poultry needs "green" food and this variety of lettuce is just the thing you should grow for this purpose. It is a genuine lettuce which will yield as much or more chicken and rabbit feed than any plant you may have used for greens.

Pkt. 12c; oz. 35c; ¼ lb. 95c, postpaid.

CABBAGE

DANISH BALLHEAD

531—(105 days.) Short Stemmed. The best late cabbage—desirable for kraut, storage or shipping. Plants large and sturdy. Solid round heads weigh from 7 to 10 pounds each. Flavor very good and leaves crisp and tender. Ideal for kraut. Pkt. 20c; ½ oz. 60c; 1 oz. 1.10, postpaid.

MARION MARKET Dependable Early

523—(75 days.) A Copenhagen strain with almost round heads. A favorite early type for home and market gardeners as it is so dependable.

Pkt. 20c; ½ oz. 60; 1 oz. 1.10, ppd.

ALL SEASONS

520—(85 days.) This fine, large Yellows-Resistant cabbage can be used early or stored for your winter supply. The solid heads weigh from 8 to 10 pounds, and make extra-fine kraut. Pkt. 20c; ½ oz. 60c; 1 oz. 1.10, ppd.

JERSEY QUEEN

525—(63 days.) Disease-resistant Wakefield. Standard early, pointed head, smooth, dark green leaves. Heads average 2½ to 3 lbs. Does well everywhere. Pkt. 20c; ½ oz. 60c; 1 oz. 1.10, ppd.

GOLDEN ACRE

524—(64 days.) Early, round-headed cabbage which closely resembles Copenhagen Market in type. Is 8 to 10 days earlier than Copenhagen Market, but smaller and can be planted closer. Because of earliness and fine quality it commands a high price. Pkt. 20c; ½ oz. 60c; 1 oz. 1.10, postpaid.

EARLY BALLHEAD

521—(68 days.) This early summer cabbage is a money-maker for the market gardener. Heads are round, very solid, and compact. Can be planted closer than most other varieties and will yield more tons per acre.

Pkt. 20c; ½ oz. 60c; 1 oz. 1.10, ppd.

GEORGE'S CABBAGE PATCH OFFER. 240X—All Yellows Resistant. 1 Pkt. each, Jersey Queen, Marion Mkt., All Season. All 3 Pkts. only 49c, ppd.

See Page 21 for CABBAGE PLANTS

There's not another vegetable where seed quality counts as much as with cabbage. All of our strains are carefully selected to assure best quality.

Start seeds 6 to 10 weeks ahead of outdoor planting time in the house, hotbed or cold frame. Space plants 18 in. apart in rows 2 to 3 ft. apart. If worms should happen to bother, use Gurney's Bug Dust.

Treat seed with Arasan before planting—see page 23.

COMBINATION CABBAGE OFFER

225X—1 Pkt. each of Danish Ballhead, Golden Acre and Premium Late Flat Dutch. All 3 packets for only 45c, postpaid.

PREMIUM LATE FLAT DUTCH

535—(105 days.) For kraut or storage, this is the largest cabbage grown. The immense solid heads often weigh more than 20 pounds, and are white, crisp and tender. Good winter keeper. Pkt. 15c; ½ oz. 40c; 1 oz. 75c, postpaid.

EARLIEST OF ALL

515—(62 days.) In our trial gardens this new extra-early cabbage has produced the largest percentage of good heads. Heads are nearly round, medium-size, and extra-solid. Home or market gardeners like it. Pkt. 15c ½ oz. 40; 1 oz. 75c, postpaid.

COPENHAGEN MARKET

519—(70 days.) This large, solid, extra-early, round-headed cabbage has taken the place of most other early varieties until now over half the early cabbage is COPENHAGEN MARKET. Fine quality, delicious flavor. Pkt. 15c; ½ oz. 40c; 1 oz. 75c, ppd.

MAMMOTH RED ROCK

533—(100 days.) This is the best and largest of the red cabbage. The heads are round and extra-solid. This beautiful deep red cabbage makes delicious slaw and pickles. You want to be sure to try it. Pkt. 20c ½ oz. 60c; 1 oz. 1.10, postpaid.

CHINESE CABBAGE

539—(70 days.) Excellent for salad purposes. Resembles both celery and Cos Lettuce, but sweeter and more tender. Delicious for greens. Plant in early July. Pkt. 12c; ½ oz. 35c; oz. 65c, postpaid.

CHIEFTAIN SAVOY

518—(88 days.) An All-America winner you should know more about. No strong cabbage taste. Flavor mild. Everybody can eat this one. This new All-America award winner deserves a place in your garden. Pkt. 20c; ½ oz. 60c; oz. 1.10, postpaid.

SPINACH

MUSTARD SPINACH

222—Tendergreen. (28 days.) A very mild mustard with a creamy spinach flavor. About the best of all greens. Something new, different and better. Pkt. 15c; oz. 25c; ¼ lb. 59c, ppd.

NEW ZEALAND

211—(55 days.) Likes hot, dry weather. Gives a continuous supply of thick, tender, dark green leaves. Not a true spinach but mighty good eating. Pkt. 15c; oz. 35c; ¼ lb. 85c, ppd.

AMERICA

210—(50 days.) All-America award winner of delicious flavor. Leaves glossy, dark green, thick and heavy crumpled. 8 in. tall. Stands a long time. Pkt. 15c; oz. 35c; ¼ lb. 95c, ppd.

KING OF DENMARK

207—(46 days.) Large compact tufts of dark green, crinkled leaves. Fine for canning. Pkt. 12c; oz. 25c; ¼ lb. 65c, postpaid.

SWISS CHARD

220—(60 days.) Want good health? Then eat plenty of Swiss Chard. It will make more and better greens than any other vegetable. An immense yielder high in nutrients and vitamins. So easy to raise that more should plant it.

Pkt. 15c; oz. 30c; ¼ lb. 85c, postpaid.

KOHL-RABI The Aristocratic Cabbage

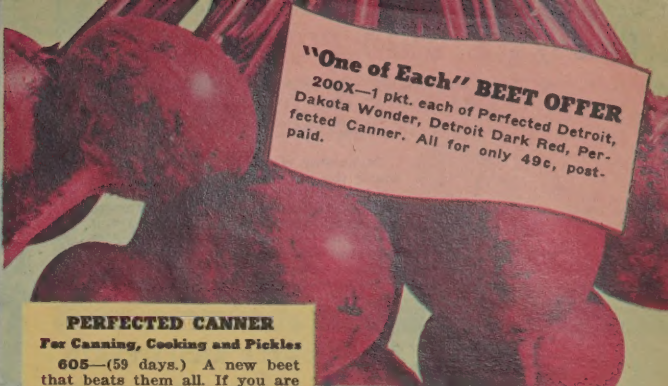

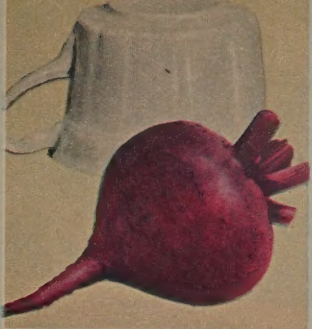

216—EARLY WHITE VIENNA. (55 days.) A member of the cabbage family with an edible turnip-like bulb which grows above the ground. Easy to raise. The sweet, fine grained, white flesh combines the flavor of both cabbage and turnip. A very good vegetable for home and market garden.

Kohl-Rabi should be used when about 2 inches through. Serve cooked like turnips, or eat raw. Be sure to plant at least one row of this fine vegetable.

Pkt. 15c; ½ oz. 35c; oz. 65c, postpaid.

KALE or BORECOLE

232—DWARF GREEN CURLED. (55 days.) Can be used for boiling greens, creamed or chopped raw like lettuce for sandwiches and salads. The finely curled leaves are tender and delicious. Rich in vitamins. Easy to raise and yields immense crops. Pkt. 15c; oz. 40c, ppd.

"One of Each" BEET OFFER
200X—1 pkt. each of Perfected Detroit, Dakota Wonder, Detroit Dark Red, Perfected Canner. All for only 49c, postpaid.

PERFECTED DETROIT "All-America" Winner

602—(58 days.) A re-selected strain of Detroit DARK RED. In our trial grounds it made the best showing of any for color, shape, uniformity. Medium in size and perfectly round. Rich, deep dark red with absolutely no white rings or streaks. No side roots. Flesh is sweet, tender and of good quality. Excellent for home garden, market, canning and freezing.

Pkt. 15c; oz. 45c; ¼ lb. 1.25, postpaid.

DAKOTA WONDER Deep Red and Early

607—(52 days.) A beautiful, smooth, globe-shaped beet with small neck and tap root. The flesh is an intense dark red and very tasty, being of good quality and sweet flavor. Very uniform in size and shape. Very early. A favorite with market gardeners, but many home gardeners prefer it too, particularly for fall planting. Good for bunching and winter use.

Pkt. 15c; oz. 45c; ¼ lb. 1.25, postpaid.

DETROIT DARK RED "World's Champion" Beet

604—(60 days.) This dark red beet is a winner for every purpose. It is early and the small tops and globe-shaped roots make it ideal for bunching. The flesh is very dark red with faint rings. Very sweet and tender. One of the best winter keepers. More Detroit DARK RED are grown than all other varieties combined and that is simply because year after year it does better in gardens anywhere than most any other variety. If you can plant but one beet, be sure it is Detroit DARK RED.

Pkt. 15c; oz. 40c; ¼ lb. 1.10, postpaid.

PERFECTED CANNER

For Canning, Cooking and Pickles

605—(59 days.) A new beet that beats them all. If you are looking for perfection, stop right here. This beet not only has the richest deep, dark red color, but doesn't lose it in cooking or pickling. It absolutely won't fade. Is small, uniform and smooth and has practically no tap roots. Besides all this, it is exceptionally sweet, tender and fine grained. Quality is unsurpassed. You can't find a better all-around beet for canning. Also good for market, shipping and freezing, for cooking or for pickling.

Pkt. 15c; 1 oz. 40c; ¼ lb. 1.10, postpaid.

Gurney's BEETS

Beets are easily grown on any soil. Plant 1 in. deep in early spring. Thin plants to 3 in. in the row. Beets for winter use should be planted about June 1st. 1 oz. seed for 50 feet, 6 lbs. per acre. Gurney beet seed comes from the leading production centers of the country. Enjoy Health—Eat More Beets

MAMMOTH LONG RED

619—(110 days.) Very long and easily harvested as half the mangel grows above ground. They yield enormously—often 40 tons per acre. Individual roots sometimes weigh 20 pounds and are over 2½ ft. long.

1 oz. 25c; ¼ lb. 75c; ½ lb. 1.35, postpaid.

Giant HALF SUGAR ROSE

616—(90 days.) This is a half sugar beet and is sweeter and more nutritious than mangels. The oval, red roots weigh about 6 pounds each, are easily harvested, and are wonderful poultry feed.

1 oz. 25c; ¼ lb. 75c; ½ lb. 1.35, postpaid.

WHITE

KLEIN WANZLEBEN

620—(90 days.) Sugar Beet. This has the highest sugar content of any sugar beet. The long roots are pure white, and under good conditions will yield over 15 tons per acre.

1 oz. 25c; ¼ lb. 75c; ½ lb. 1.35, postpaid.

HOW TO PLANT:

Handle mangels just like ordinary beets excepting you must give them more room. Space the rows 2½-3 ft. apart and then thin out the seedlings to 8 or 10 in. apart in the row. Sow the seed in April or May. Plant 1 oz. to 50 ft. of row; 6 to 8 lbs. per acre; 15 to 20 tons an acre are common yields. Be sure to harvest before freezing.

MANGELS

up to 20 Tons Green Feed per Acre

Better RADISHES from Gurney's

RADISH SPECIAL

575X—3 of the Very Finest
1 Pkt. White Icicle
1 Pkt. Cherry Belle
1 Pkt. Crimson Giant
ALL 3 only 39c ppd.
(a 47c Value)

FRENCH BREAKFAST Sweet and Tender

442—(23 days.) This fresh, crisp, oblong radish with its small tops has a brilliant scarlet color with a white bottom. The flesh is crisp, juicy, mild, sweet, and of splendid quality. Is a quick grower; especially popular for home gardeners and market. It can't be beat.

Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

SCARLET SPARKLER—2-color Radish

444—(25 days.) This radish is one of our favorites. Try it and see if it won't be yours, too. It is a deep scarlet color with a distinct white tip. It is almost completely round and does not get hollow or pithy. A wonderful radish with sweet, crispy flesh, that stays fresh and crisp a long time after it matures. Be sure to plant some of this.

Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

Control maggots and other garden soil insects, use 10% Aldrin (see page 23).

ALL AMERICAN AWARD WINNER

CHERRY BELLE

The Early Solid Radish

441—(22 days.) An All-America award winner. Round, red, smooth. Flesh white, sweet, crisp and solid. Its earliness and extreme uniformity make it a popular market variety, and the leading home garden choice, too. If only one radish could be planted, this new variety would be our choice.

Pkt. 17c; oz. 40c; ¼ lb. 95c; ½ lb. 1.45, postpaid.

SPECIAL RADISH MIXTURE

453—Now you can have radishes all season from one planting. Includes all the varieties pictured here and

many others. All colors, sizes and shapes. Pkt. 12c; oz. 30c; ¼ lb. 65c, postpaid.

WHITE ICICLE—The Gardener's Favorite

448—(28 days.) Besides being an excellent radish to eat right out of your own garden, White Icicle will make a good cash crop for you. It is an exceptional radish, even in size. Flesh is perfectly white clear to the top and is crisp, juicy, perfectly mild and of a delicious sweet flavor. Stays mild and crisp long after maturity. Ready to use in 28 days. Plant radishes every 10 days for best results.

Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, ppd.

WINTER RADISHES

Winter radishes should be planted in July or early August. Give plenty of room by thinning when plants are young to about 3 in. apart. Take up in the fall and store in your house, or cellar, same as other vegetables, and you will have crisp radishes all winter. We offer two of the best.

CRIMSON GIANT Big, but not Pithy

437—(29 days.) Crimson Giant is remarkable because it grows almost twice the size of an ordinary radish, and yet does not become hollow. Flesh is mild, firm, crisp and sweet. Remains edible for a long time and does not get pithy. This brilliant crimson radish is one of the best for the home garden.

Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

HAILSTONE Early White Globe Type

436—(25 days.) Is extremely good and should be better known. We call it Hailstone because of its appearance. Skin and flesh pure white. Remarkably

free from fiber. Crisp and solid. Many think it is superior to the early Reds in flavor and eating quality.

Pkt. 12c; oz. 30c; ¼ lb. 75c; ½ lb. 1.25, postpaid.

EARLIEST FIREBALL Real Early

440—(25 days.) Here's a radish with improved taste, crispness, and unusual sweetness. We think it is one of the very best. Has a bright scarlet color, and is very early. Pure white flesh.

You will find Earliest Fireball one of the finest varieties you have ever seen or eaten. We know you will like it.

Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

EARLY SCARLET GLOBE Tastes Good As It Looks

451—(24 days.) In offering this Scarlet Globe Radish we know we are offering one of the very best radishes on the market. It is earlier than any other market variety. The quality is so crisp and sweet that it always creates a demand for more. You will get an excellent yield of "top quality" radishes if you plant Early Scarlet Globe. It is one of our most popular varieties.

Pkt. 15c; oz. 35c; ¼ lb. 85c; ½ lb. 1.35, postpaid.

MAMMOTH WHITE

456—(60 days.) A fine late fall variety. A favorite among gardeners for fall and summer markets. Solid white flesh of a mild, sweet flavor. Grows extremely large. Good keeper as it stays edible for a long time. Considered by many gardeners as one of the very best summer radishes.

Pkt. 12c; 1 oz. 30c; ¼ lb. 65c, postpaid.

CHINESE ROSE

454—(55 days.) This is a medium long, blunt-rooted radish with pink skin and pure white, mild flesh. Excellent for bunching or storage. Is a fine winter keeper. If you have never grown Winter Radishes try this one. We know you will like the quality and it will do the job for you.

Pkt. 12c; oz. 30c; ¼ lb. 65c, postpaid.

Gurney's HYBRID POPCORN

Plant only HYBRID Popcorn. It out-yields the open pollinated kinds. It has long, strong roots and resists drouth and heat better. Vigorous growing habit and resistant to diseases. Farmer style and can be picked with a mechanical picker. Best of all—Hybrid Popcorn pops with a bigger volume, is more tender and tastes better.

SCHOOL BOY COLLECTION
Peanuts & Popcorn
Early Northern Peanuts
Hybrid White Rice Popcorn
130X—1 pkt. each. 19c, ppd.
135X—1/2 lb. each. 65c, ppd.

HYBRID JAP HULLESS

193—(95 days.) One of the very best whites. Originated by the Minnesota Experiment Station. Gives greater yields and much more popping volume. Cannot be beat for rich sweet flavor and tenderness. Seed very scarce. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.95; 10 lbs. 6.15, ppd. Write for prices on larger quantities.

WHITE RICE HYBRID

196—(105 days.) A new white rice hybrid. Yields big, pops with tremendous volume. The most tender and best tasting of all. Triple size pkt. 20c; 1/2 lb. 50c; 1 lb. 85c; 3 lbs. 2.25; 10 lbs. 6.95, ppd. Write for prices on larger quantities.

HYBRID SOUTH AMERICAN

198—(107 days.) This new Hybrid South American out-yields open pollinated strains. Fine quality and flavor. Added vigor gives this corn the most uniform ear. Has made yields of 60 bushels or better per acre. Has a tremendous popping volume. Seed stocks are limited. Triple size pkt. 15c; 1/2 lb. 45c; 1 lb. 75c; 3 lbs. 1.95; 10 lbs. 5.95, ppd. Write for prices on larger quantities.

COMBINATION POPCORN OFFER

Hybrid White Rice.
Hybrid So. American.
140X—1 pkt. each. 29c, ppd.
145X—1/2 lb. each...79c, ppd.
150X—1 lb. each...1.29, ppd.

Gurney POPPING CORN—Kinds That Really Pop

A pound of popcorn actually has more food value than a pound of field corn. Nothing like a bowl of hot corn, lots of butter and a good book.

190—Hybrid South American. Big yellow kind. 4 lbs. for 1.19, postpaid.

191—Hybrid White Hulless. Small, white rice type. This has a delicious flavor and is very tender. 3 lbs. for 1.19, postpaid.

"All Season" SWEET CORN COLLECTION
Now you can have more sweet corn, over a longer period than ever before. We've picked out 3 varieties that we believe top all others. An early, medium and a late variety. The right combination at the right price.
1/2 lb. Early Golden Beauty Hybrid, the early one.
1/2 lb. Sweet Cross, the medium-early variety.
1/2 lb. Hoosier Gold Hybrid, the late one.
No. 155X
All 3 for only **1.19** ppd.

OPEN POLLINATED SWEET CORN BARGAINS

Special Offer 180X—Triple size pkt. each all three above, 39c, ppd.

Special Offer 185X—1/2 lb. each all three above, 89c, postpaid.

Special Offer 190X—1 lb. each all three above, 1.49, postpaid.

Gurney's SWEET CORN

The Best Way to Cook Sweet Corn

Select only sound, well-matured ears, but not tough ones. The sooner you use corn after picking, the better because sugar content and flavor start to change as soon as the ear is picked. Drop ears into a kettle of boiling water to which a little salt has been added. Cook for 7 to 10 minutes. Take out and serve at once with plenty of butter and salt.

How to Freeze Sweet Corn

Use only best ears. Husk and silk. Drop ears in boiling water for 7 minutes. Take out and put in cold water. Cool as quickly as possible and drain well. Cut kernels from cob with sharp knife; don't cut too deep. Put in glass jars or regular freezer cartons, seal tightly, and freeze quickly. To prepare, add small amount of boiling water and cook as you would fresh corn. You can freeze corn on the ear, too, but cut from the cob it takes less space and, we think, tastes better.

2 FINEST HYBRIDS FOR FREEZING

Sweet Cross Hybrid—Deep golden yellow kernels. Fine flavor.

Tendermost—Our brand new yellow main crop hybrid.

205X—1/2 lb. each above, 79c, postpaid.

210X—1 lb. each above, 1.29, postpaid.

3 Best Open Pollinated Sweet Corns

<GOLDEN BANTAM Favorite of All

177—(80 days.) The standard yellow sweet corn. A heavy producer of fine roasting ears, usually 2 to the stalk. Ears 5 1/2 to 6 1/2 in. long. 8-rowed, deep kernels. Rich golden yellow. The standard by which all sweet corns are judged. Tender, sweet and deliciously flavored. If you want one of the best for your table, plant Golden Bantam. Triple size pkt. 15c; 1/2 lb. 35c; 1 lb. 65c; 3 lbs., 1.65, postpaid.

GOLDEN SUNSHINE Large-Eared Early

< 174—(76 days.) Originated by North Dakota Agricultural College for Dakota growing conditions—but always does well anywhere. The ear is 12-rowed and 7 to 8 inches long, a heavy bearer of sweet and tender ears. Fine for home or market gardener, particularly where summers are fairly cool and growing season is short. Triple size pkt. 15c; 1/2 lb. 35c; 1 lb. 65c; 3 lbs., 1.65, postpaid.

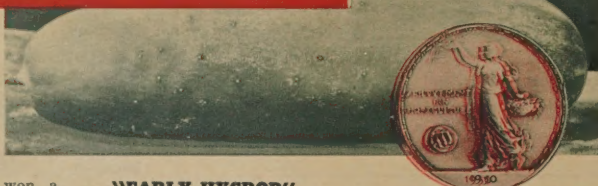

STOWELL'S EVERGREEN Sweet White

< 184—(96 days.) Immense stalks produce long 10-inch ears. A main crop sweet corn. Kernels deep, white, sweet and tender. Usually has more corn to the cob than any other variety. To lengthen your roasting ear season, plant Stowell's Evergreen. Especially good for canners and market growers, although it makes delicious roasting ears. Triple size pkt. 15c; 1/2 lb. 35c; 1 lb. 65c; 3 lbs., 1.65, postpaid.

Gurney's CUCUMBERS

"Early Surecrop" HYBRID CUCUMBER
The Outstanding All-America Medal Winner

369—(60 days.) This new hybrid won a bronze medal in the All-America trials. It is deep green, 8 in. or more in length with small cavity. Excellent quality and crisp. The best slicer we know of. Pkt. 35c; 1/2 oz. 2.95; 1 oz. 4.95, postpaid.

"EARLY HYCROP"

356—(54 days.) With this new introduction you can enjoy plenty of pickles. This true first generation Hybrid is outstanding in vigor and yield. Blocky 5 to 6 in. cukes are ideal for pickling. Heavy yielder. Pkt. 35c; 1/2 oz. 2.95; 1 oz. 4.95, postpaid.

Special Cucumber Offer

300X—Here is a special offer of three of our fine cucumbers. All three are the best of their kind.

1 pkt. Everbearing
1 pkt. Earliest of All
1 pkt. Straight Eight
All 3 only 39c, postpaid.

How to Plant Cucumbers Cucumbers will grow most anywhere, but they like reasonably rich soil. Plant plenty as you may lose some seedlings. Do not crowd them. Make hills at least 4 to 6 ft. apart, planting about a dozen seeds to the hill. An ounce of seed is enough for 100 hills. Scatter seed so hill will be at least 8 in. in diameter. Plant at corn-planting time when soil is warm. Late plantings may be made in June and early July. For good pickles we suggest Early Hycrop Hybrid; but for slicing, the new Early Surecrop Hybrid is by far the best.

Use Gurney's Bug Dust on Cucumbers

Thousands of our customers have found our special formula Bug Dust to be of great help in controlling cucumber beetles. Gurney's Bug Dust has three-way action. (1) It is a stomach poison. (2) It is a contact poison. (3) It is a fungicide. Don't wait for garden pests to take your cucumbers—

Special Bug Dust Offer

4104X—2 lbs. of Gurney's Bug Dust, plus a metal dust gun that really does a job, 1.89, postpaid.

4026—Bug Dust Prices: 1 lb. 69c; 3 lbs. 1.55; 5 lbs. 2.45, postpaid.

EARLIEST of ALL

354—(53 days.) This prolific cucumber grows about 7 in. long. It is a beautiful dark green with lighter green stripes at the blossom end. Flesh is high quality and crispy. One of the best for home gardeners. Those who want an extra-early cucumber should plant this. Seed scarce. Pkt. 15c; oz. 45c; 1/4 lb. 1.05, ppd.

EARLY FORTUNE

For Pickles and Slicing
365—(60 days.) The most vigorous grower and an old favorite. Resistant to disease. Yields tremendously. Long dark green with small seed cavity. When fully grown, cucumbers measure up to 9 inches long. Flesh is white, crisp and very tasty. Holds color well. Can be used for small pickles or large slicers, market and shipping. Pkt. 15c; oz. 45c; 1/4 lb. 95c; 1 lb. 2.65, postpaid.

EVERBEARING

Loads of Pickles All Summer
353—(60 days.) Very early. Literally covers the ground with its fruit until killed by frost. Fruit is medium size and rich, dark green in color. The fruits are short and blocky—perfect for small pickles. It pleases everyone. Pkt. 15c; oz. 45c; 1/4 lb. 95c; 1 lb. 2.65, postpaid.

STRAIGHT EIGHT

Perfect for Slicing
362—(66 days.) An All-America Prize Winner. Perfectly straight, it grows about 8 inches long and 1 1/2 inches through. Firm fleshed, nearly seedless, and dark green from end to end. Flesh is crisp, thick, tasty, and of high quality. A bushel of Straight Eight is an eye catcher. Excellent for slicing, shipping, or dills. Pkt. 15c; oz. 50c; 1/4 lb. 1.05; 1 lb. 2.95, postpaid.

BLACK DIAMOND

For Pickles and Shipping
359—(60 days.) Black Diamond is early, coming into bearing right after Everbearing and National Pickle. Is an attractive dark green from end to end. Grows about 7 or 8 in. long, is cylindrical in shape with blunt ends. It is one of the finest cucumbers for small pickles or early shipping. Pkt. 12c; oz. 40c; 1/4 lb. 90c; 1 lb. 2.45, postpaid.

MARKETER

An All-America Award Winner
366—(58 days.) Here is one of the newer slicing varieties you will want to plant. This All-America Award winner produces fruits that are eight to ten inches long and two and a half inches thick. It is long and slim with fairly rounded ends. The flesh is a solid white with white spines and a rich dark green color. For a slicing pickle with excellent flavor—try Marketer. Pkt. 15c; oz. 55c; 1/4 lb. 1.15; 1 lb. 2.95, postpaid.

NATIONAL PICKLE

For Early Uniform Pickles
352—(54 days.) Developed specifically for the National Pickle Packers Assn. Very early and productive. A beautiful dark green. The small pickles are rather short and thick, while larger sizes are smooth and cylindrical with rounded ends. Flesh thick with no hollow sides. Pkt. 15c; oz. 45c; 1/4 lb. 95c; 1 lb. 2.65, postpaid.

HYBRID SWEET CORN MIX

Roasting Ears—All Summer

172—This year enjoy sweet corn all season. Here is a special blend of GURNEY'S HYBRID Sweet Corns to give you an all season supply with just one planting. All kinds of yellow hybrids are blended together to give you roasting ears from early to late. Varieties included are of the finest kinds. Triple size pkt. 15c; ½ lb. 40c; 1 lb. 70c; 3 lbs. \$1.75, postpaid.

1 EARLY GIANT BANTAM HYBRID

2 PURGOLD HYBRID

3 SWEET CROSS HYBRID

4 TENDERMOST

5 STOWELL'S EVERGREEN HYBRID

You Get More and Better Sweet Corn from these Gurney Hybrid Varieties

1 EARLY GIANT BANTAM HYBRID

Earliest of All

178—(65 days.) The sweetest, finest, earliest home garden corn. Ears are 6 to 7 inches long, rich yellow and filled with sweet kernels. A fine early market garden corn, for roasting ears, canning and freezing. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

2 PURGOLD HYBRID

Great for Canning

171—(85 days.) This is a wonderful new Hybrid Sweet Corn. Large, deep-kernelled ears with a tasty, sweet flavor. Outyielded all other corns in our trials at Yankton. Only 5 days later than Golden Bantam. Exceptionally good for canning, freezing and roasting ears. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

3 SWEET CROSS HYBRID

Big Yield—Fine Flavor

175—(75 days.) This corn means dollars to the market gardener and lots of roasting ears to the home gardener. Flavor, and quality are hard to beat. Excellent yielder and bears over a long period. The large, golden yellow ears are long, sweet and tender. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.85, postpaid.

4 TENDERMOST

One of the Very Finest

180—(81 days.) A new main crop corn we think is about the best of all. Finest in quality. Has a distinct nut-like flavor. Grand for freezing, canning or roasting ears. A vigorous grower, capable of standing hot, dry summers. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

5 STOWELL'S EVERGREEN HYBRID

Big White One

185—(97 days.) A big white ear, medium long. 14 to 18 rows; deep, narrow kernels, very tender and very sweet. Outyields ordinary Stowell's Evergreen. In fact, is about the heaviest yielder of all corns. Quality and flavor very good. Kernels plump and sweet. Fine for home use and market gardeners, also for canning and freezing. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

6 HOOSIER GOLD

Excellent Quality

181—(80 days.) New, delicious, most popular variety in our test gardens last season. Has excellent quality, big 8

to 9 inch ears, and bright, golden-yellow kernels. Very fine flavor. Stalks bear 2 ears each. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

7 IOCHIEF HYBRID

A Gold Medal Winner

176—(89 days.) One of the most outstanding sweet corn introductions in years! A Gold Medal Winner. Ears 16- to 20-rowed. 8½ to 9 in. long. Kernels deep, narrow, golden colored, sweet, juicy, delicious. Stalks to 7½ ft. tall. Ideal for roasting ears and freezing. Try IOCHIEF. Triple size pkt. 20c; ½ lb. 45c; 1 lb. 75c; 3 lbs. 1.95, postpaid.

8 EARLY GOLDEN BEAUTY HYBRID

An "All America" Selection

187—(65 days.) The early, big cylindrical ears with big golden-yellow kernels will literally melt in your mouth. Its delightful flavor makes it a favorite home garden variety and excellent for the market too. Enjoy sweet corn at its best with this fine "All America" selection. Triple size pkt. 25c; ½ lb. 49c; 1 lb. 89c; 3 lbs. 2.49, postpaid.

3 BARGAINS IN HYBRID SWEET CORN

Try this offer if you want 3 of the best hybrids on the market today.

No. 1 Special Offer 160X—A triple size pkt. of each:

Giant Bantam Hybrid—Early.

Purgold Hybrid—For canning.

Iochief Hybrid—Late.

All for only 49c, ppd.

No. 2 Special Offer 165X—½ lb. each of the above only 1.19, ppd.

No. 3 Special Offer 170X—1 lb. each of above only 1.79, postpaid.

SQUASH

Delicious baked, in pies, and boiled. And there is always a profitable market for good squash. Use 2 or 3 lbs. of seed per acre.

WARTED HUBBARD

Winter Keeper

745—(110 days.) More Hubbard Squash are raised than any other kind. They are large, oval-shaped, with a very hard, warty rind which makes them best as winter keepers. The thick

yellow flesh is always sweet and dry when cooked. There is always a market for them. Pkt. 12c; oz. 35c; ¼ lb. 85c; 1 lb. \$2.35, postpaid.

TABLE QUEEN

Yields Big—Keeps Well

752—(80 days.) This the perfect individual squash. Delicious, firm flesh, very sweet, of excellent quality. Fine for halving and baking. Cooks dry and mealy. A good keeper. Pkt. 12c; oz. 35c; ¼ lb. 85c; 1 lb. 2.35, postpaid.

BUTTERCUP, Thick Flesh

742—(100 days.) George says this is the finest of all squash. Extra fine flavor, thick, deep orange meat, and family size. Fine for freezing. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.65, postpaid.

SMALL SUGAR For Finest Pies

766—(118 days.) Smaller than Connecticut Field, but of finer grain, sweeter and very prolific. Pumpkins about 7 in. in diameter. Color is bright orange. Small Sugar is one of the best for pumpkin pies as the orange flesh is meaty and delicious. The old original New England pie pumpkin. No better all-around variety. Pkt. 12c; oz. 30c; ¼ lb. 75c; 1 lb. 1.85, postpaid.

GIANT PACKET MIXED PUMPKINS

768—Everything from pies to Jack-O-Lanterns and stock feed in this packet. Gives you an assortment with one planting. Pkt. 12c; oz. 25c; ¼ lb. 65c, ppd.

PUMPKINS

Pumpkins are easily grown. Are delicious for pies and profitable for stock feeding. Sow in May in good warm soil. 1 ounce for 25 hills; 4 lbs. per acre.

DICKINSON

The New Pie Pumpkin

762—Rich, golden colored flesh. So good additional sugar, starch, or coloring is unnecessary. The brilliantly colored flesh makes attractive pies. Pkt. 12c; oz. 30c; ¼ lb. 65c; 1 lb. 1.65, postpaid.

CONNECTICUT FIELD

For Pies or Stock

764—(120 days.) A good keeper and an immense yielder of fine stock food; pumpkins often weigh 100 lbs. each. Makes fine pies, too. Pkt. 12c; oz. 30c; ¼ lb. 65c; 1 lb. 1.65, ppd.

MAMMOTH KING

The Biggest of All

769—(120 days.) 100 lb. pumpkins not unusual. An enormous yielder. Flesh thick, bright orange, of fine quality. Pkt. 12c; oz. 30c; ¼ lb. 65c; 1 lb. 1.65, postpaid.

1 EARLY PROLIFIC STRAIGHTNECK

3 DELICATA

5 CASERTA

2 GOLDEN DELICIOUS

4 BUSH SCALLOP

6 BANANA SQUASH

1 Early Prolific Straightneck

Best Summer Squash

744—(40 days.) Very productive. Bears throughout the season. Bush type vines. Fruits clear yellow, smooth and straight. Best eating of all summer squashes. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.65, postpaid.

2 GOLDEN DELICIOUS

Delicious Deep Golden

738—(110 days.) This cross retains all the flavor of Delicious with the golden color of Boston Marrow. The golden flesh is thick, sweet, and not watery. A good yielder and keeper. Pkt. 12c; oz. 35c; ¼ lb. 85c; 1 lb. 2.35, postpaid.

3 DELICATA, Unusually Good

741—(110 days.) A small squash of unusual quality. Has smooth skin, a light golden color, striped green. Flesh is thick, sweet, and of fine texture. Extremely productive and you'll agree it's one of the finest you ever tried. Seed supply is very limited. Pkt. 20c, postpaid.

4 BUSH SCALLOP Early White

747—(40 days.) Medium white summer squash. Fruit 3 in. deep, 8 in. across, round with scalloped edges. Flesh pure white, fine flavor. For boiling or stewing. Pkt. 12c; oz. 35c; ¼ lb. 85c; 1 lb. 2.35, postpaid.

5 CASERTA

"The All America"

740—(40 days.) Fruits 15 to 18 inches long and 4 to 5 inches in diameter. Fine yielder. Flesh is firm, thick and delicious. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.65, postpaid.

6 BANANA SQUASH

Heavy Yielding

736—(115 days.) The heaviest yielding of all squashes. The big vines produce 8 to 10 squash that grow 2 ft. long, and weigh 20 lbs. each. Shell grayish green, and flesh beautiful orange-yellow. One of the best. Pkt. 12c; oz. 35c; ¼ lb. 85c; 1 lb. 2.35, ppd.

HALLOWEEN

Grow Your Own Jack-O-Lanterns

763—(110 days.) This new variety has especially deep, fine-grained flesh so sweet and such a rich orange-yellow color. Average about 8 in. across; so ideal for Jack-O-Lanterns. Fine for cooking and pies, too. Pkt. 20c; oz. 45c; ¼ lb. 1.35, postpaid.

ALL-AMERICAN PARSNIP

Best Variety of All

271—(105 days.) The best and most popular variety of all. Vigorous grower, very dependable, superb sugary flavor. Roots about 3 inches in diameter and shoulders taper to a smooth point. Hollow crown, white flesh. Exceptional quality. Tender and delicious in the fall after a frost. Sow seed in early spring in rows 2 to 3 ft. apart and cover with ½ in. of fine soil. Thin seedlings to about 4 to 6 in. apart. May be stored for winter use or some left in ground all winter to be used in early spring. Pkt. 15c; oz. 35c; ¼ lb. 95c, postpaid.

ASPARAGUS

200 — MARY WASHINGTON. Everyone likes Asparagus. It is easy to raise and will last a lifetime. Mary Washington is the largest of all and is rust-resistant. Is tender, rich flavored, and is not stringy. Don't let another year pass without an Asparagus bed. Pkt. 15c; oz. 35c; ¼ lb. 95c, postpaid.

RHUBARB

237 — Victoria. Large, thick, juicy stalks with a sweet, rich flavor. Especially good for pies and sauces. Easily grown and produces abundantly. Will grow any old place and will thrive there for years. A pkt. of seed sows about 10 ft. of row. Pkt. 15c; oz. 35c; ¼ lb. 95c, postpaid.

SALSIFY

205 — Improved Mammoth Sandwich Island. (120 days.) Like oyster stew? Plant salsify and have delicious vegetable oyster stew all winter. Delicious baked or creamed. Has long, slender roots. Flesh white, tender and sweet. Sow early, cultivate, harvest and store like parsnips. Pkt. 15c; oz. 55c; ¼ lb. 1.65, postpaid.

Earliest Market CAULIFLOWER

223—(60 days.) The finest early market and home use variety. Very productive. Sure to head. Has beautiful snowy white, uniform heads. Dwarf, compact grower. Short-leaved type. For main crop (fall) sow seed thinly in specially prepared seed bed about 4 months before first anticipated frost. Thin out seedlings in bed. Set out plants about 2 ft. apart in rows 2½ to 3 ft. apart.

Let grow until heads fully formed. Fine for freezing. Pkt. 20c; ¼ oz. 90c; ½ oz. 1.65, postpaid.

CELERY

662—GOLDEN PLUME. (118 days.) We recommend this new self-blanching variety to both home and market growers. Very early, a beautiful golden yellow and always crisp, tender, and stringless. Flavor distinctly nut-like and rich. It's easy to grow and so much better than "store-bought" celery. Pkt. 15c; ½ oz. 45c, postpaid.

361—GIANT PAS-CAL. (140 days.) The largest celery grown. Stalks are very tall and heavy, and when blanched are yellowish white. Flavor is nutty and rich. The heaviest yielder. Best winter keeper. Pkt. 15c; ½ oz. 45c, ppd.

208—CELERIAC. LARGE SMOOTH PRAGUE. (120 days.) A variety of celery having turnip-shaped roots used for seasoning soups, meats, and in salads. This variety is the best, largest, and very easy to raise. Pkt. 15c; ½ oz. 35c, postpaid.

PARSLEY CHAMPION MOSS CURLED

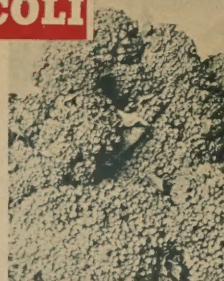

217—(70 days.) A beautiful curled variety, fine for garnishing and for seasoning soups and salads. Easy to grow in the garden or in pots during winter. Mostly used green, but leaves may be dried and kept in bottles for winter use. Pkt. 15c; ½ oz. 25c; oz. 45c, postpaid.

TURNIPO-ROOTED PARSLEY

221—(90 days.) Has the same flavor as regular parsley, but has small turnip-shaped roots that are used for flavoring soups, stews, etc. Leaves are plain and can be used like ordinary parsley. Pkt. 15c; ½ oz. 25c; oz. 45c, postpaid.

Italian Green Broccoli

209—(70 days.) Just as easy to raise as cabbage, and as good as cauliflower. No solid heads but an abundance of light green, tender sprouts which are delicious creamed or used for greens. Use central head first. Side shoots will follow. Sow early for summer crop and midsummer for a fall crop. Especially good strain for freezing. Pkt. 15c; ½ oz. 35c; oz. 65c, ppd.

EARLY NORTHERN PEANUTS

219—We have been growing peanuts in South Dakota for a long time and the variety we are offering is early enough to get ripe in a normal season. Nuts are small and of fine flavor. Pods usually contain two kernels, with many pods on the vines.

This Early Northern variety will stand lots of dry weather and still yield an immense crop of delicious nuts. Plan on planting some peanuts for the children.

With each order for peanuts, we give full instructions for planting and care. This assures you of good results.

Peanuts are easy to grow, easy to roast, and easy to eat. If you don't think so, take a pan of home-grown peanuts, put them in the oven for about 30 minutes and eat while they are still hot. Good! Of course they are, and that is a wonderful way to pass some of the long winter evenings.

Triple Size. Pkt. 15c; ½ lb. 45c; 1 lb. 65c; 3 lbs. 1.65, postpaid.

CITRON MELON

For Pickles

721—(90 days.) Used exclusively for preserving or pickling. The rind is dark green, distinctly striped with light green. You may plant beside regular melons, as will not harm them. Pkt. 15c; oz. 35c, postpaid.

GARDEN LEMON

For Preserves, Pies, and Pickles

344—(90 days.) Vine similar to muskmelon; requires same cultivation. Fruit size of a large peach. For pickles, pies and preserves. Pkt. 15c; ½ oz. 35c, postpaid.

CHIVES

311—Schnittlauch. (80 days.) This perennial plant of the onion family is used for seasoning soups, salads, and stews. It is easy to get started and once established will grow for many years. Pkt. 15c; ¼ oz. 35c, ppd.

LEEK September Giant

231—(130 days.) This new white is the largest and best of the Leek family. Stalks are often 12 in. long and 2 in. in diameter. Soups and salads flavored with Leek are delicious. Pkt. 15c; ½ oz. 35c, postpaid.

CURLED GARDEN CRESS

243—(40 days.) For flavoring salads, garnishing, or with lettuce in salads. An agreeable, peppery taste. Foliage deep green, finely curled. Best used when young. Grows easily and quickly. Pkt. 15c; ½ oz. 29c; oz. 49c, ppd.

RUSSIAN SUNFLOWER

239—(80 days.) Produces immense heads, as much as 20 inches in diameter, and yields of 50 bushels per acre are not uncommon. The seed can be eaten by humans (parching necessary) or used for chicken feed. The stalks make silage said to be more nutritious than corn. Quite pretty, too. Pkt. 15c; oz. 30c; ¼ lb. 50c; 1 lb. 95c, postpaid.

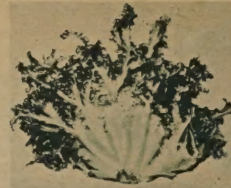

SUNFLOWER SEED FOR BIRDS

240—All birds love Sunflower Seed and with it you can help sustain them when the ground is covered with snow and ice. 4 lbs. 1.59, postpaid.

OKRA or GUMBO

236—Extra Early Dwarf Green. (55 days.) Delicious for stews, flavoring soups, and for salads. Easy to raise and yields immense crops. Plants grow 3 to 4 ft. tall and are very productive. Pods pointed, dark green, slender and slightly ribbed. Use when from 1 to 2 inches long. Pkt. 15c; oz. 35c, postpaid.

ENDIVE—For Greens or Salad

234—(90 days.) Easy to raise and good to eat as greens or in salads. Makes large plant up to 16 in. across. When fully grown, tie over the outer leaves to blanch, making beautiful creamy white heads. Eat like lettuce or cook like spinach. Pkt. 15c; oz. 35c, postpaid.

TOBACCO

235—Excellent strain for northern states. Does beautifully in Wisconsin and Minnesota. Fine crop in middle states, too. Grow your own tobacco, on your farm. Full instructions. Pkt. 15c; ¼ oz. 30c; ½ oz. 50c, ppd.

Gurney's

How to Plant Muskmelons:

Muskmelons like a warm season and warm, rich, sandy soil. Plant in hills, 6 or 8 ft. apart, using about a dozen seeds to the hill. Plant about corn planting time. Keep weed-free and watch for bugs. An ounce of seed is enough for about 100 hills. For home use don't pick until the stems let go easily when you turn the melon over. We are proud of our Muskmelons. All the seed comes from fields grown for seed purposes only; that means you get the best!

HEARTS of GOLD

Deep, Golden & Sweet

345—(92 days.) Mighty tasty, clear to the rind. Medium-early, very productive, and one of the best shipping melons. The flesh is sweet, thick, firm and solid. Heavily ribbed.

Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

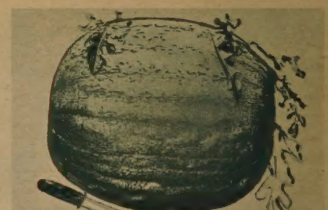

STANDARD ROCKY FORD

Early Green-Fleshed Melon

334—(88 days.) So sweet and luscious its green flesh can be eaten close to the rind. Fruits are oval-shaped, firm and solid. Weigh 1½ to 2 lbs., slightly ribbed. We offer a selected early strain. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

Choice, Juicy

Who doesn't enjoy a fresh, sweet, ripe watermelon? And they always taste better if they are from your own patch. Even back-yard and city gardeners can have a few hills of melons. Anyone can raise them. Melons like warm rich sandy soil. Large ones should be planted (six or eight seeds to the hill) 10 ft. apart each way. Midget and Sugar Lump types, 6 ft. apart. Do not plant until frost danger is past. Dust with Gurney's Bug Dust to control beetles. One ounce seed will plant 50 hills; three pounds to the acre. Our favorites are Midget, Dixie Queen Hybrid and Sugar Lumps, but we like them all.

BLACK DIAMOND

Most Popular

715—(90 days.) Black Diamond is the favorite for home and market use. Large, round, dark green and the 35 to 40 lb. melons are sure to please you. Flesh is bright red, crisp, sweet and of excellent flavor. Dark seeds. This is one variety you will want in your garden this year. YOU CAN'T BEAT IT. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

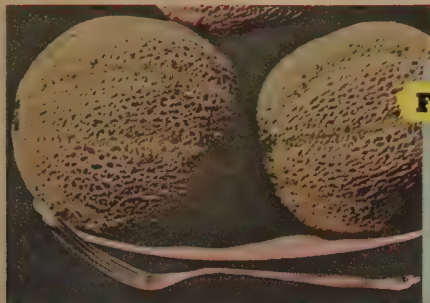

For best results, treat your garden seed with Arasan, No. 4066—Garden Size. Pkg. 50c, postpaid.

Bargain in MIXED WATERMELONS

All Kinds and Colors
710—A fine mixture for boys and girls, though we sell thousands to folks who haven't been youngsters for a long time. It's a mixture of many of our finest kinds, so you have all sorts at all times. Pkt. 12c; oz. 30c; ¼ lb. 65c, postpaid.

MUSKMELONS

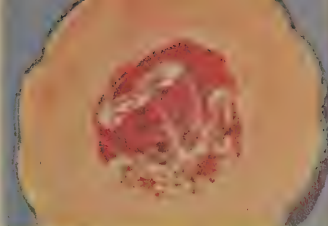

MIXED MUSKMELONS

331—Give the children a chance to enjoy their own melon patch. Get every variety we list and many others too. Pkt. 12c; oz. 30c; ¼ lb. 75c; 1 lb. 1.98, postpaid.

FAR NORTH Earliest of All

339—(65 days.) A home garden favorite. Grows anywhere but especially fine for northern gardens. Improved by the Dominion Experiment Station at Morden. Four to five inch fruits on small vines. Salmon-colored flesh of excellent quality. Very sweet and juicy. A heavy bearer. Pkt. 20c; oz. 65c; ¼ lb. 1.65, postpaid.

MILWAUKEE MARKET

337—(78 days.) This is the biggest, best flavored early muskmelon for home use or home market. Often weighs over 10 lbs., and the sweet, spicy, golden flesh is sometimes 3 in. thick! Will stand more heat, drought and lack of care than any other melon and still produce a good crop. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

DAKOTA HONEY

330—(88 days.) One of the finest, sweetest and best flavored of all Muskmelons. It is almost honey-sweet with enough spicy tang to make it just a little better than most any other Muskmelon you have ever tasted. A good, vigorous, hardy grower, too. Flesh deep, rich orange, thick and firm. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

HONEY ROCK

Sweet As Sugar

336—(80 days.) This variety has long been a favorite of market and home gardeners. Has about the deepest, sweetest, firmest flesh you have ever tried and a beautiful golden-salmon color, too. This one is a dandy in any garden. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.95, postpaid.

HALE'S BEST

Best All-Around Melon

332—(83 days.) Here is about the best all-around melon—one that is a money maker. Just the right size to serve halved. Of wonderful quality, the salmon-colored flesh is very thick, and seed cavity is small. Hale's Best is very early, heavily netted, and a good shipper. You'll like it. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

GOLDEN CHAMPLAIN

Early and Sweet

341—(76 days.) Still one of the very earliest and one of the very best. It blossoms and sets fruit as soon as it starts to run. Has medium thick salmon flesh that is sweet and juicy. An especially good melon for home and local market. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

GOLDEN DELIGHT

For Home Garden or Market

338—(88 days.) You will be delighted to serve this new All-America award winner. Medium sized fruits, rather oval shaped, with extra-good quality thick orange flesh and fine spicy flavor. The wide shallow ribs and open netting make it attractive. A most delicious variety. Pkt. 15c; oz. 45c; ¼ lb. 1.10; 1 lb. 2.95, postpaid.

GOLDEN ICE CREAM

Eat it with Ice Cream

335—(90 days.) Here is the melon for sundaes. An ordinary dipper of ice cream just fills this melon because cavity is small. 5- to 6-in. almost round melons. Will outsell any melon because of fine appearance, thick yellow flesh and delicious flavor. Pkt. 15c; oz. 35c; ¼ lb. 95c; 1 lb. 2.65, postpaid.

WATERMELONS

Gurney's SUGAR LUMP—Separate Colors

Your choice of red, yellow or white flesh and all of the three are the sweetest and earliest melons we know of. Best of all, the size is just right to fit into the refrigerator shelf. Perfect for individual servings. Sugar Lump melons probably have the thinnest rind of any on the market and the rich, crisp flesh is of exceptionally fine flavor. It's a favorite of everyone that has ever raised watermelons. Matures in 70 days.

726—Red Sugar Lump. The favorite of most folks.
727—White Sugar Lump. A treat you will enjoy. Try them.
728—Yellow Sugar Lump. This has a flavor all its own.
Your choice of above: Pkt. 20c; oz. 50c; ¼ lb. 1.10, pdd.
700X—1 packet each of all 3 above only 48c, postpaid.

729—MIXED SUGAR LUMPS. Grand mixture of all 3 colors. Pkt. 20c; oz. 45c; ¼ lb. 95c, pdd.

Earliest and Sweetest

One of the Earliest

714—(70 days.) Melons weigh from 12 to 15 pounds and flesh is scarlet, very sweet and fine grained. Is a very heavy bearer, often producing 10 to 12 melons to a hill. Our really northern customers should probably plant this one as you will always get under the wire with this fine melon. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

EARLY KANSAS

The Red Seeded Hutchinson

716—(80 days.) This is one of the most widely planted of all watermelons. Is large, nearly round and has a beautiful dark green rind with lighter stripes. The melons weigh from 30 to 40 pounds apiece. Has rich red flesh of excellent flavor. Fine for home or market gardens and for shipping. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

Hybrid Dixie Queen

The Best of All Melons

723—(90 days.) This is one we're really proud of, as it's our own origination. Melons weighing from 35 to 50 lbs. Hybrid Dixie Queen can take dry weather and still stay in eating condition better than the ordinary Dixie Queen. Its hybrid vigor gives it disease resistance. Flesh is deep red, fine grained and free from stringiness; sugar-sweet and crisp, too. Ready for eating around the middle of August. Don't miss this one. Pkt. 35c; ¼ oz. 85c, postpaid.

NEW MIDGET MELON

Easy to Serve—Sweet as Sugar—Refrigerator Size

713—(65 days.) Try this improved icebox size watermelon. Perfect for the refrigerator and its small size makes it just wonderful for individual servings. Imagine a melon only seven to eight inches long. Has a very sweet, rich flavor and crisp, red flesh. Very thin rind. This fine new melon deserves a place in your home garden and you'll be glad you gave it a try. Pkt. 20c; oz. 45c; ¼ lb. 1.25; 1 lb. 3.25, postpaid.

CONGO

Sugar-Sweet Flesh

704—(88 days.) This variety won the All-America Bronze Medal and is a U.S.D.A. development that is rapidly gaining popularity. It seems like our customers who plant Congo always reorder the following spring. You'll have loads of 35 to 40 lb. melons with deep red, sugar-sweet flesh. Ideal for market or home garden use. One of the finest all-around melons we are offering and you should certainly give it a try. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

DIXIE QUEEN

Always Dependable

722—(80 days.) You'll get lots of 30 pound melons from Dixie Queen. The outside is a light green color with narrow dark green stripes which makes it especially attractive. Its dark pink flesh which is very firm and of nice texture almost melts in your mouth. Dixie Queen is a very heavy producer and is always a dependable variety for home and market growers. Be sure you include a packet or two on your order this spring if you want a truly fine watermelon. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

Golden Honey Sweet

The Big Golden Beauty

718—(88 days.) This one has better quality than most of the red watermelons on the market today. Its sparkling golden flesh and brown seeds give it an extra appeal to those that like an extra fine melon. A real favorite of home gardeners and one of the sweetest and tastiest you've ever eaten. If you've never tried a yellow or golden-fleshed watermelon, you can't go wrong with Golden Honey Sweet. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

Kleckley's Sweet No. 6

The Wilt-Resistant Melon

724—(85 days.) Everyone can enjoy the delicious flavor and richness of this fine red-fleshed melon. They're big too, in fact they'll weigh from 30 to 35 pounds apiece. It's a solid, dark green melon that is "tops" for home and market use. If you have had a problem with wilt, be sure and try Kleckley's Sweet No. 6. It's a good melon that you can bank on to give results year after year. Pkt. 15c; oz. 40c; ¼ lb. 90c; 1 lb. 2.25, postpaid.

Winter Watermelon

Keeps All Winter

717—(85 days.) In late fall when other melons are gone, go to the barn or strawstack where they are stored, get a big, round Winter Watermelon, so crisp that sometimes it will split wide open when you stick a knife into it. Flesh bright scarlet and of exceptionally fine quality. Sweet and delicious. Winter Watermelons are nearly white and will generally weight from 15 to 20 pounds apiece. You will have melons for a long time with this variety. Pkt. 15c; oz. 35c; ¼ lb. 75c; 1 lb. 1.95, postpaid.

EARLY CANADA

For Northern Areas

701—(75 days.) This new Canadian melon is earlier than our American melons. Firm, red, sweet flesh of good quality. Recommended for planting as far north as melons have ever been grown. The melons weigh 10 to 15 pounds apiece and have a beautiful light green skin. Beyond a doubt, one of the best melons for you folks living way up in the northern melon area and you southern growers will be eating melons earlier with this variety. Pkt. 15c; oz. 30c; ¼ lb. 65c; 1 lb. 1.95, postpaid.

ONIONS

WHITE BUNCHING ONIONS

314—Absolutely the best for early onions. Does not form bulbs. Long, slender, silver-white stalks. Produces clusters of four or five. Mild and sweet. Extremely hardy and will winter over without protection. Seed planted in spring makes onions in early spring. A hardy perennial. Pkt. 15c; ½ oz. 45c, postpaid.

WHITE SWEET SPANISH

313—(110 days.) A fine, large, sweet white onion. Stores well over a long period of time. Very fine grained, of excellent quality and has mild, sweet flavor. Yields as well as the Yell. Swt. Spanish and keeps better than Bermuda. Does well in northern sections with onions weighing over a pound each. Pkt. 15c; oz. 85c; ¼ lb. 2.25, postpaid.

YELLOW SWEET SPANISH

303—Utah strain. (110 days.) Largest and mildest of all. Fine for the north. Bulbs are globe-shaped, small necks, firm, golden-yellow skin. Mild, pleasing flavor. Yields of 1000 bu. per acre are common. Pkt. 15c; oz. 85c; ¼ lb. 1.95; 1 lb. 5.95, postpaid.

Southport YELLOW GLOBE

302—(110 days.) Probably best keeper of all yellow onions. A big yielder, too. Onions remarkably uniform and mature at same time. Bright golden yellow in color. Flesh creamy white and fine grained. Deep globular shape with thin neck and full shoulder. A good keeper. For home or market garden. Pkt. 15c; oz. 85c; ¼ lb. 1.85; 1 lb. 4.65, postpaid.

Southport WHITE GLOBE

307—(110 days.) Here is the best white onion you can cultivate. Also one of the most beautiful. Large and perfectly round. Flesh pure white, mild flavored, sweet and juicy. Paper-white skin. A main crop variety. Good keeper. Excellent quality. Pkt. 15c; oz. 75c; ¼ lb. 1.95; 1 lb. 5.65, postpaid.

Dakota RED GLOBE

309—(110 days.) This Red Globe has been raised in South Dakota for many years. Glossy deep red, large and round. Flesh mild, pleasant and fine grained. Wonderful keeping qualities. Yields heavy. 10 days to 2 weeks earlier than regular Southport Red Globe. Pkt. 15c; oz. 65c; ¼ lb. 1.85; 1 lb. 4.65, postpaid.

It's Easy to Raise ONIONS FROM SEED

Grow onions from seed, sets or plants—all 3 are listed. The seed is western-grown. Our sets are from the finest seed stock and the plants are grown by one of the best growers in Texas.

Onions From Seed: Prepare the soil in Fall or early Spring and sow EARLY in Spring. Cover not over ¼ in. deep. Make rows 16 to 18 in. apart, depending on the method of cultivation. One ounce of seed will sow 100 ft. of row. Onions like rich soil, plenty of cultivation. Harvest when tops fall over. Store in shallow, well ventilated crates or hang up by tops.

George's SPECIAL ONION OFFER

375X—1 bunch Yellow Sweet Spanish plants, 1 bunch White Bermuda plants, 1 lb. Yellow Bottom onion sets. Regular 1.60 value for only 1.29, postpaid.

ONION PLANTS

See also onion and cabbage plant collection on page 21

2G10—Sweet Spanish. Large, yellow, mild, and sweet.

2G11—White Bermuda. (Crystal Wax.) Pure white. Extremely mild and sweet. None better for table use.

2 bunches1.15 10 bunches3.65
3 bunches1.59 20 bunches5.85
5 bunches2.15 30 bunches7.85

Price, Postpaid.

Note: Approximately 100 onion plants per bunch. Actual count varies with size of plants.

How to Plant ONION SETS

Onion sets should be planted real early in the spring. Plant them deeply if you want best green onions. The onion bulbs naturally grow on the top of the soil so don't throw too much soil against them when cultivating. One quart will set 50 feet of row. Harvest when half the tops have fallen.

ONION SETS

Many gardeners plant sets for early green onions. By growing large onions from sets instead of from seed, you can market them much earlier while the price is high. Our sets are small-sized as they are the favorite and will go farther than large ones.

POSTPAID PRICES:

317—Yellow Bottom Sets: 1 lb. (approximately 1 quart) 45c; 4 lbs. 1.39; 8 lbs. 2.49, postpaid.

No red or white sets this year. Order yellow ones—they are the best anyway. Write for prices on larger quantities.

Let an Old-Fashioned HERB GARDEN Add Zest and Flavor to Your Cooking!

Grandmother just couldn't get along without herbs in the pantry for cooking and medicinal purposes. We can't rightly say whether they will make anyone well but we do know you can't beat home-grown herbs for adding honest-to-goodness flavor to cooking. These varieties anyone can grow.

SAGE—246. (75 days.) The leaves and tender tops are used in stuffing and sauces. Pkt. 15c; 2 for 25c, postpaid.

SWEET MARJORAM—251. (70 days.) For seasoning soups, stews, sausage, etc. An Annual. Pkt. 20c; 2 for 35c, postpaid.

THYME—252. (85 days.) A perennial 6 to 12 inches. Aromatic foliage. Good for seasoning. Pkt. 20c; 2 for 35c, postpaid.

BORAGE—224. (80 days.) Annual 1½ ft. Young leaves used for salad, in lemonade and other cooling drinks. Pkt. 20c; 2 for 35c, postpaid.

DILL—245. (70 days.) The leaves are used in soups, and in pickles. Pkt. 15c; oz. 35c, postpaid.

CARAWAY—241. (70 days.) Grown for the seed used in confections and medicine. Pkt. 20c; 2 for 35c, postpaid.

SWEET BASIL—250. (85 days.) Annual 1½ to 2 ft. Seasoning for soups, stews, omelets, salads, etc. Pkt. 15c; 2 for 25c, postpaid.

ROSEMARY—249. Leaves for seasoning, also used for medicine. Pkt. 15c; 2 for 25c, postpaid.

LAVENDER—238. (60 days.) Sweet scented. Place dried flowers in linen for fragrance. Pkt. 20c; 2 for 35c, postpaid.

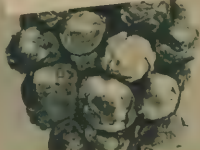

GARLIC BULBS

229—Garlic is always rather high in price and often you are unable to buy it when needed. Why not raise your own and supply your neighbors? Easy to grow. Merely divide sets we send, cultivate, dig and store like onions. 2 bulbs, 25c; ¼ lb. 40c; ½ lb. 65c; 1 lb. 95c, postpaid.

Brussels Sprouts

225—Matures in 90 days. Looks like dozens of little cabbage heads alongside the stem. Wonderful eating. Pkt. 15c; ½ oz. 45c, ppd.

SPECIALTY ITEMS:

226—COLLARDS. (80 days.) Cabbage leaves without heads. Pkt. 15c; oz. 45c, postpaid.

227—NEW GUINEA BEAN: When beans are 15 to 18 in. long, prepare like egg plant. Pkt. 15c; oz. 35c, postpaid.

228—CHICORY: (110 days.) Substitute for coffee. Pkt. 15c, postpaid.

233—GARDEN HUCKLEBERRY: For pies, preserves, jams. Pkt. 20c, postpaid.

242—MUSHROOM SPAWN: Grow your own mushrooms. Easy to do. We send full directions. Brick 65c; 3 bricks 1.65, postpaid.

Gurney's TURNIPS

How to Plant and Store

Turnips and rutabagas are easy to raise and store. Early varieties can be sown in the spring just as soon as you can get them in the ground, but most kinds do best as a fall crop. Sow 2 to 3 lbs. to the acre the last part of July. 1 oz. of seed will drill 150 feet of row. For successive crops, make 2 or 3 plantings at about 2-week intervals.

Both store well in outdoor caves, a cool, dark basement or pit. Make sure there is adequate ventilation.

PURPLE TOP WHITE GLOBE for Fine Flavor

807—We consider this the finest table turnip on the market today, and also an immense yielder of rich stock feed.

This all-season turnip is sweet and tender from the time it is large enough to use until the following spring. Pkt. 12c; oz. 25c; ¼ lb. 50c; 1 lb. 1.25, postpaid.

Purple Top Strap Leaf

806—Similar to Purple Top White Globe but flatter in shape. Grows 4 to 5 inches across. Has delicious flavor and is one of the most popular varieties grown. Can be planted either in fall or spring. A fast grower and an excellent keeper. Suitable for freezing. Pkt. 12c; oz. 25c; ¼ lb. 50c; 1 lb. 1.25, postpaid.

Extra Early Milan Turnip

803—(40 days.) Similar to Strap Leaf but earlier. One of the finest turnips grown. Flat with purple top. Fine grained, sweet and very tender. If you want an extra early, extra fine turnip, this is the one you should buy. Pkt. 12c; oz. 25c; ¼ lb. 55c; 1 lb. 1.35, postpaid.

Purple Top Yellow RUTABAGA

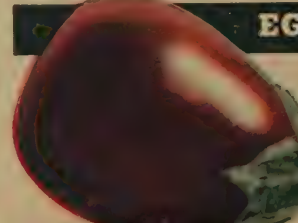

Firm Flesh—Good Keeper

808—More of this variety is raised than any other. The roots are purple above and an attractive yellow below. The light yellow flesh is firm, sweet, and fine flavored and cooks to a bright orange. It has very small necks and no side roots. Has large, smooth, cabbage-like leaves. One of the best for table or for stock feed. Very productive. Will keep in fine condition until late in the spring. Pkt. 12c; oz. 25c; ¼ lb. 60c; 1 lb. 1.45, ppd.

EGGPLANT—"Black Beauty"

Sow in hotbeds or indoors early in the spring and transplant 2 to 3 feet apart in very rich, warm ground.

657—BLACK BEAUTY. The best variety in cultivation, being early, a sure cropper and of fine quality. The fruit is large, oval, very deep purple. Pkt. 15c; ½ oz. 45c; 1 oz. 75c, postpaid.

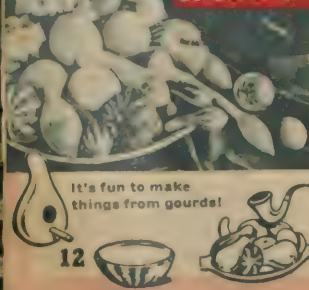

GRANDMA'S HERB GARDEN

Gurney's HARDY RHUBARB PLANTS

The varieties of Rhubarb which we list are not the common old rhubarb that is green and stringy, but better, improved strains.

FAMOUS CHIPMAN'S CANADA RED

Best of the New

A3056—Stalks are large, red from bottom to top, inside and out. Cooking does not take its rich color. Sweeter, so takes less sugar. Productive and nearly seedless. We believe this new, all-red Rhubarb is the very finest you can plant. Does well on most soil types. You can pull big stalks from spring till fall. Plant early and get some rhubarb this year. Large No. 1 roots, 98c each; 3 for 2.69, postpaid.

Gurney's GOLIATH The Giant Rhubarb

A3062—For several years we have carefully tested Gurney's Goliath and have found it to be the best yielder of all. The tremendous size of the stalks will amaze you, yet they are tender, juicy, and have a fine, rich flavor. It is not an all-red variety, as the color shades from red to green, but it is a big plant and practically seedless, too. If you are looking for a rhubarb that will produce all you can use for canning, pies, and eating fresh—look no more. You can't go wrong with Gurney's Giant Goliath. **A3062**—No. 1 roots, 69c each; 3 for 1.79, postpaid.

GURNEY'S SPECIAL Rhubarb Bargain

A2375X—10 "Finest Pie" rhubarb plants for 1.19, ppd. Special planting grade... will give you all the sauce and pies you can eat.

Rhubarb—Asparagus Bargain Offer
25 MARY WASHINGTON ASPARAGUS. Super Jumbo. 3-yr. plants.
2 CHIPMAN'S CANADA RED RHUBARB. The "All Red" one.
A2384X—All for only 3.89, postpaid.

ASPARAGUS PLANTS

MARY WASHINGTON

Asparagus that melts in your mouth. Mary Washington is practically immune to rust which often kills other varieties. So easy to raise that anyone can do it. Once planted, your bed of Mary Washington Asparagus will last for years. It keeps sending up crisp, tender stalks for a long cutting period in the spring which make the best possible eating Asparagus. Set 1 1/2 feet apart. One of the best of all vegetables for freezing. Postpaid:

A3003—3-Year-Old Super-Jumbo Plants. (Plant this giant size and begin eating from it first year.)

NEW "500" ASPARAGUS

Extra Green and Extra Tender

You'll like this new heavy-bearing asparagus because it is large, crisp, tender, and almost all green. Plant a bed of these and you can eat all you want in the spring, and still have plenty to fill your home freezer. Asparagus is one of the best of all vegetables for freezing, and you will enjoy it the year around. Very good for canning too.

New "500" has produced more top quality asparagus for us than any other variety grown here at Yankton. Developed in California from the Mary Washington variety and is very rust resistant. Supply limited, so order early.

A3019—3-Year-Old Super Jumbo... 2.69 4.79 8.49

A3018—2-Year-Old Plants... 2.19 3.79 6.49

A3017—1-Year-Old Plants... 1.59 2.79 4.98

Postpaid Prices:
Per 25 Per 50 Per 100

Asparagus is easy to grow, and once you get a bed started, it keeps coming up every year, providing a delicious vegetable for your table.

Gurney's New BOHEMIAN HORSE RADISH

New Bohemian is the horseradish. We have discarded all other kinds because this is so superior. It is hardy anywhere and is very desirable as a relish. Its roots are dug in early spring, grated fine and, with vinegar added, it is ready for use. The roots grow larger, are whiter, and the quality is superior.

PRICES

A3045—Heavy Crowns: 5 for 98c; 10 for 1.49; 25 for 2.98; 100 for 11.25; 500 for 49.00, postpaid.

A3046—Cuttings: 12 for 89c; 25 for 1.49; 100 for 4.19; 500 for 18.49, postpaid.

GOOSEBERRIES

Gurney's Bargain GOOSEBERRY COLLECTION

2 Pixwell Gooseberry
2 Abundance Gooseberry
A2367X
All 4 for... **3.29**
Postpaid

NEW! ABUNDANCE Gooseberry

A3030—Very heavy crops of large, dark green berries that turn a rich purple when they become fully ripe. Don't know of any gooseberry that has finer cooking qualities. Is especially fine for jelly. This new variety is one that picks easy as the fruit is on long stems and is very easily handled at picking time. Be sure to include a few Abundance Gooseberry on your order. 2-yr. No. 1 Plants, 98c each; 3 for 2.49; 12 for 9.50, postpaid.

PIXWELL GOOSEBERRY

It Picks Well

A3040—Here is the Gooseberry you have been waiting for. One that produces big crops of large sized, luscious berries. Easy to pick too, because the fruit hangs well away from the thorns. This feature alone makes Pixwell worth planting.

Makes no difference where you live—up North or down

South. This variety has the ability to take it and can probably be planted farther North than any other named variety of gooseberry on the market. If you want to plant a gooseberry that will produce a heavy crop and do it consistently—plant Pixwell. You'll get a lot of fine quality berries even under adverse conditions. 2-yr. No. 1 Plants, 89c each; 3 for 2.49; 12 for 9.50, postpaid.

Gurney's Bargain Currant Collection

2 Red Lake Currant
2 Wilder Currant
A2361X
All 4 for... **1.79**
Postpaid

RED LAKE CURRANT

The Best of the Currants

A3027—A very vigorous and productive bush producing tremendous quantities of high quality large, red currants. Often bears the first year after planting. Very hardy and has everything—size, quality of fruit, color and productivity. Red Lake makes up into delicious, tasty, sparkling, red jelly. A Minnesota introduction, so it is hardy. You'll like it. 2-yr. No. 1 Plants, 69c each; 3 for 1.79; 10 for 4.98, postpaid.

WILDER CURRANT

The One for Jelly

A3025—All of you folks will want some currant jelly for winter. Wilder Currant is the one to raise for good jelly. The berry is at least twice as large as the ordinary currant, and can produce twice the crop. Some in our nursery are nearly as big as cherries, and are borne in huge clusters. 2-yr. No. 1 Plants, 59c each; 3 for 1.59; 10 for 4.49, postpaid.

Gurney's CURRANTS

Gurney's Better NUT TREES

Grow Them For Shade, Beauty, Firewood and Lumber

Here is as fine a selection of nut trees as you will find anywhere, at any price. We are offering nothing but the best varieties, ones that will do well for you North Central planters, too. This is one type of tree that most of us do not plant enough of, and no doubt it is just because we don't get around to doing it.

Nut trees should be grown for more than just nuts. You will find that most of the varieties we are offering can be used in the landscape planting. They make very good shade trees and are generally very ornamental. Of course, most all of them are excellent for fence posts, firewood and lumber. They are all attractive trees you will be proud to have growing on your farm or city lot.

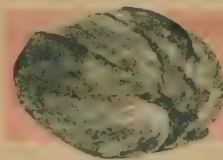

GURNEY'S BLACK WALNUT

A4132—Gurney's Black Walnuts are grown for you right here at Yankton from seed produced on trees that have been native to our climate for over 60 years. We have selected only the trees that have been able to withstand our conditions without damage. Bears heavy crops of large, fine flavored nuts. Grows fast and bears young. Mature trees often bear from 15 to 30 bushels. Black Walnut lumber is always in demand for making fine furniture. For grove plantings we suggest seedling grades listed on page 43.
2 to 3 ft., 98c each; 3 for 2.79, postpaid
3 to 4 ft., 1.29 each; 3 for 3.69, postpaid

HARDY ENGLISH WALNUT

A4131—(Carpathian.) These are the true thin shelled nuts with excellent flavor. Grown from selected trees that bear regularly, and that have proved hardy in western New York for several years. Probably not hardy north of central Iowa and Nebraska. 2 to 3 ft., 2.79 each; 3 for 7.49, postpaid.

SHAGBARK HICKORY

A4125—These are the real grand old Shagbark nuts so deliciously flavored and so much a favorite with everybody. Plant some on your own place and you won't have to go hunting in the woods for them. Next to the Pecans, this is the best of the nut trees. As the Pecan is not hardy in some northern states, Shagbark Hickory can take its place very ably. Grows from Quebec to Texas. Young trees about 12 to 18" high, 69c each; 3 for 1.79; 10 for 4.98, postpaid.

Gurney's NUT TREE BARGAIN

A2714X—Four of our most popular nut trees
1 Hazelnut, 2 yr. 1 Butternut, 2-3 ft.
1 Hardy English Walnut, 18-24 in.
1 Chinese Chestnut, 18-24 in.
All for 4.98, postpaid. FREE GIFT: Native Black Walnut, 18 to 24 in.

AMERICAN HAZELNUT

Beautiful Shrub—Good Nut Producer

A4115—Makes a beautiful, well-branched shrub 5 to 6 ft. tall. Attractive enough to plant in your yard as an ornamental shrub. In the fall the foliage turns to a brilliant scarlet and bronze. This hardy Hazelnut produces large quantities of high-quality nuts every year. A native of the Black Hills, Eastern South Dakota, Minnesota and Iowa. It is perfectly hardy and can be grown almost anywhere. We are offering one grade only this year. Strong two-year-old plants, 12 to 24 inch. 69c each; 3 for 1.89; 10 for 4.98, postpaid.

ECONOMY COLLECTION

2 Butternut, 2 to 3 ft.
2 Shagbark Hickory, 12 to 18 in.
2 Hazelnut, 18 to 24 in.

GRAFTED PECANS

The secret of setting grafted Pecan trees to live is to dig them with a long root, which we do. Because of the long root, we ship them to you by Express. Plant at least 35 feet apart. There are a number of these Pecan varieties growing in southern Iowa.

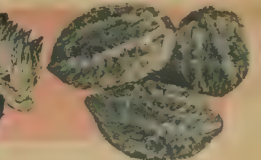

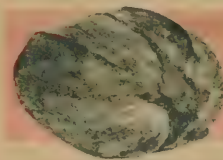

HARDY PECAN

A4120—This is a native type and very hardy. Besides being a heavy yielder of fine quality, delicious nuts, it makes a beautiful ornamental shade tree. A very vigorous grower. Probably cannot be grown from the Dakotas north. 2 to 3 ft., 1.49 each; 3 for 4.35. Express not prepaid.

GRAFTED PECAN BARGAIN

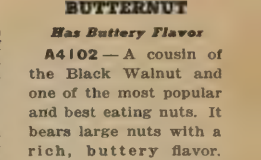

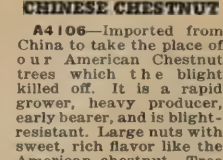

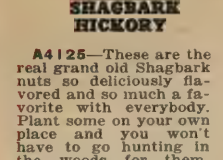

A2713X—1 each: Giant Mahan and Stuart. Only... **5.98**
Exp. not Ppd.

BUTTERNUT

Has Buttery Flavor

A4102—A cousin of the Black Walnut and one of the most popular and best eating nuts. It bears large nuts with a rich, buttery flavor. Makes a fine tree and wood is valued for furniture and interior trim. Grows naturally from New Brunswick west to the Dakotas and Arkansas. Perfectly hardy in most all midwest territories. Plant where ground is usually moist, as it cannot stand extreme dryness. 2 to 3 ft., 98c ea.; 3 for 2.79; 3 to 4 ft., 1.29 ea.; 3 for 3.69, postpaid.

Gurney's PLUMS Are Quick-Bearing, Heavy-Yielding,

SUPERIOR

The Big, Early One

A1632—The largest, and one of the best quality hybrid plums. The tree grows very fast and bears young, usually the first year after planting. Ripens from August to September, depending upon the latitude of the country in which it is planted, and it bears a crop every year. It is a heavy bearer of unusually big, yellowish fruit which turns pink and then a deep, rich red. They will peel like peaches and the firm, juicy flesh is of high dessert quality. Does best in southern Iowa and like climates.

Extra Hardy—Very Early

TECUMSEH

A1634—One of Dr. Hansen's best, and probably the best eating plum in our whole list. Ordinarily ripens in August. Trees are of moderate size, fine for home planting, and easy to pick for the orchardist. One of the earliest bearing of all, and hardy clear up into Canada. The fruit is a bright red with bluish bloom. The flesh is yellow, firm, juicy and sweet, and has a delightfully appetizing flavor. We have grown this variety for many years and are convinced that it has everything a plum should have to make it ideal for your use.

Everyone Loves Plums!

Here's Jill Gurney (Sid's youngest girl) enjoying a ripe, delicious Gurney plum. They are so easy to grow, no one should be without them.

UNDERWOOD

Even Bears in Canada!

A1635—Right type for the Northern States and Canada. It ripens early and grows well as far North as Winnipeg in Manitoba. Large, red, sweet, and juicy and hardy. Tree spreading, medium-size, productive. Fruit very high quality for eating fresh. Should be planted near pollinizer plums such as Kaga.

WANETA

Hansen's Masterpiece Dr. Hansen's Largest Red Plum

A1637—You get big, profitable crops from Waneta. It is the truly delicious old favorite. The fruit is very large and a gorgeous reddish-purple color. The flesh is tender, sweet, and juicy—of the finest quality. A sure bearer every year, and one of the best of all market plums.

Waneta was originated at the South Dakota Experiment Station by the late Dr. N. E. Hansen. The trees are vigorous, spreading, exceedingly hardy, and produce for many years. The bearing season is usually early September.

QUALITY PLUM COLLECTION

A2179X—Made up of one of the newest plums, one of the most popular plums, and one of the finest flavored of all plums.

1 South Dakota, 3 to 4 ft.
size—the newest.

1 Opata, 3 to 4 ft. size
—most popular.

1 Tecumseh, 3 to 4 ft. size
—best flavor.

SAPA

The Rich Black and Sweet One

A1631—Black outside and clear to the pit. It has a sweet flavor you can't forget and bears immense quantities annually. Ripe the latter part of July. Bears the first year after planting. Very hardy. Has deliciously sweet juice. You'll enjoy it year after year. Be sure and plant one or two of these trees if you want loads of luscious fruit.

Hansen's Bush Cherry.

KAGA

"The Apricot Flavored Plum"

A1620—A deliciously flavored plum with an appetizing fragrance. Medium-size, heavy producer, and bears very early after planting. Very hardy. A cross between a native wild plum and the very fragrant Chinese Apricot. A good pollinizer and a variety that will produce plenty of plums for canning, preserves, and delicious eating right from the tree.

GURNEY'S PLUM BARGAIN

These Will Grow Anywhere!

OPATA

OKA

Extra Hardy—Early Bearing

Often Bears First Year After Planting

A1628—The earliest of the Hansen Hybrids, Opata bears ropes of fruit which ripen in mid-July. A juicy, tangy plum of medium-size, green flesh; flavor very pleasant. Tree is vigorous in growth. Extra hardy and often bears one year after planting. This variety does very well for the southern planter as well as producing a fine crop clear up into Canada.

Delicious Plum Cherry Cross

Another Early Bearer With Fine Flowers

A1627—Has highest quality of any in the Cherry-Plum group. Very productive, skin almost black. The deep purplish-red flesh is very juicy and sweet. Resembles large, sweet cherries and the quality is very good for eating or cooking. Ripens mid-August to early Sept. Remains a bush rather than a tree. Fruit stays edible on the bush three weeks after ripening.

POLLY

FUZZLESS BERTA

Easy-to-Grow

New "SOUTH DAKOTA" Plum

A1633—Dr. Hansen's latest. Tree is hardy, vigorous, and productive. Fruits medium size, bright red over yellow with flesh that is yellow, tender, and juicy. Fine for eating fresh, jellies, jams. A late plum. Fine pollinizer. This fine new plum is now available at our regular plum prices as listed below. Be sure and try New SOUTH DAKOTA.

New "HONEY DEW" Plum

A1615—This is a new, very early-ripening plum developed by Dr. McCrory of S. D. Experiment Station. The fruit is a shining, dark purple and the flesh a cool, pale green that is so sweet it almost melts in your mouth. It's tender, too. If you want a plum that has just about everything as far as quality is concerned, plus the inherited ability to withstand drought, hot summers and cold winters, be sure and include Honey Dew on your list. Now available at our regular plum prices.

Now Anyone Can Raise Apricots Anywhere

"Sunshine"...New

A1230—Hardy; vigorous; matures mid-Aug. Introduced by South Dakota Experiment Station. Good quality, flavorful fruit size of Waneta plum. For home use because fruit is inclined to be soft. Now at the same low prices as our other apricots.

Scout...Grows In Canada

A1228—A hardy, early-bearing apricot from Morden, Canada. Rich

golden color with red blush. Excellent quality for eating fresh, for jams and sauce.

Hardy Nebraska Apricot

A1210—Produces heavy crop of medium-sized fruit of sugar-sweet flavor. Very hardy. Parent trees have been growing in Nebraska many years. Same price as other Apricot trees.

Manchu...Large Hansen

A1215—One of the har-

diest Apricots we offer. Trees very productive; fruit large. Excellent fresh; cooks to fine-flavored, pale yellow sauce. Probably the finest Apricot introduced by the late Dr. N. E. Hansen. We still consider this variety one of the hardest and best.

PLUM SPECIALISTS FOR OVER 80 YEARS

Plums have been a Gurney specialty for over 80 years. We offer you a complete line of plums, each one the best of its kind. All are budded on hardy plum seedlings—not on peach. (Beware of southern plum trees for the northwest because many of them are budded on peach stock, which is not hardy.) All Gurney Plums are extra-hardy. They include 7 of the hardy Hansen plums: Waneta, Opata, Oka, Sapa, Kaga, South Dakota, and Tecumseh. Underwood and Superior are Minnesota varieties.

Set 14 ft. apart in row with rows 18 ft. apart. 170 trees to the acre. Don't forget that they not only produce a lot of delicious fruit but make beautiful decorative trees for the yard.

New Hardy IDAHO PRUNE

A1612—Large, delicious blue prunes with firm flesh of fine quality. Excellent for canning or eating fresh. Cook up into fine wine-red sauce.

We have tested this variety for a number of years and found it able to stand our rigorous winters and still produce good crops. Idaho Prune was introduced by us and is the only one we feel worthy of listing in our catalog. No 4 to 6 ft. grade this year.

Gurney's Hardy NORTHERN GROWN Fruit Trees Will Do BETTER for You!

Hardy Anywhere

North, South, East or West, Gurney's fruit trees adapt themselves quickly. If they grow well under adverse conditions, they will do even better in milder climates. Select varieties recommended for your locality. Then you know you are getting stock adapted to your conditions.

"Whole Root" Buds for Your Protection

It takes a heavy root to produce a sturdy

Common Fruit Graft

A common fruit graft often results in a non-hardy root. Don't take this chance—order from Gurney's.

Gurney's "BUDED" Type

The whole root (not just a piece) is used on all Gurney-Budded fruit trees, the hardest you can buy.

tree. Gurney's "whole-root" bud all fruit trees. Only a sturdy, hardy root can survive our hot, dry summers and cold winters. "WHOLE ROOT" budded fruit trees can't be beat.

True-To-Name Trees

Nothing is more disappointing than to buy and raise a fruit tree only to find out it bears the wrong kind of fruit.

That won't happen at Gurney's. Experts are constantly checking. All trees go through many inspections to assure you of only perfectly-graded, healthy trees and, more important, that you get exactly what you order. Remember when you plant a Gurney fruit tree, you are planting for years to come. Gurney's GUARANTEE their fruit trees to be true-to-name or replaced FREE OF CHARGE.

Plant Early

We have always preached early planting—and we still do. Early planting means the stock gets established before the hot, dry, summer months. Yes, early planting means success. Remember, you can't plant early if you don't order early. Don't wait until the last minute, but send in your order well in advance of the planting season.

Gurney's DELUXE GRADE

APPLE · CHERRY · PEAR · PEACH · PLUM

GUARANTEED 1 YEAR

Every Gurney DeLuxe Grade fruit tree is guaranteed, if properly cared for, to be in vigorous growing condition one year from planting or will be replaced once absolutely free.

The "CREAM of the CROP" for Those who demand ABSOLUTELY the finest

Every Gurney DeLuxe Grade Fruit Tree is a carefully selected, jumbo-size, perfect specimen that will come into bearing early. All are well-branched, with a straight trunk and an extra-heavy root system.

In the past, we have shipped our DeLuxe Grade of fruit trees express collect because they were too big to send parcel post. Now we are pruning the trees before shipping and this reduces their length enough so that we can send them to you, right to your door, by parcel post—and we prepay

them. This not only insures proper pruning but saves you at least \$1.85 per shipment in express charges. Now, more than ever it pays to plant Gurney's DeLuxe Grade.

Faster Growing Better Shaped

Quicker Bearing
Proper Planting is Easy
with Gurney's DeLuxe Grade

Complete planting directions are attached to each tree to make successful planting easier for you. A white ring around the trunk indicates the proper planting depth.

Dark "All Red" DUCHESS The Favorite Summer Cooking Apple

A1019—If you like the Old Duchess of Oldenburg, you will go for the New Duchess in a Big Way. It ripens its juicy red fruit throughout August. For those delicious Apple Pies and Sauce, you'll find this New Duchess hard to beat. First degree of hardness.

**Nation Wide
APPLE COLLECTION**
A2016X—1 each of McIntosh, Northwestern Greening, Prairie Spy, Yellow Transparent and Fireside—all good NOW ONLY 679 PPD. U.S.—all big 4 to 6-foot size.

FIRESIDE Hardy and Super Delicious

A1025—Delicious quality yet hardy enough to grow and fruit in the far north. Trees large, vigorous, well branched. Fruit beautifully striped with crisp, firm, juicy flesh—never dry. Keeps all winter and bears every year. Developed at the University of Minnesota State Fruit Breeding Farm.

HARALSON Finest Hardy Winter

A1040—If we add up all of the good qualities of all the other apples and say "this is Haralson," we would not be saying too much for this big, red juicy fruit that keeps till summer, and is borne heavily and annually on a sturdy, strong branched tree. Bears fruit in three years.

All Season APPLE COLLECTION

A2009X—1 each of Wealthy, Haralson, Yellow Transparent, Duchess and Anoka—all 3 to 4-foot for trees (good only planting size). 469 PPD.

Northwestern GREENING

Big Beautiful Fruit

A1065—Very ATTRACTIVE winter apple, with smooth, waxy clear pale yellow skin with a slight greenish tinge. Flesh is crisp and mild. One of the largest apples you can grow with apples measuring sometimes as large as 5" or more across. Popular for good quality and good keeping ability.

Gurney's WEALTHY Popular Fall Apple

A1105—This is too well known to need description. You are all familiar with its pale yellow skin almost hidden by brilliant red stripes and its white juicy flesh; the fine pies that can be made from it. You should also know that Wealthy is hardy and a leader of commercial or Home Orchard Apples for the North. If picked early and properly stored will keep until Christmas.

YELLOW DELICIOUS The Golden Beauty

A1016—A luscious, golden, yellow, good-keeping apple. Extra hardy on Siberian roots. It is not recommended for the North. It keeps well if you can keep folks away from it. It is DELICIOUS. Most popular yellow apple we have ever offered. Extra large in size and the flavor is truly "delicious." You folks that can raise Yellow Delicious will find it one of the best winter apples.

PRAIRIE SPY The Winter Keeper

A1075—Attractive red color, very high quality, is productive, and hangs on the tree well. Because Prairie Spy is a good keeper and is so much better quality than Winesap and others on the market after Christmas, it is widely planted for home use and market. Be sure to include a few Prairie Spy in your home orchard.

ANOKA Often Fruits First Year

A1000—Everybody plants Anoka. The earliest bearing apple that we know of. Little two-year-old trees in the nursery often bear several of these red striped apples. The quality is good and the juice is rich in flavor. Anoka bears annually and is Extra Hardy. Medium size. This is one of our most popular summer apples.

SEE PRICES OPPOSITE PAGE

YELLOW TRANSPARENT Early Golden Summer Apple

A1110—One of the earliest of the Harvest Apples, ripening right after Early Harvest. An excellent eating apple and "what apple pies you can make with it!" Bears immense crops of yellow, thin-skinned apples just "tart" enough for the best sauce and pies. Fine in any home orchard.

McINTOSH RED Good Keeping Fall Apple

A1061—To many the finest flavored apple we list. Bears for years and years. Beautiful red apples often with darker red blush, fragrant and of highest quality. A fall apple which will keep well into the winter in storage. One of the longest lived, and most dependable bearing of all apples.

5 Hardy, Northern
Varieties

Bears Apples
Early & Late

5-IN-1 APPLE TREE A Whole Orchard on One Tree

Not an ordinary 5-in-1 apple tree, but one with 5 hardy northern varieties: Red Duchess, Yellow Transparent, Wealthy, Prairie Spy and Haralson. Good from Yankton north, better than ordinary varieties from Yankton south. Each apple bears in its own season, giving you a whole orchard from one tree. Now even the smallest yard can grow 5 different kinds of apples. All are 5 to 6 foot trees 3 years old.

A1115—5-in-1 Apple, 3.75 each; 2 for 6.98, ppd.

A1114—3-in-1 Apple, 2.75 each; 2 for 4.98, ppd.

Gurney's Hardy Selected APPLES

All Gurney Apple Trees, including the Crab Apple Trees, are grown by us here at Yankton on hardy Siberian root-stock. There is nothing hardier or better for north or south. We have been headquarters for hardy apple trees for over half a century and one thing you can depend on: If we say a certain variety of apple is hardy—it IS hardy.

GURNEY APPLES ARE TRUE TO NAME

Nothing is more disgusting than to plant an apple tree and then find out a few years later it is not the variety you ordered. To assure you of fruit that is True-to-Name, we have had our apples inspected by the only True-to-Name Identification Service available in the Midwest, and a copy of their report appears below:

IOWA TRUENESS-TO-NAME IDENTIFICATION SERVICE

Sponsored by

The Iowa State Horticultural Society

Established in 1952

Horticulture Building

A. E. Cott

Ames, Iowa

Aug. 10, 1956

TO WHOM IT MAY CONCERN:

This is to verify that the salable one and two year apple and pear trees being propagated by, and being grown at Yankton, South Dakota in the Gurney Seed and Nursery Company books have been examined by the Iowa Trueness-to-Name Identification Service. To the best of my knowledge, these trees are true-to-name as they now stand in the nursery row.

Very truly yours

A. E. Cott.

HOW TO PLANT APPLE TREES

Set apple trees 25 to 35 feet apart. In setting your apple trees, prune them back severely, cutting all side branches to within 3 buds of main trunk and cutting off one-fourth of the main lead. Each year prune injured limbs only. Northern orchardists do better by letting their trees grow in the bush form, letting bottom branches grow to within 2 to 3 ft. of the ground. Send for free pruning bulletin.

CRAB APPLES for Fruit and Beauty

CARDINAL

A1010—A beautiful tree and fruit. Blooms are deep rich-pink, almost red. Apples are brilliant scarlet, shaped like a small Delicious. Flesh is red to the core. Makes a very tasty jelly just the color of Port Wine. Wonderful as an ornamental.

Best Eating Crab Apple Offer

A2028X—1 each of Whitney and Chestnut. All 3 to 4 ft. size only 2.19, postpaid.

WHITNEY

A1107—An old favorite. Good if eaten fresh, and best for pickling. Fruit is large, sweet and juicy. Color is yellow with lively red stripes. Hardy, vigorous and a heavy bearer. Same price as regular apple trees.

DOLGO

A1017—This is the best one for jelly. Has beautiful snow white blooms, and the best shape and foliage of any crab. Its glistening crimson fruit makes a clear, sparkling red jelly. Fruits on 2-year-old trees. Hardy. Same price as regular apple trees.

CRAB APPLE COLLECTION

A2020X—1 Whitney, 1 Cardinal, 1 Dolgo. All 3 to 4 ft. size.

All 3 Ppd. ONLY 3.19

New CHESTNUT CRAB

The Children's Favorite

A1011—All children love this fine new crab because of its large size, brilliant bronze-red color and its wonderful flavor. Fine for the school lunch box as it ripens in early September and keeps well into November. Makes excellent sauce and good for pickling, too. Be sure and include at least 1 Chestnut Crab on your order. It is a heavy bearer and is perfectly hardy anywhere. Makes a well shaped tree that will look nice—even as a lawn tree. The fruit is so large it could almost be classified as a small apple.

Dark "All Red" DELICIOUS

A1015—The name "Delicious" describes its QUALITY. It is "ALL RED" and one of the best of all eating apples. Hardy from lower Nebraska south. Large, red, with 5 points on base. You'll have to do a lot of looking before you can find an apple that can equal this "ALL-RED" improvement on Delicious. The best-tasting fall apple.

New Fall Apple Minn. No. 724

A1090—If you like the old favorite McIntosh, you will more than enjoy this new variety. It is a fine red apple that is excellent any way you use it. Try its delicious flavor fresh from the tree or make it up into some of the best sauce you ever tasted. We predict a great future for this wonderful new fall apple. Absolutely hardy.

JONATHAN A Favorite Red

A1045—One of the best winter apples for every use. Red, juicy, and "snappy" when eaten out of hand. Excellent baked or in pies, and it keeps well without special care. Many orchards are comprised principally of Jonathan as it is considered one of the standards by which other apples are judged. Doubtfully hardy north of Mid-Iowa.

SPRAYING IS A "MUST"

Read about Gurney's COMBINATION FRUIT SPRAY on page 22. No fuss—no muss—no worry about mixing a lot of different chemicals. USE THE ONE SPRAY ONLY. Guaranteed to do the job.

APPLE BEARING CHART

Harvest Apples: Yell. Transparent, Red Duchess, Anoka. Fall Apples: Wealthy, McIntosh, Minn. No. 724. Winter Apples: Haralson, Jonathan, Northwestern Greening, Prairie Spy, Fireside, Delcon, Red Delicious, Yellow Delicious.

(No DeLuxe Grade in 5-in-1, 3-in-1.)

NEW DELCON DWARF

A True Dwarf With Large Apples Ideal for Small Yards or Lots

A1014—An apple tree tailor-made for the small lot. Delcon normally does not get over 12 feet tall, yet bears loads of beautiful, delicious, dark red, full-sized apples shaped like Delicious. The flavor has all the best qualities of two of its parents, Jonathan and Delicious, while the tree itself seems to have inherited additional hardness from its third contributor, Ben Davis.

Delcon is a remarkable tree originated 20 years ago by the Missouri Fruit Experiment Station. Should have been on the market years ago.

It is a single-graft, true dwarf. Much less expensive than \$4.00 to \$6.00 multi-graft dwarfs, and yet better.

Postpaid Prices:
Each Per 3

Delicious PATTEN Big and Productive

A1524—This pear is healthy, hardy and productive. Bears a LARGE, YELLOW fruit with the RICHEST JUICE AND FINEST FLAVOR. The skin is THIN and QUALITY EXTRA GOOD. We recommend this pear to both northern and southern planters if they are looking for a good "all around" variety that will bear lots of delicious fruit for years to come.

THE GIANT BARTLETT The Earliest Pear of All

A1502—This is one of the leading commercial varieties. Has long been one of the most popular for dessert and canning. Fanciest and finest of all pears. Has a rich, golden-yellow color with a rosy pink blush. Plant Bartlett if you want a good keeper and shipper. The fruit is pointed at the top and wide at the base. Tree is vigorous, hardy and bears young. This is an early variety that is fine for the more southern growers.

The Famous LINCOLN Hardy and Heavy Yielding

A1517—The most dependable pear. Large, good flavored. It has been producing a heavy crop every year for 22 years on George Gurney's farm. Even in a drouth year, 3 young trees produced 14 bu. Ripens about September 15. In big demand on the market. A good commercial variety and one of the best home pears.

GOLDEN SPICE Best for Pickles

A1512—A new heavy bearing pear from Minnesota. Small in size but the trees are loaded with the golden russet fruits. Very hardy and blight resistant. A fine quality pear we know you'll like. Makes delicious sauce and preserves, and is fine for whole pickles.

DOUGLAS PEAR The Good Keeper

A1509—This fall pear begins to produce heavy crops while still very young. One of the heaviest bearing

Bear Early and Heavily

pears. Fruit is large, yellow, and may be allowed to stay on the tree until fully ripe. You don't have to bother wrapping them. This is one of the most blight-proof of all the pears.

DELUXE PEAR PRICES

See description of DeLuxe Grade Pears on page 15. 5 to 7 ft. DeLuxe Grade Pear trees, 2.79 each; 3 for 7.98, postpaid.

Gurney's HARDY PEARS

HOW TO GROW PEARS

Though the pear succeeds best in heavy, moderately fertile soil that is retentive of moisture, no one need hesitate to plant it in any soil available if it is well drained.

Tillage and fertilizing are the same as for the apple except that nitrogenous fertilizers must be used more cautiously to prevent lush growth. Pruning and training are similar to that of apple. (Write for our free bulletin on pruning fruit trees.)

Pears grow upright, so can be planted as close as 14 to 16 feet apart. At 16 feet, takes 170 trees per acre. Pear trees bear early and heavily, and no other fruit compares with them in aroma, lusciousness, or range of flavors. Plant both summer and winter pears; wrap the winter pears in paper for mid-winter feasting.

Be sure to prune your pear trees severely at planting time. Recommend cutting all side branches back to within 2 buds of the main trunk and then remove at least 1/4 of the top growth.

CUMBERLAND Favorite Black

A2842—You will want this delicious BLACK RASPBERRY. Enormous crops of big, juicy, fine flavored berries. Not seedy either. Excellent for home or market. You can't go wrong with this variety. 1-Yr. No. 1 Grade. 6 for 1.39; 12 for 2.49; 25 for 4.49; 50 for 7.98; 100 for 13.98, postpaid.

EARLIRED

A2874—A new, mighty good red raspberry developed by the Mich. Experiment Station. Ripens about 10 days before Latham and has large, rich-flavored berries of fine quality for freezing, canning or eating fresh. 1-Yr. No. 1 Plants. 6 for 1.98; 12 for 3.49; 25 for 5.98; 50 for 10.98; 100 for 19.98, postpaid.

PARK—New Black Raspberry

A2854—The finest black raspberry we have ever seen. Originated at Des Moines, Ia. Hardy, healthy and very disease-resistant. The meaty, juicy berries have fine, rich flavor. Large berries and loads of them. 1-Yr. No. 1 Grade. 6 for 1.98; 12 for 3.49; 25 for 5.98; 50 for 10.98; 100 for 19.98, postpaid.

MAMMOTH BOYSENBERRY

NEW THORNLESS BOYSENBERRY

ELDORADO

RED RASPBERRIES**INDIAN SUMMER—The Two Season Berry**

A2878—A fine everbearing Raspberry. The quality is fine, it is early and heavy bearing. Harvest two crops of fruit each year from this hardy Raspberry. Does well even in Canada. 1-Yr. No. 1 Grade. 6 for 1.69; 12 for 2.98; 25 for 5.49; 50 for 9.98; 100 for 18.98, postpaid.

GIANT LATHAM Does Well Everywhere

A2883—Regardless of where you live, this Raspberry is good. Fruit is large, often an inch long. Here's a vigorous grower that produces an enormous crop. Minnesota's great market berry. 1-Yr. No. 1 Grade. 6 for 1.69; 12 for 2.89; 25 for 4.98; 50 for 8.98; 100 for 16.98, postpaid.

INDIAN SUMMER

GIANT LATHAM

EARLIRED

MONTMORE

New Early Bearing Montmorency

A1335—This improved, dwarf-sized Montmorency often bears the first year. Only grows about 10 to 12 ft. high but it still produces a full-size crop because the trees get anywhere from 12 to 25 ft. broad and the cherries are much thicker than a Montmorency. Also larger and of a better quality. It is darker—black-red. Trees will bear anywhere from Georgia as far north as cherries will grow. Just as hardy or harder than the Montmorency. Do not pick until cherries are deep red.

Following are prices on Montmorency:
ALL POSTPAID Each Per 3 Per 5 Per 10
 2 to 3 foot.....1.59 4.59 7.49 14.50
 3 to 3 1/2 foot.....1.89 5.49 8.98 16.98
 3 1/2 to 5 foot.....2.25 6.49 10.98 19.98
 Deluxe Grade as listed on page 15 (4 to 6 foot)
 2.98 each; 3 for 8.50, postpaid.

EARLY RICHMOND

The Early Pie Cherry

A1311—The cherries have a bright red skin and red juicy flesh. The flavor is quite tart and marvelous for pies or canning. It is a strong grower and a heavy producer. You people south of southern Minnesota and southern South Dakota have ideal conditions for Pie Cherries. We consider it one of the very finest pie cherries on the market.

HYBRID BUSH CHERRIES

Much larger and tastier fruit than the old Hansen Bush Cherries and better growers. 18 to 24 in. 1.40 ea. 3 for 4.19, ppd. Choose from following:

A1351—BROOKS. Dark red fruit, almost as large as regular cherries. Bears heavily the second year. Bush is compact and shapely.

A1350—BLACK BEAUTY. This is the newest selection of the bush cherry. The fruits are very dark, glossy, black maroon red. Almost as large as tree cherries. Fruit red from skin right to the pit. Excellent for eating, canning and pies.

A1352—SQUUX. Extremely large cherries—4 1/2" or better across. Purplish black, shiny with greenish flesh. Juicy and sweet. In the vicinity of Minn. this cherry thrives about the second week of August. Earlier south of there.

FREDONIA—King of Blacks

A3125—It is early, in fact, three weeks earlier than Concord. Very hardy, a very heavy producer and a vigorous grower. The bunches are compact and the berries really have the most wonderful flavor you won't go wrong with a few Fredonia. 1-Yr. No. 1 Plants, 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

BETA—Hardest of All

A3104—Here's a tame grape with the tang of the wild. Best for the North, for it is fast (15 to 20 ft. in 1 yr.) in growth and hardest of all. It produces large quantities of fruit that is almost black... juicy... fine for arbors. No winter covering needed. 1-Yr. No. 1 Plants, 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

PLANT THESE 2-YEAR TRANSPLANTS

They Bear Sooner and Heavier

Large, heavy-rooted plants that cut planting loss to a minimum. Often produce a considerable amount the first season. We highly recommend these plants for quick results.

A2892—Latham Red Raspberry. 2-yr. transplants 3 for 1.29; 6 for 2.25; 12 for 3.98; 25 for 5.98, postpaid.

BOYSENBERRIES

HOW TO PLANT: Set 6 feet apart each way. Leave on ground first winter and mulch with straw after cold weather. Next spring, train on wires. After fruiting, cut out canes that bore. Leave new shoots on ground, winter protect again and re-train the following spring. Doubtfully hardy north of Missouri, so protect.

BLACKBERRIES

New EBONY KING The Upright Blackberry

A2804—This is the new, upright Blackberry that is sure to bear heavy crops of large, sweet, full-flavored berries each year. Has withstood 22 degrees below zero without damage to the fruit buds. Very good for canning. Strong plants that stand up under heavy crops of big blackberries. 3 for 1.29; 6 for 1.98; 12 for 3.59; 25 for 6.98, postpaid. All 1 yr. No. 1 grade.

ELDORADO

A2805—This ever-popular Blackberry

MONTMORENCY

The World's Favorite Cherry

A1336—The fruit is large, with firm flesh of fine flavor. The cherry is a bright red, and wonderful for canning and preserves. Montmorency has proven itself wherever it has been planted. It is a tree of vigorous habits and always seems to have the ability to produce a crop in spite of conditions. This is one of the reasons Montmorency has often been called the world's favorite cherry.

NEW DWARFRICH

The True Dwarf Pie Cherry

A1310—The new hardy pie cherry selected by Dr. A. C. Hildebreth of the Cheyenne Field Station of the U.S.D.A. The fruit has the same bright red color, the same fine flavor, and almost the same size as the regular Early Richmond, but warfarth ripens 10 days later. Makes very attractive shrub only 5 to 6 feet tall, and it's almost covered with a solid mass of white blossoms in early spring.

18 to 24 in.....1.98, postpaid.

2 to 3 ft.....2.50, postpaid.

BLACK TARTARIAN

The Large, Black Sweet Cherry

A1302—This dependable, large, black and delicious sweet cherry has been one of our most popular varieties for years. If you live where sweet cherries can be grown, plant several Black Tartarian and you can harvest quantities of large dark fruit in your own back yard. Not fussy about soils.

HYBRID NANKING CHERRIES

Most outstanding new fruit introduction in the last 10 years. A bush cherry far superior to the western kind. Fruit is about the size of Early Richmond and is wonderful for pies, canning, preserves or jelly. Bears them all when eaten fresh. The cherries are a deep red, with firm, tender, sweet flesh and small pits. Will grow to height of 10 feet, but can be kept down to 4 feet by pruning. A beautiful ornamental shrub covered in spring with white flowers followed by dense foliage. Plant at least three for best pollination.

A1365—Nanking Hybrid No. 28

A1366—Nanking Hybrid No. 41

A1367—Nanking Hybrid No. 42

A1368—Nanking Hybrid No. 64

All 2 to 3 Ft. Plants

1.75 each; 3 for 4.95, postpaid

BUFFALO—New Black Grape

A3105—A very early black grape ripening early in Sept. Vine is vigorous and highly productive. Is of about the same hardness as Concord. Clusters are tapering and compact and the individual berries are juicy, melting, very sweet and mighty good. 1-Yr. No. 1 Plants, 79c each; 2 for 1.48; 6 for 3.89, postpaid.

"SEIBEL 1000"—Hybrid Grape

A3149—Very good cross of a leading French wine grape and an American wild grape. Fruit jet black, with a high percentage of sugar; very good for juice or wine and also good eating. The skins are tender and good, too. Vigorous grower and heavy yielder. Should do well over most of our country. 1-Yr. No. 1 Plants, 79c, postpaid.

A2893

—Earliest Raspberry. 2-Yr. Transplants. 3 for 1.59; 6 for 2.89; 12 for 4.98; 25 for 9.75, postpaid.

A2891

—Indian Summer Red Raspberry. 2-yr. transplants. 3 for 1.39; 6 for 2.39; 12 for 4.25; 25 for 6.98, postpaid.

A2861

—Cumberland Black Raspberry. 3 for 1.39; 6 for 2.39; 12 for 4.25; 25 for 6.98, postpaid.

A2860

—Purple Gem Raspberry. 3 for 1.49; 6 for 2.49; 12 for 4.49; 25 for 7.49, postpaid.

MAMMOTH BOYSENBERRY

A2832—Biggest berry of all. Cross of Loganberry and Blackberry. A heavy bearer of deliciously flavored fruit. 1-Yr. No. 1 Grade, 3 for 75c; 6 for 1.25; 12 for 2.29; 25 for 3.89; 50 for 6.98; 100 for 12.98, postpaid.

New THORNLESS BOYSENBERRY

A2834—Same as the Mammoth, except this one is thornless for easy picking and cultivating. Great big berry of delicious flavor. 1-Yr. No. 1 Grade, 3 for 89c; 6 for 1.39; 12 for 2.49; 25 for 4.19; 100 for 15.98, postpaid.

ripens over a long period with loads of juicy, sweet fruit. Small seeds and heavy bearing qualities makes it one of the best. Rust-resistant. 6 for 1.29; 12 for 1.98; 25 for 3.39; 50 for 5.98; 100 for 10.98, ppd. 1-yr. No. 1.

ALFRED

A2800—A beautiful, glossy, jet black berry with a wonderful flavor. Nearly seedless, too. Produces mammoth berries even in the cold section if given a little winter protection. 6 for 1.29; 12 for 1.98; 25 for 3.39; 50 for 5.98; 100 for 10.98, ppd. 1-yr. No. 1.

A2230X—6 each of Alfred and Eldorado. 1-Yr. No. 1. All you will need for pies, canning and eating fresh. 1.89, postpaid.

YELLOW GLASS

Birds Don't Bother It!

A1340—If you are looking for a cherry—and a yellow one at that—which will literally load itself down with a tremendous crop of fine golden cherries, Yellow Glass is it. Has flavor that is every bit as good, and some consider it better, than the delicious Bing cherry. Hardest of all the sweet cherries. You will also appreciate the fact that, because the fruit is yellow, the birds leave it alone. Try Yellow Glass—the hardest of the sweet cherries.

METEOR

New Hardy Pie Cherry

A1332—At last we can offer a Hardy Pie Cherry to all of our Northern friends. Developed by the Minnesota Fruit Breeding Farm at Minn. No. 66, it has produced a crop of fine cherries every year, even after very severe winters when most other varieties killed out.

The fruit is as large as Montmorency, bright red in color, and of very good quality. Mildly acid in flavor and a real treat for all who enjoy pie cherries as a dessert. We highly recommend Meteor as it is the cherry so long sought by all.

DELUXE GRADE. As described on page 15.
 4-6 ft. size, 3.39 ea.; 3 for 9.50, postpaid.

NANKING CHERRY

A1364—Here's a beautiful flowering cherry that provides an abundance of fine flavored, high quality fruit. It's a rare treat to see in the spring with loads of showy blossoms along its branches. Fruit is an attractive red, juicy and delicious. Its distinct flavor makes it fine for canning and pies. 18 to 24 in. size. 79c each; 3 for 2.19, postpaid.

Gurney's Giant RED-FLESHED Oka Cherries

A1355—You've never seen more giant (plum-sized) fruit on one bush cherry in your life. Dark purplish-red skin and flesh. Usually classified as a plum and grows, ripening like a plum. Grows 4 to 6 feet tall and a tremendous yielder for its size. Fine as an ornamental. 2 to 3 ft.—1.25 each; 3 for 3.49, postpaid.

NIAGARA—Best of the Whites

A3139—Niagara is the leading favorite in "white" grapes because the large fruit has such a delightful flavor. The vine is hardy and extremely productive. Does very well here at Yankton. Your grape arbor should contain at least 6 Niagara. 1-Yr. No. 1 Plants, 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

RED CACO—Big Clusters

A3110—The sure-crop red grape. Always bears big clusters of rich red grapes, even in hottest summers. Makes most beautiful jelly. As Concord is the most popular of the blue-black grapes, so Caco is the most popular of the red grapes. 1-Yr. No. 1 Plants, 50c each; 2 for 85c; 6 for 2.25; 12 for 3.98; 25 for 6.49, postpaid.

Compass Plum Cherry

A1705—This fine early bearing cherry-plum cross is one of the best known in this entire country. Here is a cross that will yield a tremendous crop of bright red fruit the second year after planting. Compass is best known for its jams and jellies; however, many prefer to eat Compass fresh from the tree.

Gurney's HARDY CHERRIES

SEE ILLUSTRATIONS AT LEFT

Gurney's Cherry Trees are extra-heavy rooted, well-branched, and of extra-heavy caliper. All budded on hardy understock to give a long-lived tree.

Set 18 feet apart, each way, or 130 to the acre. Keep the ground around them cultivated if you can, but cherries will do very well even when surrounded by a heavy sod.

Gurney's GRAPES

CONCORD

A3111—The most popular grape in the United States. Matures early, keeps well, ships well and sells well. The berries are in enormous bunches and are blue-black, juicy and delicious. Great for grape juice. 1-Yr. No. 1 Plants, 45c each; 2 for 75c; 6 for 1.75; 12 for 2.75; 25 for 4.75; 100 for 16.75, ppd.

All Gurney Grapes are strong, heavy plants that give quick results. They are well-rooted and will please you. The varieties listed are the hardest. They can be grown on a fence or an arbor, or in a vineyard. Plant about 5 to 8 ft. apart in rows 6 ft. apart. In planting cut the tops back to 3 to 4 buds, and prune the roots slightly. Put up a support for grapes the second year. Prune each year.

The grapes we list are exceptionally hardy and with very little attention have wintered the most severe conditions. All they require is a light covering in winter to protect the buds.

Wild Black Cherry

A1736—This is a very gorgeous tree. It bears flowers in large white clusters in early spring and then, in August, bears a great abundance of edible fruit. Hardy, rapid grower, and makes a large tree.

	3 to 4 ft.	Each	Per 5	Per 10
ppd.....	.98	4.59	8.75	

BUFFALO BERRY

A1702—One of the finest of shelter belt and windbreak plants. Also bears great clusters of fine edible berries that make delicious jelly. Silvery leaves with ropes of bright berries.

	2 to 3 ft.	Per Per	Per Per
ft. seedlings, 5	10	50	
ppd.....	.98	1.85	8.49

SAND CHERRY

A1728—A bush fruit that makes an excellent ornamental or hedge. The fruit is good for canning or sauce, or to eat from the bush.

A strong grower and hardy. Drought resistant. Will produce heavy crop year after planting. 18 to 24 inch. 2 for 49c; 10 for 1.79; 25 for 3.29, ppd.

Hardy Northern-Grown STRAWBERRIES from GURNEY'S

The Favorite of Folks Everywhere

Pyramidal Strawberry Bed

You don't need a big back yard to raise loads of strawberries. Accommodates 75 plants in a circle only 6 feet across.

The bands are aluminum. The longest makes a 6 ft. circle and is placed on the ground and filled with soil. The three successive bands are added and filled, each allowing an 8 in. terrace for the plants. Now you can have those berries you've always wanted.

4055—4 Aluminum bands, complete with directions for assembling. 9.98, postpaid.

RED-RICH®

The "WONDER BERRY"

B4126—(Patent Applied for)—Here's the new cross between Wayzata Everbearing and Fairfax June-bearer. Red Rich is the result of a chance seedling, one in a million, that is good on all counts, retaining all the good qualities of both parents. Exceptionally high quality and honey-sweet flavor. The fruit is very large and a deep red clear through. Especially good for freezing; does not mush when thawed; requires little sugar. One of the highest yielding Everbearers; 4,000 quarts were picked from one acre. Has a large crown and root system.

B4126—12 for 2.98; 25 for 5.00; 60 for 8.49; 100 for 14.98; 200 for 26.00; 500 for 56.50. All Ppd.

red-rich
EVERBEARING
NEW!

Here's Why So Many People Grow Strawberries

No fruit is easier to grow, yields more heavily, or more quickly, with less space and less trouble than strawberries.

You can set out 50 strawberry plants in your back yard, in a space no larger than a blanket, and one year later you probably will get 50 quarts of fruit. It is no trick at all to set out 100, 200, or 300 plants, and if you want to grow larger quantities for a cash crop, strawberries will make you more money per square foot of ground than almost anything you can grow. Some farmers make more money from a few acres of strawberries than other farmers make on a 160-acre general farm. You can even get people to come to your place and pick their own berries and pay you for them.

By planting both June-bearers and Everbearers, you can stretch your strawberry season. The everbearers bear a good crop early, and another late. The June-bearers bear their whole crop in a few weeks, which is ideal if you want to freeze or preserve them all at once and get it over with.

Gurney's EVERBEARERS

Varieties We Consider the FINEST FOR YOU!

Heavy-Yielding GEM

Bears Longest... Stands Drouth

B4112—We have grown and sold the "Gem" for many years, and year after year our customers write us how vigorous it is, how it bears big, red, juicy strawberries so heavily, even in years of drouth. Gem bears all summer long. For commercial growers or home gardeners GEM is one of the best.

SUPERFECTION

The Leading Everbearer...

B4132—Superfection produces more fruit than any other everbearing variety.

The berries are, large, bright red, richly-flavored and very sweet. Superfection is a very strong grower and a fine plant maker that bears two extra-heavy crops of fruit a year. Self-pollenizing, so can be planted by itself. Plant a couple of rows across your garden, and you will really be amazed at the tremendous crop of fine, luscious berries. 25 for 2.25; 50 for 3.95; 100 for 6.75; 200 for 11.50; 500 for 24.95; 1000 for only 45.95. All postpaid.

STREAMLINER

The Sweetest

B4131—The strawberry you will enjoy with sugar; sweet as honey. Requires less sugar for canning. Berries are jumbo-size. Mammoth yields from July until freezing. This is the ideal everbearer for your garden. Up to one quart of berries per plant. Strong, vigorous plants.

Gurney's "NEW HARDY"

An Improved Everbearer

(Minn. 1166...Evermore)

B4113—For several years our customers have bought more New Hardy than any other kind we sell. Why? Because it has proved its worth by producing heavy crops of big, red, sweet berries—even under the most adverse conditions. We believe it is the best for all northern growers, especially you folks north of central Iowa and central Nebraska. Plants are extra large, thrifty, and you will harvest huge crops of fine-flavored berries from June 'til frost. Bears the first year.

Gurney's JUNE-BEARERS

...NEW ROBINSON Finest June-bearer

B4127—The finest medium-late berry to date. Ripens right after Premier. The large conical brilliant scarlet red fruits are firm and glossy and bring premium prices on the market, as they stand shipping excellently. Delicious for table use and a wonderful canner and preserver. The foliage is a beautiful light green, thrifty and heavy. The plant makes runners profusely, which always makes an ideal picking row.

FREE GIFT: 2 Beautiful Blue Delphinium

New Hybrid BLUEBERRIES

Now You Can Grow Them

Real Blueberries big as marbles. You can now grow the genuine Hybrid Blueberries in your own yard. For a long time we have been experimenting with big Blueberries from the east. We have found it possible to grow Blueberries in the midwest simply by adding a little aluminum sulphate to the soil to make it acid, so we send you a free package of aluminum sulphate with your blueberry plants.

Named Varieties of GIANT BLUEBERRIES

Truly as big as marbles. Delicious in flavor. Berries ranging up to the size of marbles and sometimes cover the plant. Big, upright, shrubby plants growing to a height of 5 ft. or more and as broad. We will only sell these in collection of three, as several varieties of blueberries

must be grown together to get a good set of berries. Plant 6 ft. apart. We are offering the newest and finest sorts of 3-yr.-old plants. Don't count on a yield like they get in the regular Blueberry growing area, but with favorable conditions you can get enough delicious berries for that wonderful Blueberry pie. Some folks report amazing results.

HYBRID BLUEBERRY COLLECTION—A2260X

1 Rubie 12 to 18", 1 Concord 12 to 18", 1 Stanley 12 to 18". With 1 lb. Aluminum Sulphate and complete directions for making the soil acid. Low Postpaid Price

LARGE DUSTER

4025 Bigger gun. Holds about 1 lb. Bug Dust. Long extension nozzle for getting under plants. Now only 1.35 each, postpaid.

Safeguards Your Garden **THREE WAYS** **BUG DUST**

OVER 50,000 CUSTOMERS
USE GURNEY'S POWERFUL

USE GURNEY'S BUG DUST ON:

- Garden Pests
- House Plant Pests
- Fungus Growth
- Fleas and Lice on animals and poultry
- Ants in house and garden
- There Are Many Other New Uses Being Discovered Every Day

ONE TRIAL WILL CONVINCE YOU

You can hardly realize how effective Gurney's BUG DUST is until you use it yourself and see how it works. Many folks call it the "Wonder Dust." It's easy to apply and there is no question but what that garden of yours is worth protecting. Do it the easy way with Gurney's famous Bug Dust.

3-WAY ACTION

Gurney's BUG DUST works not one—but three—ways. It's a STOMACH POISON—a CONTACT POISON—and a FUNGICIDE—ALL IN ONE DUST. That's the reason it is so effective on so many different garden pests as well as aiding in the control and prevention of the various diseases.

- 1 Powerful, Yet Safe CONTACT POISON**
- 2 Fast-Acting, Positive STOMACH POISON**
- 3 Disease-Checking FUNGICIDE**

The Outstanding Insecticide:

Powerful Ingredients Used in Bug Dust

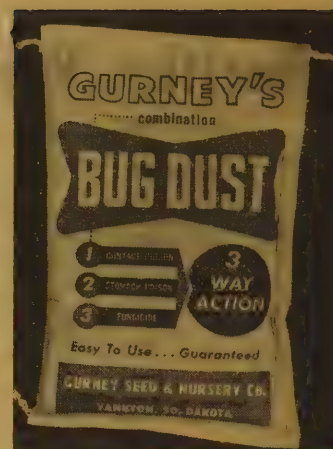

Our new formula makes Gurney's BUG DUST the best multi-purpose dust we have ever offered. One of its most powerful ingredients is Rotenone, a stomach and contact poison. It is largely responsible for the effectiveness of our BUG DUST. Another important ingredient is Dithane, which gives effective help in the control of many insect pests. Also contains Methoxychlor, the wonderful new insecticide. We have blended all these different ingredients into one easy-to-use dust. Gurney's famous Bug Dust helps make gardening easier than ever before. Just give it a try and you'll be convinced.

Leaves No Poisonous Residue

Gurney's BUG DUST will not harm even the most delicate plants when used as directed, and leaves no poisonous residue. This feature alone is very important to every gardener.

ABSOLUTELY GUARANTEED

The reputation we have built up over many, many years in this business is behind every pound of our BUG DUST. It does what we say, or your money back. No arguments, we want you to be the sole judge and jury. It must satisfy you 100%.

\$1.98

GURNEY'S COMBINATION BUG DUST HAS 1001 USES:

Dust your flowers and shrubs against bugs and disease.

Dust your garden crop against bugs and disease.

Dust poultry and animals to help control mites and lice.

Dust around ant hills to stop them.

Dust your house plants against bugs and disease.

Make water solution and use as fly spray.

NOW! USE ONLY ONE SPRAY MOST ALL SEASON TO PROTECT YOUR FRUITS, ORNAMENTALS

No Need to Buy and Bother With a Lot of Different Chemicals, Gurney's COMBINATION FRUIT SPRAY Will Save You TIME, WORK, MONEY! Fully Approved!

EXCELLENT FOR SHRUBS, ROSES, EVERGREENS, TOO!

OUR COMBINATION FRUIT SPRAY takes the hard work and the high cost out of spraying. And, it does an excellent job of controlling insects and diseases. If you raise any fruit at all and have not tried the spray, we suggest you do. Here's why:

EASY TO USE

In the past, the trouble with spraying fruit trees has been that you had to buy a lot of different chemicals, get a spray chart and then try to figure out what to mix for each different fruit and different time. It was a nuisance and you were apt to get confused and disgusted and figure it wasn't worth the effort.

Now with Gurney's COMBINATION FRUIT SPRAY, you buy just the one package and use it for different fruits at various times during the season. No guessing, no fussing around.

Another trouble with mixing your own spray is that usually you had some Lead Arsenate in it, or Bordeaux Mixture, and if you got too much in the mixture or sprayed too much on your trees or used an apple tree mix on a peach tree for instance, you burned the foliage and ended up doing more harm than good. Now, with Gurney's COMBINATION FRUIT SPRAY, when used as directed, you will not harm fruit trees and it gives no undesirable flavor to the fruit.

DEVELOPED, TESTED AND APPROVED

Leading entomologists have recommended this formulation for a multi-purpose fruit spray. Gurney's Fruit Spray contains Malathion, Captain and Methoxychlor—all noted for their high degree of safety for the user.

NOT JUST FOR FRUIT TREES

Besides being a fruit spray, our COMBINATION FRUIT SPRAY is beneficial to most of your ornamental shrubs, evergreens and roses. Merely follow simple directions on package.

HOW MUCH TO ORDER

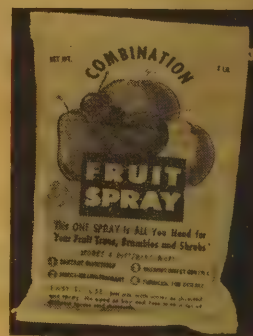

You just use one pound of spray with 12 gallons of water—enough to spray 4 average-size fruit trees 5 times during the season. Figure about half that amount for young fruit trees not yet bearing.

HOW TO USE

All you do is mix with water and apply with any good sprayer. Do not use as a dust. Directions on each package tell you when, what and how to spray.

COMPLETELY GUARANTEED

Gurney's Combination Fruit Spray is guaranteed to do the job when instructions are followed. If it doesn't satisfy you 100%, we will refund your money!

SPECIAL SPRAY & SPRAYER OFFER

4103X—3 lbs. of Gurney's COMBINATION FRUIT SPRAY and Sprayer, described at left. 12.87 value only 9.98, ppd.

COST LITTLE TO USE

A little of Gurney's Combination Fruit Spray goes a long way. An increased production through its proper use means more and better fruit. This alone more than pays for the cost of this spray.

FRUIT SPRAY NOW CONTAINS MALATHION

This is the new truly great insecticide and miticide. Malathion can be used as close as 72 hours before harvest on many fruit crops without fear of objectionable residues on or in the harvested crop. Malathion combines high toxicity to insects with low toxicity to man and animals. It is the ideal insecticide to stop that late season aphid or mite build-up.

Also Contains CAPTAN—The Wonder Fungicide

HERE IS WHAT IT CONTROLS!

Use it as directed and Gurney's COMBINATION FRUIT SPRAY helps control the following:

Blotch	Brown Rot	Bitter Rot
Cedar Rust	Leaf Spot	Leaf Curl
Aphid	Bagworm	Codling Moth
Curculio	Red Spider	Fruit Mites
Leaf Hoppers	Plant Lice	Leaf Rollers
	Oriental Fruit Moth	

AND THESE INSECTS!

HERE IS WHAT IT PROTECTS:

Apples	Apricots	Cherries
Grapes	Peaches	Raspberries
Plums	Blackberries	Evergreens
Pears	Roses	Quince
	Nectarines	Ornamental Shrubs

NOTE: For control of disease and insects in the vegetable garden we recommend you use only Gurney's Bug Dust.

INSECTICIDES - FUNGICIDES - RODENTICIDES

It Always PAYS to SPRAY

The chemicals listed immediately below, plus Gurney's Bug Dust and Gurney's Combination Fruit Spray, give you the proper weapons to combat all insects and fungi that attack your plants.

Millions of dollars worth of vegetables, fruits, etc., are lost annually because of insects, disease and rodents. It is such an unnecessary loss too. Modern science has discovered new chemical insecticides, fungicides and rodenticides capable of controlling all problems. Listed below are some of the most effective controls known to man.

Handy - Dependable GARDEN AIDS from GURNEY'S

Gurney's INSECT BOMB

For House
Plants

Now it's easy to keep your house plants in good healthy condition. Convenient, safe, and always ready to use. Full directions for use on container. No. 4091—98c each; 2 for 1.89, postpaid.

10% ALDRIN

Granules

4036—One of the latest type and most effective methods of controlling soil insects. Does a wonderful job controlling Ants, Corn Rootworm, Cucumber Beetle, Grubs, Wireworm, Flea Beetle, Cutworms, etc. For best results, use 3/4 lb. per 1000 square feet and work into the top 3" of soil by cultivation, hoeing or disking. 1 lb. in sifter type can only 1.15; 3 lbs. 2.25; 5 lbs. \$3.25, p.p.d.

Gurney's ROSE DUST

Controls Black Spot, Mildew, Rust Mite and many chewing and sucking insects that afflict roses. Keeps them clean and blooming.

4023—3/4 lb. in dust gun, 95c; 3 lb. bag, 1.89.

4044—Or 3/4 lb. in dust gun plus 134 lb. bag (2 1/2 lbs. total), both for 1.85, p.p.d.

MALATHION

Fly Killer

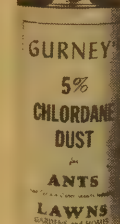

4006—So easy to use, these small solid flakes are simply scattered on floors, litter, ground or any areas where flies frequent. A fast killer that will last for days. Will control DDT resistant flies. The newest and most revolutionary fly killer now available. 1 lb. 98c; 5 lb. bag 2.29; 10 lb. bag 3.98, p.p.d.

CHLORDANE for HOME and GARDEN PESTS

4077—Chlordane 45% Emulsion. Now you can control ants, chiggers, ticks, chinch bugs, grasshoppers, Japanese beetles, grubs, roaches, and many other garden, farm, lawn and soil insects. Easy to use, full directions on container. 1/2 pt. (8 oz.) 98c; 1 pint 1.89; 1 quart 2.89, postpaid.

4078—5% Chlordane Dust. Mighty handy to have around the house to control ants, roaches, carpet beetles, centipedes, silverfish and spiders. Controls grubs, wireworms, grasshoppers, blister beetles, cabbage worms, potato beetles and many other garden pests. Complete directions on the package. 1 lb. (sifter can) 79c; 3 lb. bag 1.89; 5 lb. bag 2.89, postpaid.

Gurney's ANT KILLER

4003—Simply punch several holes in the top of the can and set on shelf or wherever ants are and—no more ants. Absolutely guaranteed. 3 cans, 98c, postpaid. Single can 39c, postpaid.

ROACH KILLER

4004—One of the most effective preparations against roaches, etc. No need to be bothered with these pests when they can be controlled so effectively. Full and easy instructions on the container. 4 oz. can 35c; 3 for 98c, postpaid.

BLACK LEAF "40"

4008—All-around spray for aphids, lice, delousing poultry, sheep dip, etc. Full directions with bottle. Black Leaf "40" has long been a favorite of gardeners everywhere. Oz. 49c; 5 oz. 1.39, postpaid.

VOLCK (Oil Spray)

4042—A highly refined spray carrier for use against Mealy bugs, Scale insects, Red Spiders and White Fly Larvae on many plants, especially house plants, fruit and shade trees, evergreens, chrysanthemums and many shrubs. 4 oz. 49c; 16 oz. 98c, postpaid.

BORDEAUX MIXTURE

1005—The famous compound for control of black rot blight, etc. 1 lb. 59c; 1 lb. 1.39, postpaid.

ARSENATE OF LEAD

4007—General, popular spray for protecting fruit trees against disease and insects. 1 lb. 79c; 3 lbs. 1.89, all postpaid.

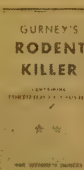

KILL SOIL PESTS with FUMI-SOIL

4017—An amazing soil fumigant that kills underground pests foliage sprays can't reach. Will control ants, grubs, wireworms, nematodes and other root pests. Moles, too, can be controlled with Fumi-Soil Capsules.

24 capsule pkg. only 1.45; 100 capsules 3.95; 200 capsules 6.95, p.p.d.

RODENT KILLER for Moles and Gophers

4001—Drop a cake in the mole run or gopher hole and your troubles are over. Acts as a stomach poison. Gets them quick. Can't harm poultry, domestic pets or animals. This mole and gopher killer DOES THE WORK and is easy to use. Per box with easy-to-follow instructions 50c; 2 boxes, 95c, postpaid to your mailbox.

DOGS'S S-CAT

4000—Protect shrubs, evergreens and flowers. Extremely offensive to animals. Full directions on the container and is very easy to use. One evergreen tree is worth many times the small cost of protection. 8 oz. can 69c; 16 oz. size 98c, p.p.d.

BORERKIL

for Tree Borers

easy to use. 2 oz. tube with directions and 2 injector tips. 1.00, postpaid.

4043—The best method we know of for controlling borers in trees, small fruits, etc. When injected into their burrows, or under bark, it kills boring insects. Very easy to use. 2 oz. tube with directions and 2 injector tips. 1.00, postpaid.

WARFARIN RAT and MOUSE KILLER

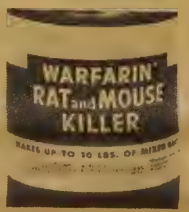

This powerful, safe rat and mouse poison was developed by the University of Wisconsin.

Warfarin is so effective because it is an anticoagulant, causing the rodents to bleed to death internally.

4070—4 oz. can (makes 5 lbs. of bait). 1.75; 8 oz. can (makes 10 lbs. of bait), 3.00 postpaid.

4075—Ready Mixed Bait. 1 lb. package ready to use 98c; 5 lb. size 2.98, postpaid.

4012—Warfarin Liquid Concentrate: Just mix with water, 1/3 oz. pkg. (makes 1 qt. bait solution) only 79c; 3 pkgs. for 98c, p.p.d.

SURE CONTROL!
FOR
RATS AND MICE

FLYING DISK

4071—Scare birds and animals away. Amazing protection for newly planted seeds, berries, fruit trees, etc. Made of shining aluminum. Spin and whirl madly, give blinding reflections and weird crackling sounds—to scare birds and animals away. 10 Flying Disks with instructions, only 30c, postpaid.

Aluminum Tree Protectors

4076—The cheap, easy way to keep rabbits from gnawing and kirdling your trees and shrubs.

Low cost—the price of one tree (1.50) will buy enough of them to protect an orchard of twenty-five trees.

Simply wrap the protector around the tree and crimp the edges. You can fit them to any tree.

Safe—rabbits will not chew through them. 25 for 1.50; 50 for 2.65; 100 for 4.25, postpaid.

INOCULANTS and DISINFECTANTS

Be Sure to Inoculate with NITRAGIN For Peas and Beans

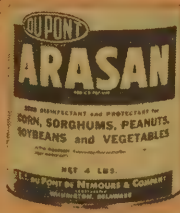

4018—All your garden peas, beans and sweet peas should be inoculated. Inoculation helps the plant to take nitrogen from the air, put it in the soil. Just takes a minute to dust it on your seed—or trouble at all but it makes a world of difference in your yield.

Enough to inoculate 5 lbs. of seed. Full directions on each packet. Per packet 25c, postpaid.

Use ARASAN

4036—Increases stands and yields by reducing losses from seed decay, damp off and seedling blight caused by seed and soilborne diseases. 1 oz. pkg. (enough for average garden). 50c; 8 oz. can 1.50; 2 lb. can, 3.95, p.p.d. (For use on field seed, see page 33.)

CERESAN M.

4019—For treating seed-borne bunt or stinking smut of wheat, oat of oats, some smuts and stripe of barley, sorghums, and rye, etc. 1 can treats 28 bu. of grain. 14 oz. can 1.65, postpaid.

SEMESAN BEL

4021—For treating potatoes to reduce scab and Rhizoctonia, ring rot, bacterial wilt, stem rot, seed-piece decay, etc. 2 oz. treats 7 1/2 bu. seed at about 1c bu. 2 oz. tube, 50c, postpaid.

SEMESAN

4020—For combating diseases on seeds, bulbs, roots of flowers, vegetables and nursery crops. Reduces seed rotting and damping off of seedlings. 4 oz. can, 1.80, postpaid.

Campbell's STUMP REMOVER Gets Rid of Stumps Like Magic

4089—Contractors charge up to \$2.00 or more to remove a stump. Now you can remove your own—any tree stump any size, any age, any place, any time, for as little as \$1.60 without chopping, digging, blasting or pulling.

Campbell's Stump Remover is a chemical compound formulated to eat open sap pores in a stump, to honeycomb and decompose it. With pores open, the stump becomes sponge-like, porous—can thus be saturated with kerosene clear to the end of the roots—it will then burn quickly, completely and with a low smoldering flame. Do it the easy way.

Full directions on package. Trial package, 4 oz. (enough to remove one stump 12" in diameter), 1.00, p.p.d.

8 OZ. SIZE
\$1.50
P.P.D.

16 OZ. SIZE
\$2.50
P.P.D.

ROSEONE

ROSEONE

4060—Use Roseone for better roses. It is a hormone (not a fertilizer) for increased rooting

of cuttings, seed and bulbs—but particularly roses. Causes earlier, more luxuriant growth and blossoms. Get bigger roses faster by using Roseone when planting your roses. Full directions printed on the container. You'll be more than pleased with the results you achieve from this modern hormone treatment. 3 oz. CAN, 1.00, postpaid.

Use BLOSSOM SET No Seed Hormone

On Your Tomatoes For Bigger Fruit More Luscious Heavier Bearing

4054—Just mix with water and spray over the whole plant. Stops blossom drop; sets fruit chemically. Tomatoes ripen 2 to 4 weeks earlier. Fruits are larger, firmer, more delicious. Most are SEEDLESS. Try Blossom Set and you'll say you never tasted such wonderful tomatoes. Remember, it sets the fruit chemically, not by pollen. Excellent for strawberries, peppers, cucumbers. Tested by U.S.D.A. 4 oz. bottle (makes 1 gal. spray) 75c; 1 pint (makes 4 gal. spray) 1.75, postpaid.

New Aerosol Dispenser Now Available

Here is the convenient, easy way to spray. Just push the button and—WHOOSH—it's all done just as easy as that.

4033—Aerosol Type Blossom Set. 12 oz. ready-to-use can (season supply for 100 plants) for only 1.95, postpaid.

NEW!
Hormone Spray
for
BERRIES!

Try This SENSATIONAL BERRY-SET On Your Strawberries

Just Spray The Blossoms

4067—Makes berries grow much larger—often 50% to 100% BIGGER. Meatier, sweeter, more luscious tasting. Greatly increased berry yield. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruits over a longer period; therefore gardeners enjoy a longer season, get greater enjoyment from their plants and greater value, too. This new scientific "Hormone" powder effective on ALL berries. 1 oz. package makes 4 gallons. 1 oz. 50c; 3 oz. 1.00, postpaid.

BERRY-SET

A HORMONE SPRAY FOR BIGGER BERRIES!

JUST SPRAY THE BLOSSOMS

BIGGER MORE LUSCIOUS LONGER BEARING

STRAWBERRIES

Raspberries, Blackberries, Mulberries

SCIENCE PRODUCTS COMPANY - CHICAGO 37

50 TO 100% LARGER BERRIES

Double The Life Of Your Cut Flowers With FLORALIFE

For All Cut Flowers

4031—Want your cut flowers to last longer? It's easy to almost double their life with this truly amazing preparation. It helps prolong life, retards wilting, prevents fading and helps maintain fragrance. Floralife prolongs the life and beauty of roses, snapdragons, delphiniums, carnations, gladioli, peonies, larkspur, chrysanthemums, dahlias, asters, gypsophila, pompons, etc. For an interesting comparison place several blooms in a separate vase of plain water and notice the surprising difference after several days.

Trial Packet (Makes 2 quarts of solution), only 15c; Handy Home Size (makes 30 quarts) only 1.00, postpaid.

GROWING PLANTS NEED FOOD

Any investment you make in trees, shrubs or flowers should be protected. Give them the chance they deserve by providing the proper plant food. It will pay you many times over in less loss, more vigorous growth, more luxuriant growth and better results. You'll find a fertilizer listed here to fit your needs.

WATCH-EM-GROW PLANT FOOD

4009—Here is a concentrated plant food that is very well balanced, soluble, quick acting and odorless. Excellent for all house plants.

Just dissolve a level teaspoonful in a cup of boiling water and then mix with one-half gallon of cool water. Apply a half pint to each 6" pot. Use once a week for 2 or 3 weeks and watch the amazing results. Long a favorite.

7 oz. can for only 50c, postpaid.

Make Your Own Fertilizer

FERTOSAN

Compost Accelerator

4099—Millions of dollars worth of the finest humus plant food available is wasted annually because people do not take advantage of nature. Do not destroy by burning or hauling away, those valuable leaves, garbage, rubbish and the like. It's easy to start a compost pile and turn this waste into valuable fertilizer.

Fertosan is a wonderful powder that converts garden rubbish, leaves, etc., into manure in just five or six weeks. Now you can have your own compost pile and make rich humus-laden manure in just a few weeks. Large packet (enough for 1 ton) only 97c, postpaid.

SUPER PHOSPHATE

4084—For blooming plants. Many plants do not bloom because soil is often short of super-phosphate. If soil is deficient in this, when used according to directions, Gurney's SUPER PHOSPHATE will help your African Violets and other blooming plants to bloom better. 3 lb. package, 1.29, ppd.

For Better Lawns, Trees and Shrubs

Use Gurney's Famous GREEN THUMB FOOD PLANT

If your plants get hungry and sickly, with yellow leaves, stunted growth and colorless flowers, they need food and water and cultivation. You can either spend hours fertilizing these hungry plants or you can use Gurney's GREEN THUMB PLANT FOOD and do a better job in a short time. In fact, we don't know of anything better for starting newly planted things off right.

Besides being an excellent food for indoor and outdoor plants and flowers, it works equally well on lawns, shrubs, trees and vegetables.

ACTION STARTS AT ONCE

You just mix 1 tablespoonful with a gallon of water and pour around plant just like you were watering it. Being a liquid, the solution goes directly to the roots and action starts at once. There's no waiting for results—you see them in a matter of days. The solution is odorless and non-poisonous. Contains the nutrition that growing things need.

NOTHING EASIER TO USE

One 16 oz. package of Gurney's powdered GREEN THUMB PLANT FOOD makes 30 gallons of liquid fertilizer. Full, simple directions on package tell how much to use for various plants, trees and lawn. You'll be surprised at how easy it is to fertilize this way and how little it costs. You'll also be surprised at the results!

Just One Tablespoonful of Gurney's GREEN THUMB PLANT FOOD plus water equals 1 gallon of liquid fertilizer.

GURNEY'S GREEN THUMB PLANT FOOD is composed of important plant nutrients and when mixed with water they become immediately available to the roots of hungry plants, lawns, and trees. You can see results in a short time.

Gurney's

"GROW-AID"

The Hormone Vitamin Concentrate

This new miraculous dust multiplies roots, speeds up root growth and stimulates and makes larger plants when used on vegetables, plants, shrubs, seedlings, trees or flowers. A combination of the recently discovered, very beneficial root stimulating Hormones and the better known Vitamins that have made plants and seeds GROW FASTER, YIELD MORE, AND PRODUCE LARGER FLOWERS AND FRUITS. Tests by state colleges everywhere approve it.

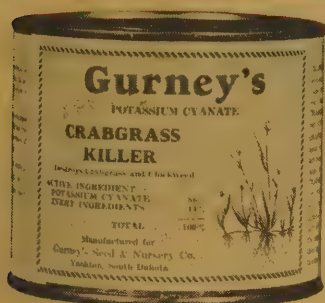

Very Easy to Use

Can be used as a dust on seedling roots or sprinkled on vegetable seeds or may be used as a solution (about 1 teaspoonful to a gallon of water) to soak roots before planting or to water plants already established. (Full instructions for GROW-AID on each package.)

No. 4018—1/2 oz. (enough to treat 17 lbs. garden seed, etc.), 25c, postpaid; 3 oz. (for large gardeners, planters, etc.), 1.00, ppd.

WEED KILLERS from GURNEY'S

Gurney's Potassium Cyanate CRAB GRASS KILLER

Destroys Crab Grass and Chickweed

4068—For years, home owners all over the land have been plagued with the "curse" of all good lawns—Crab Grass. Many different ways and means have been tried to control this noxious weed and in most cases, with very little success.

We have offered different chemicals in the past and were never really satisfied with the job they did. It took lots of time and research to find the answer to the problem but now, we believe it is here.

Gurney's Potassium Cyanate offers the best control method we know of. It will kill crab grass without permanently damaging other grasses. Comes with complete, easy-to-use instructions.

4 oz. (enough to cover about 1000 sq. ft.), 1.25; 16 oz. 3.15, postpaid.

Prevent Weeds Before They Grow

CRAG Herbicide 1

Here's what a lot of you have been waiting for—a weed killer you can spray on your strawberry bed to control weeds and yet won't hurt the strawberry plants. This new weed killer's name is CRAG HERBICIDE 1.

CRAG HERBICIDE 1 has been thoroughly tested and now is being recommended by a lot of the colleges because it not only kills weeds and germinating weed seeds in strawberry beds, but can be used for weed control around asparagus, field and sweet corn, lima beans, potatoes and radishes, as well as other crops.

It sells at 4.49 for a 1-lb. package and 3 lbs. will treat a whole acre. Crag Herbicide is now recommended for killing crabgrass seeds as they sprout in the late spring and early summer. Safe to use, too.

4074—CRAG HERBICIDE 4 oz. can, 1.50; 1 lb. can, 4.49, postpaid.

THE WORKSAVER OF A LIFETIME

**No More Hoeing
in the Strawberry Bed**

New PYRAMIDAL Strawberry Bed USES ONLY A 6 FT. CIRCLE OF GROUND

Sensational New Way For Everyone To Grow Strawberries

Accommodate 75 plants in circle only 6 feet across.

The bands are made of aluminum. The longest is formed into a 6 ft. circle and placed on the ground. It is filled with soil. The three successive bands are added and filled, each allowing an 8 in. terrace for the plants. A core of sand fills the bed down to the bottom layer, making watering easy.

Any good garden soil mixed with peat moss is recommended to fill the pyra-

mid. After the plants are set, cover with 2 bu. of peat moss to help maintain moisture, eliminate cultivation, helps keep down weeds.

The Pyramidal Bed consists of 4 aluminum bands complete with planting instructions and directions for assembling.

Don't let lack of room stop you from raising your own home-grown strawberries. They can't be equalled for freshness, taste and quality. Remember—6 foot of ground is all you need.

NOW! You Can Landscape Your Own Home

By Franc P. Daniels, B.S.A.
Best Do-It-Yourself
Book We Know of

4028—If you are one of the thousands of home owners who for the sake of economy, want to landscape your own home—this is the book for you. And you'll do the proper job, too.

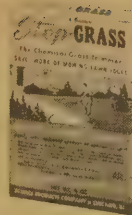

It is simple, concise, clear and easily understandable. So well illustrated that any

rank amateur can do a creditable job after carefully studying it.

We have sold hundreds of these books and are convinced they are the answer to the prayer of thousands of home owners.

Use this fine book to do your own job of landscaping and then buy your stock direct from Gurney's. Home owners have saved thousands of dollars by doing this. It's easy and fun, too.

PRICE ONLY 1.00, POSTPAID.

New Chemical Lawn Trimmer

STOP GRASS

4079—Grass sprayed with Stop Grass grows so slowly it needs only 1 or 2 mowings or edgings during an entire season if applied early and according to instructions. Has no effect on trees, shrubs or flowers when ordinary care is used in spraying.

Use in a 6" strip along driveway, curb or edge of flower bed. Fine around trees or shrubs or any other grassy area or edges where mower won't work. Fine for treating quick-grass infested gardens and preventing sprouting of potatoes and onions in storage.

1½ oz. (400 sq. ft.) 1.00; 4 oz. (1100 sq. ft.) 2.25, postpaid.

New—Improved LAWN WEED KILLER

4048—This new type spray kills all broad-leaved weeds (including dandelions) and many hardwood plants such as poison ivy.

Why be bothered during the summer with the host of weed pests that invade practically all lawns. No use to try and do the job of weed removing by hand with a knife or hoe when Gurney's Lawn Weed Killer can do the job. We've sold lots of this fine weed killer in the past few years and we know it is good. You will find complete easy-to-follow instructions for mixing, on the container. Pint 1.29, quart 2.29, postpaid.

SOIL CONDITIONERS from Gurney's

Is Hardpan or Clay Soil Your Problem?

Use KRILIUM Soil Conditioner

4092—Krilium, the sensational new synthetic chemical, has startled the world with its ability to turn hard clay soils into loose, crumbly soil.

Nothing is more discouraging than to try to do a little gardening in ground that is hard as concrete. It's not only a back-breaking job but the results to be expected are generally poor enough to discourage the most ardent gardener.

Krilium is easy to use. Simply spread over surface, spade in, mix thoroughly, smooth over, water down. 5 pounds treats 40 square feet to a depth of six inches or 80 square feet to a depth of three inches. Can be worked into soil any time. 1 lb. .69, postpaid; 5 lbs. 1.98, postpaid.

TERRA-LITE for Seed Beds and Cuttings

Also For Mulching, Storing and Conditioning

4085—(Also known as Vermiculite.) Used in place of soil or sand. Produces amazing results in the germination of seed and the rooting of cuttings.

You ladies that love to grow house plants by starting your own shoots or cuttings won't want to be without this wonderful planting medium.

If you have been having trouble bringing your roses through the winter, try this: Make a ring out of roofing paper that is 16" in diameter and 10" to 12" deep. Place the ring around the rose and fill with Terra-Lite.

Here Are More Uses

Fine for mulching material, for storage of bulbs and root crops, and mixing with soil to improve its texture. ½ peck 1.15; ½ bu. 1.89, postpaid.

SPHAGNUM MOSS

"Nodampoff"

4014—Safest Germinating and Growing Medium for Seeds, Bulbs and House Plants.

Gives almost 100% germination. Seeds germinate faster. It makes tremendous root systems and transplanting easy. Nothing new about this product as it has been tried and proven for many years.

Handy 8 to 12 pot home size pkg. 98c; 2 for 1.89, ppd.

PEAT MOSS

4013—Used by successful gardeners all over the world. 2 oz. absorbs 1 lb. of water. Holds moisture over long periods of drought. Rake into soil 1 bushel enough for 500 square feet. 4½ loose bushel size, 3.15; 2 bags for 5.35, (2 bags can be shipped as cheaply as 1 in most cases.) Shipped Freight Collect.

**FINEST
QUALITY**

"POT LUCK" POTTING SOIL

For House Plants

4062—Ever try to find the proper soil to grow a house plant? It isn't easy is it? Here's the answer to that problem. Contains best loam soil with Peat humus, fertilizers and Trace Elements added. Activated with Beneficial Soil Bacteria for stimulating root growth.

4 lb. bag fills sixteen 3-inch pots, 4 lbs. 1.49; 8 lbs. 2.39, ppd.

POTTING PEAT

4081—This special mixture of black cultivated peat is fine to use in propagating African Violets and other house plants. Nothing better for use in the window box or flower urn. Also fine for soil conditioning.

Finely ground and has a high nitrogen humus. Activated and beneficial bacteria. Potting suggestions printed on the bag. 5-quart size (approximately 4 lbs.) 1.49; 2 for 2.69, postpaid.

Acidify Your Soil with ALUMINUM SULPHATE

4059—For plants needing acid soil such as blueberries, hydrangeas, azaleas, etc. Easy to use. Mix 2 tablespoons with soil when you plant. Scatter one tablespoon around each plant spring and fall. Directions on the package. If you have had trou-

ble raising some of your favorite plants, possibly the answer is lack of acidity. Many plants need it and this will do the job if you want to increase acidity. 1 lb. 59c; 3 lbs. 1.39, postpaid.

YOU CAN DEPEND ON GURNEY'S GARDEN AIDS

Plant By The Moon

MOON SIGN BOOK

256 Pages

4027—Planting by moon signs has been argued pro and con. We are neither "for or against" planting by moon signs because we don't know. Also tells you right dates to butcher, cut sprouts, go fishing, etc. Lots of people

believe in it, and lots don't. If you do, here's the best book put out on the subject.

Only 1.25, postpaid.

Written by LLEWELLYN GEORGE
Well-Known Author and Lecturer

Protect With HOTKAPS

4058—Every gardener likes to get an early start with his vegetable plants, flowers, etc. There is only one way this can be done and that means planting early. The only trouble with this is the danger of late freezes in the spring.

Now you can protect your early set plants with Hotkaps. They are made with heavy waxed-paper covers to put over newly set plants. Positive protection against frost, sun, wind and insects. Increase yields. Crops ripen 2 to 3 weeks earlier. Packages of 100 to 250 contain setter for setting kaps. 25 for 1.15; 100 for 3.49; 250 for 6.50, postpaid.

CYCLONE SEEDER

4082—For many years this hand seeder has been considered the very finest of its type. It's built to last for years and years. Ideal for sowing

clover, timothy, alfalfa, lespedeza, sudan grass, oats, wheat, or any other seed that is sown broadcast. Does a fine job of sowing lawn seed too.

Strongly constructed with double feed insuring a uniform flow of seed. Feed adjustment is automatic and starts or stops flow of seed instantly. Each 4.75, postpaid.

The "Mechanical Hand" LAWN BUTLER

4047—Don't bend down to pick up fallen objects or debris from your lawn! Use this ingenious mechanical hand to pick up most anything from floor or ground, WITHOUT BENDING DOWN OR STOOPING! Just squeeze the handle and the jaws close around anything you want to pick up such as twigs, paper, etc.

Wonderful for digging out stubborn chemically resistant weeds, such as plantain or patches of crab grass. With a single motion the Lawn Butler cuts the weed out at the roots and picks it up. Use it to cultivate flower beds, too.

While They Last ONLY

SEPTIC TANK CLEANER

5005 Having trouble with your septic tank? Cess pool? Grease traps? Now you can keep them clean. Prevents plugging of drain and gets rid of odors. Gurney's Septic Tank Cleaner is a powder form of live bacteria that come to life in your septic tank or cess pool. So easy-to-use—you just flush down the drain.

1 lb. 2.95; 3 lbs. 8.50, postpaid

GRAFTEX Grafting Wax

5000—Here is a product of many uses. Originally devised to fill the need for a more satisfactory grafting wax. Graftex has also been found to be ideally suited for the dressing of plant wounds and breaks of every type. Graftex has a combination of qualities never before available.

Always ready for instant use—no mixing, no preparation is needed. It adheres perfectly even to wet surfaces. Stops bleeding of wounds. It does not dry out or crack and will conform to the stretching and bending of plant growth. 1/2 lb. can only 1.15; 5 lb. can 4.95, postpaid.

BERRY BOXES

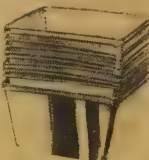

Every year we receive letters from folks all over the country who are in need of a supply of strawberry boxes. Of course, they are also used for other small fruits such as raspberries, gooseberries, cherries, plums and other fruits. We now have a good source of supply for well-made boxes and the prices are right.

4069—These are the regular standard, wooden kind with reinforcement band on top.

Quart size: 100 for 2.98; 250 for 5.95, postpaid. 500 for 8.75; 1000 for 16.95, not prepaid.

Pint size: 100 for 2.75; 250 for 5.75, postpaid. 500 for 7.75; 1000 for 14.95, not prepaid.

Weight: 500 of quart size, 38 lbs.; 500 of pint size, 35 lbs. Crates not available.

Grows Vegetables and Flowers
1 to 2 Months Earlier

REDI-SET TRELLIS

5004—This is one of the sturdiest built, wood, tulip design trellis we have ever seen. The design of this trellis makes it ideal for growing vines and climbers because of the surfaces provided for the vines to grip. You can't beat it for Climbing flowers, Ivies, Morning Glory, Clematis, Roses, etc.

The Redi-Set Trellis comes knocked down in a special mailing tube. Takes only a few minutes to assemble and it is then ready to put in place. Full instructions sent with each trellis.

There is no substitute for flowering vines and climbers and there's nothing better to grow them on than the Redi-Set Trellis.

Stands full 66" high yet costs you only 2.98, postpaid.

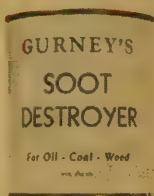

Prevent Vegetables from Sprouting with DORMATONE

For Potatoes, Carrots, Turnips, Rutabagas, etc.

4053—Now you can store your home-grown potatoes, carrots, turnips, rutabagas, for 12 months without sprouting or shrinking. It isn't necessary for you to have a fancy vegetable cellar or cold storage. Dormatone actually improves cooking and eating quality, also appearance.

Gurney's SOOT DESTROYER

cleaning out coal, oil or wood burning furnaces, stoves, boilers, chimneys, etc. All you do is add the required amount of powder to the heating equipment when the fire is going and the job is done. Full instructions sent with the order. 1 lb. can only 75c; 3 cans for 1.85, ppd.

4049—Here is the easy way to clean out soot and carbon from your stove and chimney. Every year thousands of home fires occur from dirty flues, furnaces, etc.

This is an absolutely safe, non-explosive method of

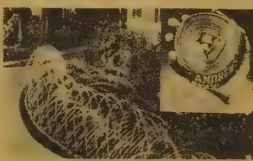

Safety Type BIRD BATHS

No Danger of Killing a Child

Here are the slickest bird baths we have ever seen. They are made of metal, strongly constructed. Carefully enameled. Will last a lifetime. Light weight so no danger of injuring children who might upset them. Easy to move, if you wish, when mowing. Come to you knocked down, but are easily put together.

4096—Lawn Model (with 3 legs), 7.95, postpaid.

4095—Flower Bed Model, 4.95, postpaid.

Original ANDREWS PLASTIC HOSE

The Twin-Tube Sprinkler

4090—This new sprinkler sensation with its twin tubes is a dandy. Stays upright; can be shortened; will sprinkle one way if desired. Made of pure virgin vinyl plastic which will not rot. Does a thorough job. 20-ft. length—2.49, ppd. 30-ft. length—3.49, ppd. 40-ft. length—3.98, ppd. 50-ft. length—4.69, ppd.

New PLASTIC GREENHOUSE

5003—This IN-THE-ROW PLASTIC GREENHOUSE enables you to plant vegetables or flowers a month or two earlier than usual. Also grow them as much as one to two months later in the fall. This is accomplished by protecting the plantings from the cold with a transparent sturdy plastic cover supported by wire wickets. The plastic covering protects from frost damage down to 30° F. for tender plants such as tomatoes, and down to 10° F. for cool weather crops such as lettuce. As a result, ripe vegetables or fully matured flowers can be harvested a month or two earlier than usual... and they can be successfully harvested long after frost has killed plants not so protected.

Size 5—5 ft. long, 12" high and wide, only 1.95, ppd.

Size 36—25 ft. long, 12" high and wide, only 4.95, ppd.

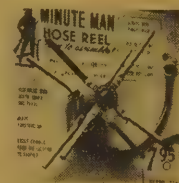

Size 54—25 ft. long, 18" high and 24" wide, only 7.50, ppd.

"TWIST-EMS"

Handy, Speedy Plant Tie

4072—Strong, dark green waterproof, invisible tapes with wire reinforcing. Protect stems, speedily and permanently support annuals, perennials, vines, shrubs and vegetables. Just a twist of the wrist and your annuals, perennials, shrubs, vines and vegetables are securely tied in place. They will remain tied for as long as needed without the use of unsightly string or wire. (Grand for arrangements also. Box of 100, 8" length, 35c. Box of 100, 16" length, 65c. 250 feet in continuous roll (easily cut to desired length with scissors), 1.29. All postpaid.

MINUTE MAN Hose Reel

4030—Now you can protect that garden hose and always keep it neat. No more tangle, no hose damage and so easy to reel in and out. Extra handy brackets make it easy to move from one location to another. Will pay for itself many times over in saving of hose damage. Full directions for assembling included with each reel. 7.95 each, postpaid. Extra wall brackets 75c each, ppd.

New SWEET PEA TRELLIS

Grow Them The Easy Way

4032—This new, weatherized trellis netting is ideal for supporting Sweet Peas, Garden Peas, Cucumbers, Tomatoes, etc. Protects delicate plant tendrils, grows finer, larger flowers and vegetables. Very easily hung in place without any fuss or bother in only 5 minutes. This is truly the revolutionary new support for every climbing plant. Train-Ets are specially treated to last not only the length of the blooming period of your plants but are durable enough to last for several seasons. No. 1 size (60" x 72") 85c; No. 2 (60" x 96") 1.15; No. 3 (60" x 180") 1.49, postpaid.

SHOP BY MAIL AT GURNEY'S AND SAVE!

ATTENTION, ALL KIDS! It's Easy to WIN THESE VALUABLE PREMIUMS!

FREE! MOTOR SCOOTER

1st GRAND PRIZE Cushman Motor Scooter

This dandy Deluxe Highlander Motor Scooter could be yours. A big, rugged, husky scooter that will go up to 75 miles on a gallon of gas. Cruises up to 35 miles per hour. The boy or girl that sells the most collections of seed by June 1, 1957, will receive this motor scooter absolutely

free. Previous winners of Grand Prize are not eligible to compete for same award in 1957.

The winner will be notified after June 1, 1957 and scooter sent at once. There can be only one winner. In case of tie, person who settles up first, wins.

2nd GRAND PRIZE AWARD

This beautiful Super Deluxe Fleet-line Murray Bicycle goes to the boy or girl that sells the second largest number of collections of seed. It's a full 26" size with twin spring fork assembly—white side wall tires—headlight—reflectors—horn—luggage carrier—everything. Your choice of a boy's or girl's model. Award rules the same as for the 1st Grand Prize.

Some Boy or Girl Will Win These Grand Prizes—It Might Be You!

These two Grand Prizes are really worth working for. All it takes is that little extra effort and one of them can be yours. Any way you look at it, the regular premiums for selling seed are dandies. Why not get your share?

Choose Which You Want and GET STARTED

It Won't Take You Long To Earn These:

For every 10 collections you sell you can keep 2.00 as your share. Or if you like, you may choose from the wonderful premiums listed below:

1. (see illus. above) Rollfast ROLLER SKATES

This is the nationally known Rollfast roller skate. For girls or boys. Adjusts to all sizes. Dustproof, heavy gauge, ball bearing wheels. Live rubber cushions. Bright nickel-plated finish. Leather strap with thick felt ankle protectors. Sturdy and long-lasting. Yours for selling only 10 collections.

2. POCKET BEN WATCH

"Champion of pocket watches." This newly designed, thin, attractive pocket watch is just like a D.A.D. Non-breakable crystal, well made and a good timekeeper. Retail for 4.50, but yours for selling just 10 collections.

3. AXE'n KNIFE SET

All-purpose set by Kutmaster. Knife is 8 1/2 inches long, axe 10 inches. Tough carbon, mirror polished steel. Stag handle. Detachable leather sheath. Ideal set for camping and hunting. Retail value 4.50. Yours for selling just 20 collections.

4. Timex WRIST WATCH

An attractive, sturdy, modern designed watch, made and guaranteed by U. S. Time Corp. Round, thin, chrome case. Easy-to-read dial. Accurate movement that will give long service. Your choice—boys or girls model. Leather strap. Retail for 6.95. Yours for selling 20 collections.

5. Ansco CAMERA

Ideal for all amateur photographers. Features flash-synchronized automatic shutter, eye-level view finder, and easy-action shutter release. Metal and plastic, black grained finish. Requires no focusing or adjustments. Uses 620 film for 8 clear pictures, size 2 1/4" by 3 1/4". Yours for selling only 20 collections.

6. EXPANSION BRACELET

A beautiful, full-size, 1/20 10K yellow gold-filled, Expansion Bracelet. Extremely attractive, as is fine jewelry. So nice you'll be proud to wear it anywhere. Retail value at least 6.50. Yours for selling only 20 collections.

7. Daisy AIR RIFLE

A genuine Daisy 1000-shot repeater Model 155. A 35-inch rifle with gun-blued metal parts and well-finished wooden stock. Very well made. An accurate shooter with good balance and "feel." Ideal for target practice. Comes with sample tube of shot and targets. Has retail value of 5.95 but is yours for selling only 20 collections.

8. Wilson FIELDER'S GLOVE

Genuine tan cowhide. Leather lined, fully oiled. Has felt padding and laced thumb trap. Will stand lots of hard use. Retail for 4.95 but is yours for selling 20 collections.

9. Official SOFTBALL BAT

And your choice of either an official softball or horsehide covered hardball for selling only 10 collections.

10. Official BASKETBALL

A fine quality basketball with deep pebble Sunita cover. Official size and weight, too. Just right for you younger fellows. Regularly sells for 5.00. Get it by selling 10 collections.

11. Official FOOTBALL

This fine official size and weight ball is made of good pebbled cowhide and double lined for extra long life. Leather lacing and valve bladder. Regularly sells for 9.95. Yours for selling 20 collections.

12. Glass Rod FISHING OUTFIT

This outfit really has everything. Now you can go out and really catch the "big ones." Fiberglass Rod; 80 yd. reel with click; chuck type plastic grip asst. hooks; nylon line; sinkers, leader material; plated guide and tip top—everything. It's yours for selling only 10 collections.

13. Zipphone 2-WAY PHONE SET

This high quality set comes complete with everything. Batteries—50 ft. of double wire—2 Buzzers. Gives excellent reception. You'll have fun with this. Yours for selling only 20 collections.

REMEMBER—YOU CAN CHOOSE CASH IF YOU WISH

Be a Gurney "SEED KID"—Earn Dandy Premiums or Cash—Send No Money Now

Every year thousands of boys and girls win cash of their very own, or dandy premiums, just by selling a few packages of Gurney's vegetable and flower seeds to their friends and neighbors. You can do it, too. All you do to get cash or a premium is to sell 10 or more collections of seed. For every 10 collections sold you can keep 2.00 as your share. Or, if you like, you may choose a premium instead.

"SUPER" PREMIUMS

The premiums are really "super." They're all high grade merchandise that will last for years. And well-known names... Rollfast... Ansco... Daisy... Timex... Wilson, etc. We are able to give you such valuable first-class premiums because we buy in large quantities at wholesale prices and pass all savings on to you.

HERE'S ALL YOU DO

Get your parents' permission and then fill out the coupon at the bottom of the page. Send it to us and we'll rush the collections of seed to you. After you have sold the seeds, keep your share of the cash, and send the balance to us, or, if you want a premium instead of cash, send us all the money and tell us the premium you want. Get busy right away. It's easier to get your cash or premium if you start early. And, don't forget, you can win the Cushman Motor Scooter or the Murray Bicycle. Just go out and sell as many collections as possible. The persons who sell the most seeds this year, wins the Motor Scooter and Bike free.

1956 GRAND PRIZE WINNER
David Halverson, Pukwana, S. D.

TO GURNEY'S
Yankton, South Dakota

Date.....

Gentlemen:

Please send at once by parcel post prepaid the 10-20-30 (circle one) Gurney's "Seed Kid" Collections of seeds. I'll do my best to sell them at 60c each and if I do not sell them all, will return unsold seed in good order. When they are sold I will divide the money, keeping for my share 2.00 in cash for each 10 collections sold, or send all the money to you and take one of the premiums.

Name

Post Office

Street or Route

Have you ever sold our seeds?.....

Age.....

Parent or Guardian.....

Please write your name here so we will know the boy or girl has consulted you as they should and that you understand the deal between us and the boy or girl.

YOU'LL FIND THESE SEEDS WILL SELL EASILY AND QUICKLY!

Here's What We Send You To Sell

8 Large Collection Packages of Gurney's vegetable seeds.

Each collection package contains 10 packets of seeds, as follows:

- Early Curled Lettuce
- Danvers Half Long Carrot
- Dahlia Flowered Zinnia Mixed
- Amer. Branching Aster Mixed
- Earlbell Tomato
- King of Denmark Spinach
- White Icicle Radish
- Early Pickling Cucumber
- Scarlet Globe Radish
- Dark Red Beet

Plus 2 Large Collection Packages of Gurney's Flower Seeds. Each collection package containing 10 different packets of flower seed.

You make 10 sales (10 collections) at 60c each. (Seeds are sold in collections only—not by individual packets). Each person who buys a collection from you gets 10 packets of seed, enough for a whole garden, at the low price of 60c per packet! This is our regular, high quality seed, priced low to make your selling easy, and so low we cannot change the assortment.

Gurney's Better-Bred BABY CHICKS

The **FINEST NORTHERN GROWN**
Chicks That Money Can Buy!

It is not just by chance that the chicks you receive from Gurney's are as fine as money can buy—at any price. True, it is important that they be U. S. Approved and U. S. Pullorum Passed, but it takes more than that alone to produce top money-makers. Highest egg production is bred right into every Gurney chick. Most of our flock owners have been with us for years. This means we have introduced and bred into their flocks some of the outstanding blood lines of the country. They are hardy, northern-grown chicks, hatched right here at Yankton under the direct supervision of the National Poultry Improvement Plan. Reactors have been removed after careful selecting and blood-testing by our licensed hatcherymen. It is through this combination of "know-how," plus the finest in modern equipment, that Gurney's Better-Bred Baby Chicks are known throughout the country as real, honest-to-goodness money makers. They are the kind of chicks that will make you more profits, quicker profits, and produce more eggs per pound of feed.

Give them a try, and you will know why they are called Better-Bred Baby Chicks.

"The Family with a Laying Flock is Never Really 'Broke'!"

Good or bad, wet or dry years, that laying flock is always a source of steady income. That is why many folks often consider that a good laying flock pays for the groceries each week.

Farm Bred for Extra Vigor

All Gurney's chicks come from farm-bred flocks which are carefully supervised by our hatcherymen. Our hatching eggs are produced right on the farm to give you better, healthier, hardier chicks. Don't waste time and feed on chicks of doubtful origin. This year insist on Gurney's U. S. Approved and U. S. Pullorum Passed high-producing strains. They are the only chicks you should raise on your farm.

HOME OF GURNEY BETTER-BRED BABY CHICKS

Good Chicks Cost Less To Feed and Raise!

It costs no more to feed a high-producing chick than it does to feed a "scrub!" This often means the difference between profit and loss. Why waste that valuable feed? Play Safe! Be Sure! Order chicks you can depend on—it's Gurney's chicks for high egg production with a minimum feed cost.

You can't go wrong with Gurney's Better-Bred Baby Chicks. They are the kind you want for high egg production plus low feed cost per dozen eggs. This is what means bigger and better profit for less cost to you—the poultry raiser.

ORDER EARLY AND AVOID DISAPPOINTMENT

Every year many people make the mistake of ordering their chicks when it is too late. The result is very often they cannot get the breed they want, the grade they want, or even the delivery date they want. It is just as easy to order early and not take this chance, and besides that, early orders save you money.

TRY STRAIGHT RUN CHICKS FOR PROFIT

Again we suggest ordering straight run chicks early. The reason is because straight run gives you some early cockerels for the early market as well as early laying pullets which will be in good egg production for the favorable fall market.

For even more profit, try getting your straight run, Gurney Better-Bred chicks in the brooder house just as early as you possibly can. Early chicks mean early fryers which always bring the highest prices.

HOW TO ORDER

Either send payment in full for the chicks you order (deducting \$1.00 per 100 on all breeds except light cockerels if order is mailed before March 15th or send a deposit of \$1.00 per 100 chicks with the balance to be received by us at least ten days before delivery date.

It helps if you will specify your second choice of breed. Of course, we will always ship your first choice if we can. Be certain you specify the delivery date desired. Orders for less than 100 chicks—add 2c per chick extra.

Read What These Gurney Chick Customers Say

Received our chicks a week ago today. They're the healthiest I have ever seen, never lost a one. We are 100% satisfied.
Mrs. Chas. Berger, Mondovi, Wis.

We have always received good chicks from you, this time no loss and they are all strong and well.
Ray Shaw, Vale, S. Dak.

We received the chicks and they were all alive when they got here. They are still alive and happy. They are growing like everything, and I'm well pleased with them.
Mr. Melvin Cottone, Anoka, Minn.

I wish to write and thank you for my wonderful shipment of 100 chicks. They arrived in perfect condition and now two weeks later they are all in perfect condition. I am very pleased with them and thank you a great deal.
Mrs. Geo. Donald, Ekalaka, Mont.

SAVE \$1.00 PER 100 CHICKS BY ORDERING BEFORE MAR. 15th
It's a great help to us when you place your order early. That is why we again offer you early customers a \$1.00 per 100 discount for sending your order along with your payment in full before March 15th. This offer is good on everything except light breed cockerels and the Frying Pan Special, or if you wish, a deposit of the delivery date wanted will hold your chicks for received ten days before shipment. Why not order early this year. It's the best assurance of the chicks you want, when you want them.

We received the chicks April 22, 1955. Seemed to be plenty strong. Since that date have only lost one. We are very pleased with the chicks.
Willis L. Freeman, Durango, Colo.

Still have 201 chicks and all seem to be doing fine. Very pleased with Gurney's Chicks.
Mrs. Vernon N. Hindman, Hay Springs, Nebr.

The chicks are the strongest and best I ever got.
Mrs. E. S. Beers, Sidel, Illinois

My losses were due to crowding. I am never so pleased before in my life.
Mrs. E. W. Oaks, Veteran, Wyo.

I have all the chicks left except one. I think they are the healthiest chicks ever.
Mrs. Adam F. Obenauer, Eureka, S. Dak.

This is the first year we tried Gurney's chicks and we are very pleased with them. They are healthier than any we have ever tried before.
Robt. M. Baltzer, Alpena, S. Dak.

You Get The Best For Less

NORTHERN GROWN FOR THE NORTHWEST

About POSTAGE

All chick prices are post-paid through Zone 4 (same as nursery stock—see map on back of order envelope). Beyond Zone 4, add 50c per 100 chicks ordered to cover transportation.

HIGH QUALITY!

Gurney's Laying Grade
Strong, healthy standard bred chicks, far superior to ordinary, such as Grade A, etc. From rigidly culled, properly fed and mated parent stock. Every breeder has been individually culled for health, general quality, type, and egg production. 23 oz. eggs or larger set to hatch these fine chicks.

HIGHER QUALITY!

Gurney's Special Egg Grade
Just what you're looking for in a superior bred chick, yet cost very little more than the Laying Grade. More rigidly culled for quality and high egg production. Many highest egg grade cockerels are used in this Egg Grade Mating. Get extra eggs with this grade.

HIGHEST QUALITY!

Gurney's Highest Egg Grade
More eggs, more profit from the same feed. This grade is our finest bred chick, both for eggs and meat. It costs you no more to raise a 200-egg hen than a 90-egg hen, but you make 5 to 6 times the profit. None finer than these chicks.

100 Better Bred Chicks Only 3.89 PPD

WHITE LEGHORNS: The favorite for egg production. These are the large type (not beefy). They are full of vigor and are great rustlers. We have worked years to perfect this better laying strain of White Leghorn. These extra eggs mean extra profits for YOU! Get the best. Get Gurney's White Leghorns.

GURNEY'S SPECIAL MATING STRAIN: This special type of White Leghorns is from a select mating strain. Bred for vigor, livability and extra egg production. If you want more income from your layers, try this special strain. St. Run, 18.00 per 100; Pullets, 32.00 per 100.

LEG-ROCK CROSS: Combine many of the best points of both the breeds we cross to make them... White Leghorns and White Rocks. Have the egg laying ability of the Leghorns, plus the size of the Rocks. Often they are superior to the original breeds, laying earlier and more, maturing more rapidly. Very disease resistant. Easy to raise.

NEW HAMP-LEGS: By crossing the dual purpose New Hamp with our best White Leghorn pullets, we offer you a combination of the best of both breeds. This cross gives you lots of eggs plus a fast feathering, fast developing meat bird. Fast becoming a favorite.

AUSTRA-WHITES: This famous cross combines the champion egg laying breed of Australia, the Black Australorps, with American champion, the White Leghorn. Pullets give heavy egg production, and males weigh from 7 to 8 pounds. Try some this year. You'll want your whole flock to be this profitable breed next year!

NEW HAMPSHIRE: Gurney's New Hampshires are noted for their vigor and hardiness. You can't beat them for heavy egg production or meat. Mature rapidly and their large brown eggs always bring a premium. If you want a combination chicken you can't go wrong with Gurney's New Hampshires.

WHITE PLYMOUTH ROCKS: Our "Giant Type" have beautiful snow-white plumage. They mature fast and feather rapidly. They will dress out at almost any age, yellow colored and free of pin feathers. This makes them excellent for broiler purposes. White Rocks are one of the most popular all-purpose breeds, combining good egg production with quality meat.

RED-LEG: Cross between the finest blood line Rhode Island Reds and Special mating strain of White Leghorn Pullets. Fine for broilers and exceptionally high egg production. A true dual-purpose chicken. St. Run, 16.45 per 100; Pullets 31.95 per 100. Cock's, 7.95 per 100.

WHITE WYANDOTTES: These deep-breasted birds are among the first to go to market. They make excellent broilers. Will reach 2 to 3 pounds quicker than almost any other variety. Good rustlers... easy to raise... mature rapidly.

S. C. RHODE ISLAND RED: Long a favorite of poultry raisers everywhere. If you are looking for a real utility chicken you can't go wrong with this fine breed. Large, brown eggs that command a premium price. If you have never tried S. C. Rhode Island Reds... give them a chance to make money for you.

A Larger Selection—Fresher Stock—More Dependable

An Aerial View of Part of Gurney's Huge Nurseries Fresh, Field-Grown Stock That You Can Depend On

Along the fertile banks of the Missouri-River we raise hundreds of acres of the finest nursery stock that can be grown in America. Fresh, field-grown stock is almost a "must" if you are to have successful planting results. We also have the finest refrigeration equipment available to insure you of getting the best dormant stock and at as late

Buy DIRECT from GURNEY'S and SAVE No Middleman Profit to Increase Your Cost

Because we raise a vast majority of our own stock and do NOT use Agents, we can pass those additional charges right back to you—the consumer—in the form of lowest prices possible. All we ask you to do is compare our prices with others and you will see for yourself that you can save at Gurney's. It has always been our policy to furnish the finest possible stock at the

lowest possible price. We don't believe in exorbitant prices and don't ask them as you'll see for yourself. We don't charge high prices just because others do even though it might be possible for us to get those same high prices others are asking.

We could put out a lot fancier catalog but it would cost a lot more money and would not improve the quality of the stock one bit. All it would result in would be, higher prices to you. That's the one thing we are against.

All of this plus over 90 years of "know how" insures you of getting first class merchandise—and at a saving.

If you have never tried Gurney's before, give us a chance to show you why we are called the Home of Seeds and Trees that Grow and Satisfy.

lowest possible price. We don't believe in exorbitant prices and don't ask them as you'll see for yourself. We don't charge high prices just because others do even though it might be possible for us to get those same high prices others are asking.

We could put out a lot fancier catalog but it would cost a lot more money and would not improve the quality of the stock one bit. All it would result in would be, higher prices to you. That's the one thing we are against.

Over 90 Years Experience At Your Service

COL. C. W. GURNEY

GEO. W. GURNEY

SID GURNEY

Three Generations of Gardens and Nurseriesmen

Colonel C. W. Gurney started in the nursery business right after the Civil War and remained in it until his death in 1913.

Geo. W. Gurney who is one of Col. Gurney's sons has been in the business ever since he was a child. His time spent in the business, goes back over 65 years and should go on a good many more.

Sid Gurney who is George's son has spent all his life following in the footsteps of his Father and Grandfather.

Yes, you have 3 generations of nurserymen behind every purchase you make at Gurney's. This extra experience is yours for the asking. Every year we receive thousands of letters from folks all over America and we are

glad to help them in every way that we can. Just give us a try.

George and Mrs. Gurney at
Their Golden Anniversary

This picture was taken August 22, 1956 at George and Grace's home here in Yankton. Many hundreds of their friends stopped by to offer Congratulations on their 50th Wedding Anniversary and the huge wedding cake was enjoyed by all. They are looking forward to their 75th Anniversary and the way they feel they should both make it.

We Are as Close to You as Your Mailbox

Hundreds of thousands of folks all over America have been making Gurney's their headquarters for the finest seed and nursery stock that money can buy. And they save money too. Why?—Because they are buying direct from one of the largest growers in the country.

Gurney's have been in business for over 90 years and over 60 of those years have been right here at Yankton. The only comparable soil to our bottom lands along the mighty Missouri river here at Yankton, is said to be the Valley of the Nile. Yankton is the home of the gigantic Gavins Point Dam which forms the huge Lewis and Clark Reservoir. This makes one of the finest

recreation lakes in America—a lake over 40 miles long. We are only about 200 miles from the geographic center of North America. This makes us ideally located to serve the entire country by mail.

A Whole Nursery Right in Your Living Room

No Other Shopping Method Offers Such A Vast Selection

The picture at the right shows you how easy it is to shop at Gurney's. No parking problems, traffic, or bad weather to bother you. Just sit in the comfort of your living room and go over the big Gurney catalog. That's the way hundreds of thousands of people do every year.

In addition, where else do you get such a huge selection of varieties to choose from? Or so many new introductions in the seed and plant line?

It's a fact, no other method of buying nursery stock can offer you the many advantages you have when you shop by mail at Gurney's. Yes, it is just like having a complete seed and nursery store right on your dining room table

SHOP IN THE COMFORT OF YOUR HOME

when you pick up the Gurney catalog. And you also know that you are not buying from a "fly-by-night" concern that is open for a few weeks in the spring and then you never see them for the next 10 months. We are always here the year around to help you with your problems and take care of your needs.

A Corner Lot and A Little Sales Room Does Not Make a Nursery

It takes more than a corner lot and a few trees and shrubs which have generally been purchased elsewhere for resale, to make a real, honest-to-goodness nursery.

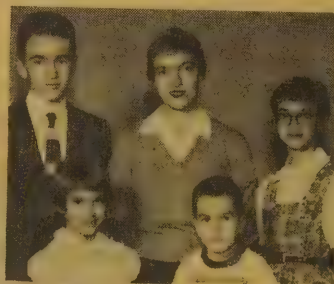

First of all it takes "know how," which is something that can not be acquired in a few short days, weeks or even many months.

Only if one has the proper knowledge and background is he truly qualified to call himself a nurseryman or landscape architect. Rule 7 of the Federal Trade Commissions "Trade Practice Rules For The Nursery Industry" which is dated June 27, 1956, states as follows:

This picture shows the "Budding Crew" at work in one of our fruit tree fields.

"In the sale, offering for sale, or distribution of industry products, it is an unfair practice for any industry member to represent or imply that he is a grower or propagator of such products or any portion thereof, or that he has any experience or qualification which enables him to be of assistance to purchasers, when such is not the fact."

Here's the 4th Generation

These are Sid's 5 children. Dorothy Jane (the oldest girl) is in college while little Jay started Kindergarten last fall. Don't know whether any of them will be in the nursery business, but time will tell.

Getting Catalogs Ready for
Mailing to All the 48 States

It's quite a job and takes quite a crew to mail out the Gurney catalogs each year. Annually we send out over 2½ million catalogs and circulars. And there isn't a single state in the Union that doesn't have Gurney customers.

We own our own picture file and the different flowers, fruits, trees, shrubs, etc. are all pictures that we have accumulated over a good many years.

Use Gurney's "GROW-IT-GUIDE" For Better Planting Results

PLEASE READ CAREFULLY

This "Grow It" Guide has been prepared for one purpose - to help you get all types of nursery stock started and in good growing condition.

We have tried to make instructions simple, concise and easy to follow. The practices described are backed up by three generations in the business.

If you have any particular problem that is not answered in the "Grow It" Guide, always feel free to write. We are here to help you in every way that we can. I hope you have a very successful growing season.

Yours truly,
SID GURNEY

ASPARAGUS

Plant your Asparagus eighteen inches apart with the rows three feet apart in either spring or fall. Dig a trench and set the plants by spreading the roots well with the eye up. Cover the top with about 2 inches of soil and tramp well.

Asparagus is a heavy feeder so dress liberally with stable manure each fall. You can use Asparagus as soon as the stalks are the size of your thumb. Don't use the small ones. Stop cutting about June 1st to allow the bed to build up for the next year. As soon as stalks turn yellow in the fall cut close to the ground and fertilize in the fall if possible. Do not use first year.

CURRENT AND GOOSEBERRY

Before planting cut off one-half the tops and set plants about one inch deeper than they grew in the nursery. Space both types four feet apart in row with rows 6 to 8 feet apart. Practice clean cultivation and dress lightly with well rotted manure in the fall. After the fourth year cut a few of the oldest canes each year leaving the younger ones as fruiting canes. Do not require winter protection.

CANNAS

Plant after danger of frost in rich soil, and space plants 18 inches apart. The top eye should be covered about 2 inches deep. Water in dry weather and locate bed in full sun. After tops are killed by frost dig and store in cave or cellar where dry and cool, and yet free from freezing. Should be stored in dry sand with the tops down.

Do not divide the roots until next season's planting time when they can be cut in pieces with two or three eyes or buds per tuber. Keep free from weeds during the entire growing season for best results, and be sure you do not remove foliage until frost has killed the tops.

DAHLIAS

Dahlias love plenty of sunshine. Work up the soil well and deep. Lay the tuber flat on its side and cover 4 inches deep, pressing the soil firmly over the tuber. Keep soil loose and mellow by frequent hoeing.

Most varieties grow about 4 feet high, so should be tied to stout stakes to hold them in position.

Plant Dahlias 3 feet by 3 feet, keeping dead flowers cut off.

Dahlias must be taken up in the fall after frost has killed the tops. Dig carefully and store, tops down, in a box or a barrel secure from frost.

EVERGREENS

Follow These Instructions

1. Dig hole at least 8 inches larger and 2 inches deeper than the ball of earth on the evergreen.

2. Place tree in a perfectly upright position, slightly deeper (not more than 2 inches) than it grew in the nursery.

3. We advise first, filling the hole half full and carefully loosening and cutting away all burlap above fill, but do not attempt to remove the burlap from the hole as the ball of earth is apt to break.

4. After removing burlap fill $\frac{3}{4}$ full with dirt and settle with water. When water soaks away fill to top with dirt and soak again.

5. R.W. (Root Wrapped) trees should be planted same depth. Don't expose roots to air but puddle if possible. Spread roots well, then fill and pack firmly. Water freely after planting.

GLADIOLUS

Plant outside as soon as the soil warms up in early spring. Space 6 inches apart and plant 5 inches deep in soil deeply spaded and enriched. Like plenty of sunlight. Give plenty of cultivation and water during the summer, and use Gurney's Glad Dust to control thrip.

When foliage has died, either naturally or from frost damage, dig bulbs immediately. The tops should be cut off close to the bulb, and the old withered bulb at the bottom removed.

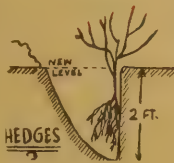

Store bulbs in a frost-free location over winter. Lack of moisture and high temperatures cause shriveling, so avoid these conditions.

HEDGE PLANTING

All hedge plants excepting evergreen types are planted in the same way.

The spacing varies with the mature size of the plant (follow your grower's recommendation for spacing). Digging a separate hole for each plant generally works out better than a trench, unless the recommended planting is one foot apart or less, then a trench works out best. Dig at the proper depth and sufficiently wide to enable the roots to slip in without crowding. Plant about one inch deeper than they grew in the nursery row. Pack soil firmly after planting. Then cut all tops back to one-third their original height.

After the first year, many varieties such as Spirea Van Houttei, Barberry, Lilac, etc., require no pruning, but the other formal types should be pruned during the growing season only. Prune hedges narrower across the top than the bottom to allow sunlight to get to lower branches.

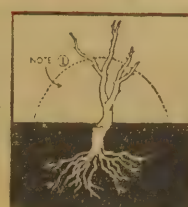

ROSES

Always locate your Roses where they get plenty of sunlight and in a reasonably well-drained location.

About Planting: After the bed is prepared, take your bundle of Roses, open it and take one plant out at a time. The roots should be spread out carefully and the soil worked well among the roots. Set the plant about an inch and one-half deeper than it was growing in the nursery row. After you have filled the hole level with the ground, tramp it firmly, and then mound up with moist soil to a height of at least 6 inches (note 1) above, and remove the growth above the mound with a sharp knife or pruning shears. This mound can be leveled down commencing about one week to ten days after planting.

Winter Care: All roses grown north of the Missouri-Kansas line should be winter-protected with the exception of the hardy June or Bush Roses. Climbing Roses should be released in the fall, layered down on the ground and covered with a heavy mulch of straw, with just enough dirt to hold the straw in position. Polyanthus, Perpetuals, Hybrid Tea Roses and Floribundas should be cut back to about eight inches from the ground and covered with soil. Do not take the soil from around the roots but get it from elsewhere. Put a liberal quantity of leaves over the mound of dirt. This winter protection should be applied just at the time the ground freezes up.

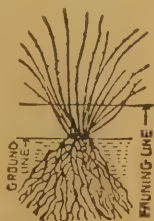

SHRUBS

As soon as your shrubs arrive the wrapping should be removed and plants heeled-in according to the instructions (see Care on Arrival listed below). Dig the holes before you start planting, and be sure they are large enough so there is no root cramming. Plant shrubs about one inch deeper than they were growing in the nursery row, and be sure the soil is packed firmly around the roots, spreading the roots as much as possible at planting time. Soak thoroughly after planting.

Important Notice: Do not make the mistake of placing fresh manure under the roots. This is very apt to kill the plants. After the shrub has been properly planted, the most important procedure is severe pruning. Every variety regardless of how high it is, should be cut back to one third its original height. In other words, if the shrub stands three feet after planting, cut back to one foot, etc. This must be done.

One thing every gardener should practice is constant cultivation as this keeps down weeds and conserves moisture. Spraying is sometimes necessary to prevent insect damage. Plant lice can be killed by spraying with a good contact insecticide such as Black Leaf "40." Leaf chewing insects can be controlled by the use of Paris Green or Arsenate of Lead. Our Gurney's Combination Fruit Spray is also fine for control of both disease and insects on shrubs when instructions are followed.

STRAWBERRIES

We believe the "matted row" system is one of the best planting methods for our conditions. Set plants 12-18 inches apart, with rows 3 1/2 ft. apart. The first season, flowers should be removed on Everbearing plants until the first of July. Allow the fruit to form after that date. Remove blossoms from June-bearing varieties the first year planted. Winter protect all strawberries.

The soil should be thoroughly pulverized, and if fertilizer is needed, plow it in the previous fall. Do not apply it the same spring the plants are set out.

Set plants by hand with dibble, spade or punch. Remember, the roots must not dry out at any time. A basket or bucket may be used to hold the plants while setting them out.

The crown, or the spot where the root leaves off and the top begins, should be exactly level with the surface of the ground. (See illustration above.) Be sure the roots are spread out well, and draw the earth around the roots and firm up the soil.

Practice clean cultivation through the summer months.

SHADE TREES

The planting of shade trees is the same as for fruit trees. Do not forget the importance of severe pruning. See instructions for planting fruit trees.

Do not plant your shade trees too close together. They will never form properly if set too close. Large growing varieties as Elm, Green Ash, Soft Maple, Carolina Poplar, should be set no closer than 30 ft. apart.

Medium growing trees such as Russian Olive, Golden Willow, Hard Maple and Crimson King Maple should be set from 25 to 30 ft. apart. The smaller growing types should be no closer than 20 ft.

The third spring after planting some of the lower branches should be removed as you start making the trunk. Don't go too strong. Take a little off each year until you get the tree headed up to the desired height.

Prune only during the early growing season.

PERENNIAL FLOWERS

Perennials may be either fall or spring planted. They like plenty of drainage and the soil should be well stirred up and prepared to a depth of at least three inches with plant food and plenty of humus added if necessary. Locate your perennial bed where there is plenty of sunlight. Most perennials like to be set one foot apart, larger varieties up to two feet.

Do not allow the roots to dry out. Set with the crown, or the spot where the root leaves off and the top begins, exactly level with the surface of the ground. Spread roots out well, fill in with rich, moist dirt and pack firmly. Finish by watering.

Winter-protect to prevent winter injury from alternate thawing and freezing by mulching heavily after the ground freezes.

CARE ON ARRIVAL

Much valuable nursery stock is lost because of improper care on arrival. If the stock should arrive when the temperature is too cold for planting, store the package in a cool cellar that is free from frost. If you intend to plant in a day or two, sprinkle a little water down the top of the package to moisten the packing but do not soak the roots in a pail or tub of water.

If you cannot plant for three days or longer after the stock arrives, it is necessary that you heel-in your trees or shrubs. To do this, dig a trench deep and wide enough to hold the roots without crowding or cramming them. As you dig this trench, throw the dirt on the back side to form a bank, and then carefully unpackage the trees and shrubs, place them with the roots at the bottom of the trench and the tops against the bank. Keep your varieties separated.

Keep digging back from the trench, away from the roots, and throwing the dirt over the roots up to a height of one-third the trees or shrubs. Small quantities can be laid on their side and roots and tops completely covered. Do this and your stock will store in perfect condition for an amazing period of time.

If the ground you are heeling-in is dry, be certain you wet down the soil over the roots.

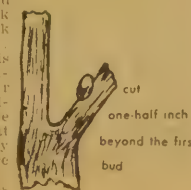

FRUIT TREES

The best location for fruit trees is on a north or northeast slope and if this is not available, and you must use level ground or land slanting in other directions, place a wind-break on the south and west side. Do not make the mistake of planting your fruit trees on the south side of a wind-break. Listed below you will find instructions for the planting of all varieties of fruit trees. These instructions are simple but must be followed if you want success. Don't plant cherries in low, wet ground. Dig the hole large enough so the roots fit in freely without crowding. Use new fresh black dirt to fill in around the roots. Set the tree about one

inch deeper than it was growing in the nursery. Spread roots out well and fill in with black dirt, and pack thoroughly.

Severe pruning is a "must." Small-sized, one-year trees are practically void of all side branches, but that does not mean they do not need severe pruning. All side branches

LILIES

Two musts required in lily planting are proper drainage and planting at proper depth. It is a good idea to put a couple of inches of sand below the bulb. Plant 5 to 9 inches in depth, depending on type bulb. If fall planted use a mulch after ground freezes, removing it in early spring. Give them plenty of sunshine. Do not be alarmed if your lilies do not come up the first year planted. Often they will remain dormant for one full year before making any signs of growth. For this reason it is a good idea to mark the planting location when bulbs are first set out.

RASPBERRIES

Both Red and Black Raspberries should be spaced about 3 ft. apart in the row with rows 6 ft. apart. To plant, plow furrow or dig a hole six inches square and five inches deep. Plant an inch deeper than it grew in nursery. Spread the roots well, fill with soil and press firmly, being careful not to break off any new sprouts. Cut the old stalk off about an inch or two above the ground as soon as planted.

Each year after fruit has been harvested, cut out the canes that bore the fruit and burn, leaving a few vigorous new ones to grow on for fruiting the next season. These new shoots should be cut back to about 4 ft. early in the spring. Cultivate and hoe all summer.

A good winter protection of coarse straw applied around the plants after the ground freezes is beneficial with both red and black varieties.

Plant GURNEY'S LAWN SEED You Get the FINEST at a SAVING

New MERION KENTUCKY BLUE GRASS

The Finest Seed You Can Plant

202—If you want a lawn that is beautiful, velvety smooth, thick, rich dark-green you have it with this new variety of Kentucky Blue Grass.

Here are a few of the many reasons Merion Kentucky Blue Grass is truly outstanding:

- (1) Excellent dark green color.
- (2) Very resistant to heat and drouth.
- (3) Helps crowd out weeds.
- (4) Needs less mowing.
- (5) Highly resistant to many lawn diseases.

For those of you who want the pure unmixed Merion Kentucky Blue, we can take care of your needs with fine quality seed. This straight Merion Kentucky Blue Grass will give you that extra heavy, dark green turf you have always wanted. Plant one pound to 750 square feet. 1 lb. 3.49; 3 lbs. 9.95; 5 lbs. 16.45; 10 lbs. 31.95, all postpaid. Absolutely the last word in Blue Grass. Order yours now while we have it.

Gurney's "MERION" MIX

201—This new 100% perennial grass mixture is a dandy. Contains approximately 10% Merion Kentucky Blue and the balance the right proportions of Highland Bent, Red Top plus Poa Trivialis. For an extra-heavy turf, dark green lawn that stays green, stands closer mowing, is disease resistant and perfectly hardy, plant this mixture.

1 pound of mixture covers 500 square feet, so your actual cost is no more and you have a nicer lawn. Try it!

1 lb. 1.95; 3 lbs. 4.95; 5 lbs. 7.95; 10 lbs. 15.65. All postpaid.

OUR VERY FINEST PURE KENTUCKY BLUE GRASS

Most Popular in America

79—Heavy seed means weed-free seed. Start your new lawn early this spring while you have plenty of moisture. Blue Grass is a slow starter, but once established it lasts for years.

We have true Northern-grown, Northern-harvested Kentucky Blue Grass of extreme hardiness. No finer seed avail-

able anywhere at any price. You can't go wrong with Pure Kentucky Blue Grass.

Use 1 lb. for 200 square ft., rolled in. Supply very short—order early. 1 lb. 1.15; 3 lbs. 3.25; 5 lbs. 5.25; 10 lbs. 9.95, postpaid.

Gurney's HIGHLAND BENT GRASS

92—Everybody likes Bent Grass for lawns. This is the creeping variety and is hardier and more drouth-resistant than any other we know of. Bent Grass does require more care and more moisture than other

types of lawn seed but is well worth the cost and trouble because of its unusual beauty.

1 lb. 1.25; 3 lbs. 3.45; 5 lbs. 5.45, postpaid.

We Have a Grass for Every Purpose

You cannot buy finer lawn seeds and lawn mixtures than we are offering here at Gurney's. All Gurney lawn seeds are carefully tested, fresh, new crop seed that assures you a beautiful lawn. It's good heavy seed—and that means weed free seed.

It makes no difference whether

you have a shady area or one that gets full sunlight. You will find Gurney's offer you a type of seed that will do best under those conditions. We also have grasses carefully chosen to make up mixtures that will normally do well even where artificial watering is impossible.

WANT REAL SUCCESS WITH YOUR LAWN?

Follow These Easy Seeding Instructions:

Preparation of the ground for a new lawn is important. You should first plow or spade deeply. Level off the entire area to be planted and rake to remove sticks and trash, stones, or lumps.

After raking smooth—Roll the lawn thoroughly. This allows you to plant the seed more evenly, which means a saving to you, plus providing a firmer seed bed.

After rolling—Sow the seed, generally using 1 lb. of lawn seed to every 200 to 250 sq. ft.

After seeding—Again rake the lawn carefully to work the

seed slightly into the soil. Don't bunch the seed as you rake.

After this raking—Roll your lawn, using a lawn roller or packer. This is important.

Your lawn is now planted and the only care after this is to keep it well-watered (each day) for the next 2 to 3 weeks. Moisture is necessary for proper germination.

Feed your lawn at regular intervals with a good fertilizer or plant food. You will find Gurney's carry a complete line of soil builders on page 24 of this catalog. If you have any special lawn problems, just write and we will be glad to help.

Have a SHADY SPOT? Then Try Our SHADY SPOT LAWN MIXTURE

124—We all know it is hard to grow good lawn grass under trees and in the shade. Where the lawn is shaded one-third the time or more, Gurney's Shady Spot Lawn Mixture is the grass to use. Very similar to the famous Sunshine Mixture, except it contains ample Fescue for the shady spots. Sow 1 lb. to every

200 square ft. Get it in early and roll thoroughly into the ground. 1 lb. 1.10; 3 lbs. 2.95; 5 lbs. 4.65; 10 lbs. 8.95, postpaid.

HOW WE SHIP FIELD SEED

All field seeds are priced F.O.B. Yankton, customer to pay shipping charges. We prefer to ship all field seed by freight when possible, as usually this is by far the cheaper. If you have any preference as to routing or shipping be sure to give full instructions with order. We will be glad to quote special prepaid prices on request.

EARLY ORDERING—VERY IMPORTANT

Be sure to send your order as early as possible. On most shipments you must allow 2 to 3 weeks for freight delivery. Your order will be filled and shipped promptly unless you give us a special shipping date.

MINIMUM SHIPMENT CHARGE

All freight shipments have a minimum per shipment charge so make your order total at least 200 lbs., if possible to take advantage of this minimum per shipment charge. Field seed and seed corn orders can be combined or shipped together to make up this minimum.

Better order your needs with a neighbor or friend to increase order weight and effect further savings.

WE DO NOT SHIP C.O.D.

Send check or money order to avoid delay and unnecessary expense. C.O.D. shipments have proven unsatisfactory in the past, so we cannot accept C.O.D. order requests.

USE "ARASAN" FOR INCREASED YIELDS

The cause of poor stands in pastures often is caused by an obscure and seldom recognized disease. It is a phase of root rot, which causes pre-emergence blight. The seeds of grass and small legumes, being very small in size and carrying very little food reserve, are easily killed off by adverse weather and disease.

Summary of 1951-52 field tests by DuPont showed increased stands after treatment with Arasan as follows: Alfalfa, 32%; Red Clover, 57%; Lespedeza, 59%; Sudan, 41%; misc. grasses, 25%.

Arasan protects seed from growth of fungi on the seed and in the soil which cause seed decay, damping off, seedling blight and root rots.

We recommend that you treat the following with Arasan:

LEGUMES	GRASSES
Alfalfa	Timothy
Red Clover	Meadow Fescue
Alsike	Red Top
Ladino Clover	Bent Grass
White Dutch	Kentucky Blue
Birdsfoot Trefoil	
Korean Lespedeza	
Sericea Lespedeza	

Arasan does not take the place of Nitragin. Add Nitragin after treating with Arasan.

It is easy to treat your own seed. Just follow directions on the can. It takes 6 to 8 oz. to 100 lbs. of seed.

Catalog No. 4066—8 oz. can, 1.50; 2 lb. can, 3.95; 4 lb. can 6.95; 10 lb. can 11.95, Postpaid.

BE SURE TO INOCULATE ALL LEGUMES

Don't spend good money for clover and alfalfa seed without inoculating it. It not only does better, but must be inoculated to take Nitrogen from the air and put it in your soil.

By inoculating with "Nitragin" you make full use of the legume's ability to fertilize your soil by adding Nitrogen to it. Makes better clover stands and crops and better crops to follow. You should inoculate even if land was inoculated before.

When ordering, always state name of seed.

Gurney's GOLDEN HYBRID SEED CORN

GURNEY'S

Golden
HYBRID SEED
CORN

Equal to the
Highest Priced Brands

SAVE up to **\$3.00** —and plant the **FINEST** PER BU.

BUY DIRECT

Anyone who listens to the radio or sees the advertisements on hybrid seed corn is likely to become hopelessly confused by the endless number of brands of corn, all claiming to be the best.

No question but what most of these brands are good corn. Hybrid seed corn is like automobiles in that the basic construction has become pretty well standardized. Poor construction has been eliminated to the point where there are practically no "lemons."

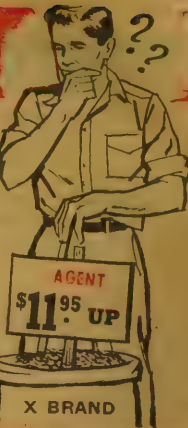

All these brands claim to be the best. Of course they can't all be the best. The net result of all these conflicting claims is only confusion.

Here's something there can be no doubt about. We offer to save you the dealer's commission. We think no one is justified in claiming to have the best corn on the market so we don't claim it. We do know our corn is as good and will hold its own in competition with any other brand. Year in and year out it will be on top as often as any other single variety. Because we eliminate commissions, Gurney's Golden Hybrids sell for 2.50 to 3.00 per bushel less. This is a solid fact—not just a claim.

WHICH ONE

GURNEY'S GOLDEN

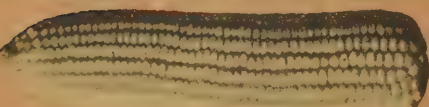

AGENT
\$11.95 UP

X BRAND

We feel certain that if you will ask yourself this question honestly—there is no doubt as to which corn you would plant. Gurney's Golden Hybrids are absolutely as fine as money can buy, yet you save up to 3.00 or more on every single bushel you buy. That's a 30.00 saving on an 80 acre field. This year try Gurney's Golden.

Priced as LOW as \$6.75 per Bushel

Gurney's Golden No. 80 (80-84 Day)

This is our earliest number and a new one you will like. A very fine yielder and one that stands up well. You northern planters that want an extra early hybrid will go for this one.

Large Flats . 9.65
Med. Flats . 9.65
Small Flats . 6.95
Rounds . 6.95

Gurney's Golden No. 85 (83-86 Day)

This is another early, reliable hybrid you can depend on. You'll be amazed at the yield for a corn as early as this one. Stands well, picks easy, and we'll put it up against any early hybrid of similar maturity.

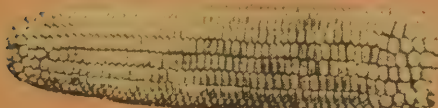

Large Flats . 9.65
Med. Flats . 9.65
Small Flats . 6.95
Rounds . 6.95

Gurney's Golden No. 90 (88-92 Day)

Larger and a little later than our eighty-five day series. Matures clear to the North Dakota line. Consistently produces heavy yields. One of our oldest and most reliable early numbers.

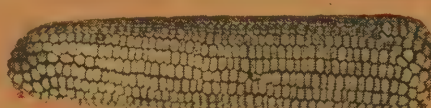

Large Flats . 9.65
Med. Flats . 9.65
Small Flats . 6.95
Rounds . 6.95

Gurney's Golden No. 95 (92-95 Day)

Larger ear and heavier yielder than our ninety day series but will not mature quite as far north. The heaviest producer in our real early numbers. Thick ear, deep kernel. Matures as far north as Aberdeen.

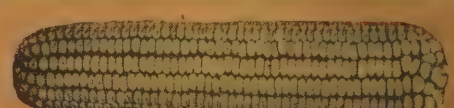

Large Flats . 9.65
Med. Flats . 9.65
Small Flats . 6.95
Rounds . 6.95

Gurney's Golden No. 100 (100-103 Day)

A reliable heavy producer. Matures easily in the Huron and Brookings area in normal years. Fine for a late planting in Yankton and areas with like growing conditions.

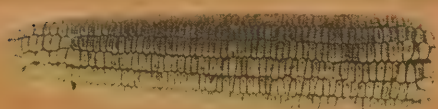

Large Flats . 9.65
Med. Flats . 9.65
Small Flats . 6.95
Rounds . 6.95

Gurney's Golden No. 104 (103-106 Day)

This new number will do a good job in the Brookings to Huron area and similar areas. A very good yielder for its maturity and the ears are good sized and hang on well. Has a firm stalk and picks well.

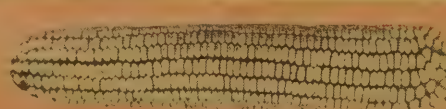

Large Flats . 9.25
Med. Flats . 9.25
Small Flats . 6.75
Rounds . 6.75

Gurney's Golden No. 104A (108-112 Day)

This new number replaces 105 which is not available this year. We think it's better, too. Adapted to the Sioux Falls-Mitchell area and like climates. Excellent yielder.

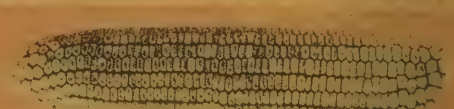

Large Flats . 9.25
Med. Flats . 9.25
Small Flats . 6.75
Rounds . 6.75

Gurney's Golden No. 118A (112-116 Day)

One of our largest and heaviest producing varieties. Its ears hang on extra well. Perfect for northwest Iowa, southern South Dakota, and northern Nebraska. Big ears, stiff stalk, heavy dark green foliage.

Large Flats . 9.25
Med. Flats . 9.25
Small Flats . 6.75
Rounds . 6.75

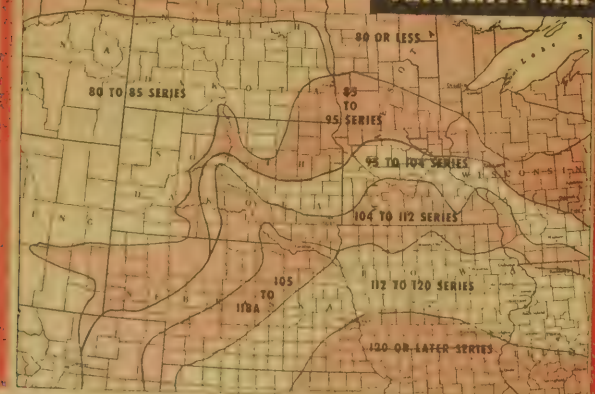

Gurney's Golden No. 120 (116-120 Day)

Adapted to south central Iowa, southeastern Nebr. and like climates. Has everything for heavy production—large deepkerneled ears that hang on well. Very good standability.

Large Flats . 9.25
Med. Flats . 9.25
Small Flats . 6.75
Rounds . 6.75

MATURITY MAP

Check This Maturity Map For The Proper Corn

Take into careful consideration your normal growing season and, remember, the law of averages proves that it does your luck.

other words, if you live in a locality where a 110 day corn is about right—don't take a chance that you are going to have an extra-long growing season and plant a 110 day corn. The numbers indicate the approximate maturities for your territory. Again we say—don't try to stretch your luck. Write us if you are in doubt as to the correct number.

IMPORTANT—How We Ship Seed Corn

If you order three bushels or more of either hybrid or open pollinated, we prepay the freight (not express or parcel post) to your station in any of these states: South Dakota, North Dakota, Minnesota, Iowa, Nebraska, Illinois and Wisconsin. In all other states, if you order three bushels or more, we do not pay freight, but allow 75¢ per bushel discount off the above prices to help with the transportation. No allowance can be made on orders of less than three bushels.

Freight is the economical way to ship. Allow at least two weeks time to receive freight shipments—SO ORDER EARLY. On late orders of three bushels or more, which must

be sent by express or parcel post to reach you in time for planting, you pay only the difference between express or postage, and regular freight rates.

A freight allowance of 75¢ per bushel on orders of three bushels or more will be made to customers who take their corn from the store, thus saving us delivery expense.

Please do not ask us to ship seed corn C.O.D. Such shipments are unsatisfactory in many ways, but mostly because they make a substantial increase in the cost to you. We have discontinued them altogether.

No seed corn shipments can be made until fully paid for.

Why You Save with GURNEY'S GOLDEN

For years we have thought that hybrid seed corn was priced too high, so, we started looking for places to cut. We tried the production end first. No good. We found no place to cut there and keep the quality. That left only distribution to work on. So we dropped the agents—sell direct—cut about \$3.00 per bushel off your cost.

Our seed is as carefully produced and processed, and costs as much by the time it is bagged and ready for sale as the highest priced seed on the market. You get it for less only because we sell direct and can pass the commission back to you, the consumer.

Modern Processing Equipment

Gurney's have spared absolutely no expense in obtaining the very finest, most modern corn processing equipment that money can buy. Add this to the fact that the men who operate this equipment, have been with us for years. They know their business. This is your best assurance of well processed, well graded corn.

Bred To Withstand Climatic Conditions

Gurney's Golden Hybrid Corn is bred to produce under adverse conditions. It is not hard to produce hybrids that do a wonderful job under ideal conditions and many companies brag about what their corn has done under such conditions.

We are not satisfied merely with hybrids that produce when conditions are ideal. We have and always will, concentrate on producing varieties that do well under tough conditions.

NO DOWN PAYMENT NECESSARY

Some of you folks may want to order now but find it more convenient to pay later. We will hold any seed corn order till March 1st without down payment. This assures you of the corn you want when you want it.

Planter Plates for ROUNDS and SMALL FLATS

Plant Rounds and SAVE

As a service to our customers we have decided to offer planter plates for rounds and small flats since your home dealers often do not carry them. We have them for McCormick-Deering and John Deere only, at standard price with just enough added for postage. John Deere plates are \$2.75 per pair and McCormick-Deering plates are \$4.75 per pair. Both of the above prices include the postage.

On John Deere plates, be sure to tell if you want the new style without the crossbar, or the old style with the crossbar. Remember, rounds or small flats will do just as good a job yet cost you less. Give them a chance and find out how you can save even more.

Gurney's Golden Hybrid is Graded for Perfect Planting

READ WHAT THESE FARMERS SAY ABOUT GURNEY'S GOLDEN

It always makes anyone feel good to receive a nice letter. That's why we want to take this opportunity of thanking the folks whose letters appear below. We feel sure you'll enjoy reading what they have to say too.

Herman Bergman
Avoca, Minn.

"Your corn was just as good as any other brand I planted. It yielded just as good."

Holgar Eldhart
Howells, Nebr.

"The corn is wonderful and the grade run for planting is better than lots of other hybrid corn."

Eph. Schaeffer
Menno, S. Dak.

"I like your seed corn just as well or better and it is cheaper than the rest."

Frank Ferrian
Eagle Bend, Minn.

"It got ripe earlier and

a much better yielder per acre."

Henry Pies

Webster, S. Dak.

"Seemed to stand drouth and wind better, (didn't break down). Would be what I prefer for ripe corn."

Glendon B. Olson

Watford City, N. Dak.

"It ripened about a week ahead of the other corn although the weather here was very dry. I consider it a very good ear corn."

Henry Reimer

Long Prairie, Minn.

"Stands good and did not drop ears. I had two kinds of corn but liked the Gurney's 105 best."

Robert Ellison

Boulder, Colo.

"Stands better—no soft ears. Produced 76 bu. per acre. Produced 10 bu. more per acre than others planted side by side."

Tom Wierzorek
Lakefield, Minn.

"Of the leading three popular brands of corn I planted, yours hung on much better, which is worth a lot. The other three kinds we had to repick after the picker which was a job."

Paul E. Taggart
Dallas, S. Dak.

"The stalk stayed green even after the corn was dry. Withstood heat a lot better."

Elwood Puhlman
Hazel, S. Dak.

"My corn suffered four hail storms, two of which were very severe. Hail, drouth and all I was sure more than satisfied at my first try with Gurney corn."

Hans C. Nelson
Washburn, N. Dak.

"It grew into better corn and better ears. Well pleased with it."

DEPENDABLE OPEN POLLINATED SEED CORN

About Our Seed Source

Gurney's Open Pollinated seed corn is NOT bought on the open market "catch as catch can." We grow hundreds of acres of Open Pollinated corn and know the seed source of every bushel sold. This insures purity of strain, which is the most important single factor to you Open Pollinated corn growers.

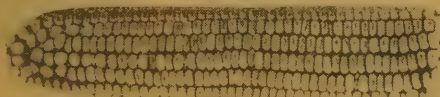

We have been in the Open Pollinated seed corn business about as long as any other company in the entire country. Many of the corns we are offering were our own introduction—varieties that have been doing a wonderful job for years. If you plant Open Pollinated seed corn—play safe—order from Gurney's and be sure you get what you order.

Highest Germination

You get "tops" in germination when you buy Gurney's Open Pollinated seed corn because we can utilize our huge drier and take in the seed before cold weather. All of you farmers realize the extreme importance of high germination, and with every bushel of Gurney's Open Pollinated seed corn, you get the very best germination possible.

Grading On Open Pollinated Corn

Many concerns do no grading at all on open pollinated corn but we do. You won't run into any snags at planting time with any of our open pollinated corn because it is all graded so you can do a good job of planting with it.

MINNESOTA 13

This well-known variety has been popular for many years, and with good reason. Excellent yielder for its maturity. Ears orange yellow—normally 8 to 9 inches. Grows 6 to 7 feet tall. In South Dakota does well in such counties as Beadle, Kingsbury, Clark, Hamlin and similar areas. Also a favorite in South Central Minnesota. Price: 4.60 Per Bu., F.O.B. Yankton.

LEARN THE FACTS ABOUT CORN SHIPMENTS BY FREIGHT

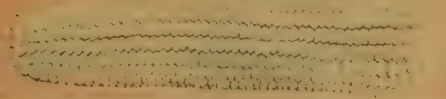

Minimum freight charges per shipment have become very confusing especially for our out-of-state shipments. The way to beat these charges is to order not less than three bushels of seed corn and combine your field seed order with the same shipment. The larger the shipment the lower the cost to you per item. Here's the way minimum freight charges work: To ship corn to Marshall, Minn. from Yankton, there is a minimum charge of \$2.51 for any single freight shipment. The rate per 100 lbs. is only 82c per

100. Two bushels of corn weigh 112 lbs. and at the 82c per 100 lb. rate you would expect the charge to be 92c. This is not the case. Whenever the per 100 lb. rate totals less than the minimum you must pay the minimum charge. Of course, Gurney's pay the freight on all orders for 3 bu. or more of either Hybrid or Open Pollinated into N. D.; S. D.; Minn.; Iowa; Nebr.; Ill. and Wis. Don't order just 1 bu.—order 3 or more and save.

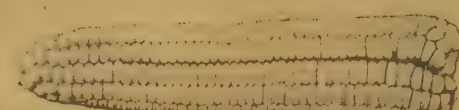

Gurney's Famous RAINBOW FLINT

Gurney's "Tall" RAINBOW FLINT. We originated this corn in 1915. Stalks 7 to 8 ft. tall with two ears to the stalk and leafy clear to the ground. Heavy yielder. Highly drouth resistant. Excellent for fodder or hogging off. So widely adapted it can be successfully grown clear to the Canadian line. Price: 5.60 Per Bu., F.O.B. Yankton.

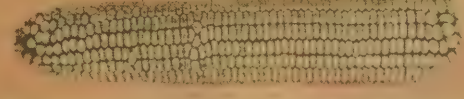

Gurney's SILVER KING

Here is the open pollinated white corn that is a real beauty. Loads of big, beautiful, white ears often 8 to 12 inches long. They generally bring a nice premium too. Fine for central to southern South Dakota and like areas. Will really give the Hybrids a "run for their money." Price: 4.60 Per Bu., F.O.B. Yankton.

Gurney's AUGUST 15th

(Fine for machine picking.) Here's an open pollinated corn that we are proud of because we know it will do a job for you. This is our origination. Plant it by mid-May and you can generally husk it by August 15th. If the early Hybrids have been giving you trouble—try August 15th—IT'S A CINCH. Price: 5.40 Per Bu., F.O.B. Yankton.

DE WOLF'S PROLIFIC

This is the largest, heaviest-producing, Open Pollinated variety we are offering. De Wolf's Prolific is five to seven days later than Minnesota 13. Stands very well for Open Pollinated corn. An excellent variety for southeastern South Dakota, eastern Nebraska, and similar climates. Not too much available, so you'll have to hurry. Price: 4.60 Per Bu., F.O.B. Yankton.

New and Better HOUSE PLANTS from GURNEY'S

ALL HOUSE PLANTS SHIPPED POSTPAID

If you love flowers and green plants, you like to have them the year around. That is just what you can have with house plants. They look mighty cheerful in your house any time of the year, but particularly when the ground is covered with snow and all the foliage is gone from the outdoor trees and shrubs. House plants are the cheapest and best "interior decorations" you can buy.

NOTICE: Gurney's house plants are shipped to you in a separate packing direct from our greenhouses, as soon as weather permits a safe shipment. All grown in 2 1/2" pots and are in line shape for transplanting.

AFRICAN VIOLETS

Most Popular House Plant. Just give them light, but protect from direct sun, keep the temperature cool and even. Occasionally put pan of water under pot until soil is moist, then remove pan and drain off excess water. Don't wet foliage.

New and Better Varieties
N148—All Aclow. After looking over many pinks, we are positive All Aclow is the finest of all the single pinks. It is a brilliant 21-stem pink and a very prolific bloomer.

Flowers borne on strong stems. 1.50 each; 3 for 4.19.

N147—Geneva Beauty. A new improved Lady Geneva that is far superior to the old variety. A true deep blue with bright white edge around each petal. Very striking and a must in your collection. 1.50 each; 3 for 4.19.

N151—Floradora. This new variety is a beauty. Has large, beautifully fringed blossoms of exotic rose-mauve. One of our best new ones. 1.50 each; 3 for 4.19.

N145—Double California Dark Plum. A vastly improved type and a brand new one. A clear, rich, wine-red blossom that is really double. Borne on long, strong stems so the blossoms show up well over the foliage. The first double red. 1.98 each; 3 for 5.25.

N165—Double White Lace. New and lovely. A daintily fringed blossom that is almost white and fully double. Vivid green and waxy leaves. 1.75 ea.; 3 for 4.29.

N146—Double Pink Ohio Beautiful. This variety is

considered the best of the new double pinks. The flowers are large, fully double and a clear bright pink color. Very long stems and we are certain you will like this brand new one. 2.25 each; 3 for 5.98.

N166—Ruffled Queen. One of the most distinctive blossoms we know of. A rich, deep purple with edges heavily frilled. 1.50 each; 3 for 4.19.

N171—Double Delight Rainbow. One of the best of all doubles. Very large sil-

very blue flowers on long stems. 1.75 ea.; 3 for 4.29.

N166—Double King Neptune. New. We consider this the largest flowered double African Violet. Huge blossoms of deep purple. 1.75 each; 3 for 4.29.

N172—Single California Dark Plum. Considered the finest of all reds. A fine grower and blooms freely. 1.50 each; 3 for 4.19.

N167—Double Rose Azure. Large double, white blossoms blushed pink and tinted with wine. 1.75 each; 3 for 4.29.

HOUSE FERNS

KING FERN

N86—(Cibotium Schodde). A most handsome and decorative fern. Has large, bright green, bluish tints that are very attractive. So easy to grow. Grow them just like you do the Boston Fern. 1.50 each; 3 for 4.19.

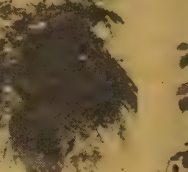

BOSTON FERN

N76 One of the best known and loved of all ferns. Grows very erect and a vigorous grower. 45c each; 3 for 1.29.

FLUFFY RUFFLES

N82—A larger type fern with large leaves that are frilled and fluffy. One of the easiest to grow. 49c each; 3 for 1.39.

LACE FERN

N87—(Asparagus Plumosus). Has the fine, lacy foliage admired by all. Very rich, dark green and vigorous. 45c each; 3 for 1.29.

GRAPE IVY

N393—This beautiful Ivy has a 3-segment leaf. Grow it anywhere as it doesn't need a particle of sun. 45c each; 3 for 1.29.

Gurney's BRANCHING IVY

N387—The many-stemmed, hanging type Ivy that is so easy to grow. Rich green color and very pretty. 45c each; 3 for 1.29.

FERN COLLECTION

N583X—1 each of Boston Fern, Fluffy Ruffles and Lace Fern only 1.25.

PHILODENDRON

PHILODENDRON

N412—Very few plants have been accepted by the public as enthusiastically as this one. None easier to raise or with as many possibilities. Often called the plant of 1000 uses. 45c each; 3 for 1.29.

PRAYER PLANT

N423—(Maranta). Highly decorative with large, lanceolate leaves of bright blue-green spotted

"No Sunshine" HOUSE PLANTS

with brown areas. Because of the peculiar marking on the leaves it is sometimes called Rabbit Tracks Plant. 65c each; 3 for 1.79.

N420—Silver Threads. See description and prices on next page under "Novelty Plants."

N437—Friendship Plant. See description and prices on next page.

N730X—NO SUN OFFER. 1 each of all 4 varieties listed here only 2.29.

REGULAR GERANIUMS

N340—Improved Ricard. Brilliant red. Fine bloomer.

N345—Pink Phenomenal. Bright clear pink.

N342—Snowball. Pure white and ever-blooming.

CHOICE IVY OFFER

N693X—1 each of Gurney's Branching, Grape Ivy and Glycer Ivy for only 1.59.

IVY LEAF GERANIUMS

These beautiful Geranium-flowering vines make good house plants and are fine for porch boxes or in the flower bed during the summer. Many other uses.

N316—Willy. Double. Dark black-red.

N313—Double Salmon. Large blossom, rich color.

N315—Snowdrift. Finest double white.

N312—Chas. Turner. Outstanding double, bright pink.

N314—Intensity. A very showy double red. All Ivy Leaf Geraniums: 49c each; 3 for 1.39.

IVY LEAF GERANIUM OFFER.

N646X—1 each of above 5 varieties (Ivy Leaf) only 1.98.

(See illustrations at right)

VARIEGATED LEAF GERANIUMS

Here are some newer varieties of the familiar geraniums. Their foliage is startlingly beautiful.

N357—Mrs. Languth. Green leaf with white edge. Double red flowers.

N358—Distinction. Frilled and ruffled leaves with a broad ring band of brown.

N359—Skies of Italy. Ruffled leaves with a color pattern of green, yellow, red and bronze.

N360—Happy Thought. Ruffled leaves. Ivory center with a broad band of bright green.

Variegated-Leaf Geranium prices: 98c each; 3 for 2.59.

Collection of Variegated Leaf Geraniums

N671X—1 each of all 4 varieties listed above only 3.29.

LANTANA

N295—Down south, these flowers grow right outdoors. You will have lots of fun, trying to grow them indoors. Success, however, depends on conditions. Once you see the huge, white, double, fragrant blossoms you'll know it was worth the effort. Plant outdoors in spring for summer. 98c each; 3 for 2.69.

N403—Red.
N400—Lavender.
N401—Orange.
N404—Yellow.
N402—Pink.
49c each; 3 for 1.39.

Lantana Offer
N701X—1 each of above 5 varieties for only 1.98.

"Rosebud" BEGONIAS (See illustration on opposite page). Hard to beat for indoor blossoms and fine as bedding plants in the garden. These have flowers like tiny, dainty, double roses.

N224—REDDY. So new and different we know you will want it. The dainty but burst into huge red flowers. Has rich green foliage. 98c each; 3 for 2.69.

N222—DOUBLE ROSEBUD WHITE. A fine variety with fully double blossoms of a beautiful pure white. 75c each; 3 for 1.98.

N225—CARMINE QUEEN. Brand new and spectacular. Has big "rosebud" type blossoms of a beautiful deep pink color. Coppery-red foliage. 98c each; 3 for 2.69.

N596X—1 each of the 3 "Rosebud" Begonias listed above only 2.59.

SULTANA

(See illustrations on opposite page) (Impatiens.) These bright and showy plants are always in bloom and easy to raise. Do well in all sorts of house conditions. Also fine for the garden during summer. Make a good-sized bush when set outdoors.

N453—White. N450—Red. N455—Brilliant Orange. N452—Variegated leaf with red flowers. 49c each; 3 for 1.39.

NOVELTY BEGONIAS

N210—Calla Begonia. White and green variegated leaves. Red flowers. A rare one. 1.25 each.

N218—Orange Rubra. Has bright orange flowers that are large and brilliant. 98c each.

N211—Large Leaf Angel Wing. Leaves are long and wing-shaped. Flowers brilliant red. 79c each; 3 for 2.19.

N232—Lettuce Leaf. One of the finest grown. Large, rich green leaves

with ruffled edges tinted red. Pink flowers. 1.00 each.

N227—The Black Begonia (Joe Hayden). Here is a new variety with thick, leathery, wavy leaves of rich blackish red. Turns green with too much light. 98c each; 3 for 2.85.

N597X—1 each of Lettuce Leaf, Orange Rubra, Black and Large Leaf Angel Wing only 3.49.

PELARGONIUMS

(See illustrations on opposite page.) The Martha Washington Geraniums. These plants are commonly called "Martha Washington" Geraniums, but they really are Pelargoniums. You can expect blossoms by Easter and through Memorial Day. Bloom early spring till late fall. Don't overwater plants in fall and winter.

N366—Marie Rober. Most popular. Deep rich red with dark black markings. 79c each; 3 for 2.19.

REX BEGONIAS Best New Varieties

Following Rex Begonias 89c each; 3 for 2.49 (except Scarlet O'Hara).

N239—Helen Lewis. Black-purple leaf with mid-zone of silver changing to rose.

N237—C. Cardoza. Gardens. Huge leaves with narrow edge of greenish black. Central zone rosy pink. Rosy dots on border.

N249—Maiden's Blush. Medium leaf

N362—Burgundy. Best of the new blacks. Its red edges are very wavy. 89c each; 3 for 2.49.

N370—Empress of Russia. This beauty is the showiest of all. 89c each; 3 for 2.49.

N371—Waltz Time. Rich orchid, beautifully ruffled. 79c each; 3 for 2.19.

N681X—Pelargonium Offer. 1 each of Waltz Time, Marie Rober and Burgundy for only 2.99.

Rainbow

REX BEGONIAS

N244—You never saw a Persian rug with more color than the foliage of these Rainbow Rex Begonias. They are very decorative and you will find lots of uses for this fine foliage plant. Very easy to grow in a cool window with not too much sunlight. You will never find two plants quite alike. 79c; 3 (all different) for 1.98.

N614X—1 each of the 4 Rex Begonias listed above only 3.39.

CACTUS

IT'S SO EASY TO GROW THESE NEW TYPES

We have new offerings some of the newest and best types of cactus that can be grown indoors. So easy to grow, they are sure to give you a lot of pleasure. New and Better AFRICAN VIOLETS (see descriptions at left)

DOUBLE VIOLET COLLECTION

N544X—One each of Double Delight Rainbow, Double White Lace and Double King Neptune. All for..... **\$4.19**

GLACIER IVY

N391—Here it is—the Queen of the Ivies. Each beautiful leaf is edged with ermine white. You never saw one as showy. 98c each.

SILVER THREADS

N420—(Fittonia). Here is a foliage plant that is showy as well as useful. Has bright green leaves that are beautifully netted with silvery white veins. Give it light but no sun. 75c each; 3 for 1.98.

FRIENDSHIP PLANT

N437—(Panamigo). Has crinkled, greenish-bronze leaves with a metallic lustre. A light green flower cluster tops its stems. This is a new one with us and we feel sure you'll enjoy it as much as we do. Doesn't need sunshine but will stand light. 59c each; 3 for 1.49.

NOVELTY PLANTS

COLEUS

N1050—Most beautiful of all foliage plants. All colors of the rainbow in beautiful patterns in one plant. Ours are all different and very beautiful. Anyone can easily raise coleus. Requires little care. 3 for 89c; 6 for 1.49.

Exotic FLAME VIOLETS

N1—Scarlet Flame (Episcia Coccinea). The exciting, vivid, new, Flame Violet is too gorgeous for words. We believe you will agree it is truly the "most beautiful house plant in all of the world." Grows and looks like an African Violet—in fact, it is a close cousin—but by far the prettiest member of the family. Imagine gorgeous, broad, thick, plush-like leaves of deep bronze-green, that are veined a delightful emerald green. The flowers are a brilliant scarlet—a true flaming red! 1.25 each; 3 for 3.49.

SCARLET FLAME VIOLET

N8—Blue Flame (Episcia lilacina Fanny Haage). This is the new companion flower to Scarlet Flame Violet. Leaves are an intricate pattern of plush deep greens, with contrasting veining of brilliant green. Flowers are a soft, sky blue. Very beautiful. 1.50 each; 3 for 4.19.

BLUE FLAME VIOLET

N557X—Flame Violet Bargain. 1 each of Scarlet and Blue Flame Violets for only 2.49.

N283—This is one of the finest of all Fuchsias. Has huge rosy-lavender flowers of exquisite beauty. 69c each; 3 for 1.89.

N285—The sensational blue one that appeals to everyone. It is Veronica blue with red sepals. 69c each; 3 for 1.89.

N267—The finest of the real scarlet Fuchsias. This is a large, fully double, brilliant scarlet of great beauty. 69c each; 3 for 1.79.

N288—The best of the double whites. Huge, fully double, creamy-white blossoms and a very vigorous grower. 69c each; 3 for 1.79.

N289—Huge double blossoms of milky-white with turned back sepals of shining red. A striking color combination of brilliant red and white. 69c each; 3 for 1.79.

FUCHSIA

DWARF LEMON and TANGERINE

N1131—Everbearing DWARF LEMON. The lemons are just as good as those you buy at the store and are fragrant as orange blossoms, which they resemble somewhat. Easy to grow indoors as a geranium. Fruits weigh from one to three pounds apiece and there is almost always fruit on the plant in some stage of development. Make a nice pot plant, eventually getting about two feet high, and will live for years. 98c each; 3 for 2.59.

N1132—DWARF TANGERINE. Here is your chance to raise a real dwarf tangerine that you can grow in a pot just as easily as any house plant. Beautiful, glossy green leaves with brilliant orange colored fruit that is very good to eat. Blooms have orange blossom fragrance. Highly ornamental and fun to grow. 98c each; 3 for 2.59.

DWARF LEMON

Both for Only 1.79
N508X—1 Everbearing Dwarf Lemon and 1 Dwarf Tangerine—both plants for only 1.79.

Gurney's HARDY PERENNIALS

You get more for your money when you plant Perennials because they cost so little and bloom year after year, usually getting larger and more beautiful as they get older. Easy to grow and give lots of flowers early and late.

Gurney's GREEN THUMB

Collection of HARDY PERENNIALS

B3286X—Here are five hardy, beautiful, sure-to-grow perennials—the kind that will do well for you this year and for years and years to come. They are worth at least twice this much sold separately.

- 1 Bright Red Phlox Spitzfire
- 1 Shasta Daisy (White with gold center)
- 1 New Pink Baby's Breath
- 1 Mixed Painted Daisy
- 1 Yellow Blaz-O-Mum

ALL 5 \$1.29 for only 1 Ppd.

FREE GIFT: 1 Clove (Grass) Pink. Blooms all summer. Fragrant.

LOW-GROWING PERENNIALS (6"-12")

HARDY VIOLETS

B2285—Royal Robe. Delicately fragrant flowers borne on long stems. Deepest violet blue.

Bachelor's Button

B2007—Hardy Blue Bachelor Button, (or Centaurea Montana.) Clear blue 3" flowers.

B2008—Hardy Pink Bachelor Button, (or Centaurea Debalata.) Grows 2 ft. high, has 3" pink flowers.

Either of above 45c each; 3 for 1.19, ppd.

B3256X—Hardy Bachelor Button Collection—2 each of above, 4 in all, for only 1.49, postpaid.

Beechwood

Challenger ASTER

B1001—Another English variety of great beauty. It is one of the best of all hardy red Asters. Very brilliant and beautiful. Grows up to 3 feet high. This one is truly a sight to behold when in bloom and you will want to add it to your collection of better, hardy Asters. 49c each; 3 for 1.29, ppd.

Gurney's Famous Hardy BLAZ-O-MUMS

Over 1000 Blooms

These Miracle Mums start blooming the first year and in late summer and early fall cover themselves with beautiful flowers of all the Chrysanthemum colors. We have seen many Blaz-O-Mum plants that measured 18 inches tall and over 2 feet wide, with flowers so thick that no foliage showed. By actual count, over 1000 blooms on some plants the first year and more the second.

B1404—BLAZ - O - MUM PINK. Beautiful clear bright pink.

B1407—BLAZ - O - MUM WHITE.

Opens slightly pinkish and changes to pure white.

B1406—BLAZ-O-MUM RED. A brilliant Santa Claus red.

B1403—BLAZ-O-MUM COPPER. A rich bright copper.

B1408—BLAZ-O-MUM YELLOW. A rounded pile of brilliant yellow blossoms.

B1405—BLAZ-O-MUM PURPLE. A brand new Blaz-O-Mum in bright purple.

Prices for above: 45c each; 3 for 1.19, postpaid.

SEE ILLUSTRATIONS AT RIGHT

Gurney's HARDY PHLOX

Phlox is one of the very few perennial flowers where you can get almost any color you want, including shades of blue, plus some in which the individual blossoms have two colors. Therefore, with Phlox you can get some very beautiful, striking color effects in both borders and beds. And all of Gurney's Phlox are the new, larger-flowered varieties—much more beautiful than most of the older types.

Phlox like full sun, but will do well in partial shade also. In fact, the pastel pink and blues look better in partial shade where they hold their color better. Phlox grow from 18 to 36" high, and bloom in Aug. and Sept. They are hardy and do well in any ordinary garden soil. After blooming, remove flower so they cannot go to seed.

6 BEAUTIFUL PHLOX

B1623—Hauptman Koehl. Large, brilliant blood-red.

B1604—Border Queen. Has very large flowers in very large trusses. A fine, clear pink.

B1659—Spitfire. Brilliant orange-scarlet that stands out like a bonfire at night.

B1655—Progress. Nearest true blue of all Phlox and still scarce. Has very large flowers.

B1628—Jules Sandeau. One of the best of all Phlox. Large orange-red flowers borne in large panicles.

B1653—Prime Minister. Large heads of white flowers with bright red eyes.

Prices on the "6 Beautiful Phlox" above 49c each; 3 for 1.29, postpaid.

6 PINK OR WHITE

B1609—Daily Sketch. Probably the biggest and best of the pinks.

B1669—World Peace. Large flowers of pure, glistening white. Best of new whites.

B1661—Sir John Falstaff. A new English Phlox with giant trusses of luminous salmon-pink.

B1657—Salmon Glow. This is the finest salmon-colored Phlox ever introduced.

B1651—Polka Dot. Has huge white flowers, each with a brilliant carmine eye.

B1608—Cinderella. A self-colored pink with small dark eyes.

Prices on above: 49c ea.; 3 for 1.29, postpaid.

B3204X—PINK and WHITE COLLECTION. One each of the 6 fine Phlox listed above only 2.39, postpaid.

FOUR FAVORITES

The four varieties listed below are the most colorful of all. That's why we list them separately.

B1605—Blue Boy. A new, large-flowered, light blue.

B1607—Chieftain. A new one of very unusual color. It is a sparkling ruby color you are bound to like. Very strong grower.

B1656—Purplekrome. Another new one that we predict will become the favorite purple phlox. Its name best describes the color.

Prices for above: 45c each; 3 for 1.29, postpaid.

FLASH PHLOX

B1615—This one is so beautiful we are showing an extra large picture of it at the right. A bright, showy rosy-red.

Prices on above 4.49c each; 3 for 1.29, postpaid.

TALL PERENNIALS (2 to 5 Ft.)

FOXGLOVE

True Perennial Type B2051—This is not the ordinary Foxglove that you find in the garden but a true perennial type known as Ambigua. Lovely soft yellow blossoms that are flecked with chocolate. Looks like a hothouse grown plant. Blooms all summer. 49c each; 3 for 1.29, postpaid.

HOLLYHOCKS

An old favorite dressed up with petticoats. Big double blossoms. Easy to grow.
B2081—Double Deep Maroon.
B2082—Double Newport Pink.
B2084—Double Yellow.
B2085—Double Mixed.
B2086—Double Scarlet Red.
B2080—Double Lilac.
B2083—Double White.
45c each; 3 for 1.19, postpaid.
B3277X—1 each of all 7 for 1.98, ppd.

GLOWING GOLD

Plant with Delphiniums
B2080—Thermopsis. Absolutely hardy. Clean bright green foliage and long up to 3 ft. spikes of sulphur yellow flowers. Try planting it with Blue Delphiniums. 45c each; 3 for 1.19, postpaid.

DELPHINIUMS

Delphiniums will grow most anywhere. Cut the stems off after they bloom for new blooms.

B2037—Finest Pacific Giant Hybrids Mixed. Finest mixed colors and very beautiful.

B2161—Galahad. Pure glistening white with extra large individual flowers.

B2162—King Arthur. Rich royal violet that is outstanding.

B2160—Blue Bird. Clear medium blue—often considered best blue.

B2163—Queen Guinevere. Dainty lavender-pink shades. Very double.

Prices on above: 59c each; 3 for 1.59, ppd.

B2035—Belladonna. Lovely light blue—hardy single. 45c each; 3 for 1.19, postpaid.

B2036—Bellamosum. A midnight blue single. 45c each; 3 for 1.19, postpaid.

Delphinium Collection—B3262X

1 Delphinium BELLA-DONNA—light blue.

1 Delphinium BELLA-MOSUM—Dark blue.

1 NEW DOUBLE HY-BRID MIXED. All for 1.29, ppd.

Hardy LOOSESTRIFE

B2113—Morden's Gleam. This particular variety originated in Canada, and will grow from wet swamp to dry wind-swept prairie. Long spikes of beautiful bright red flowers. Fine for cutting, and extremely ornamental in the garden. 18 in. to 3 ft. high. Blooms all summer. 69c each; 3 for 1.89, postpaid.

RUSSELL LUPINES

B2111—Lupines have beautiful sweet pea-like flowers with very long stems. 3 feet. They bloom from June until August with flowers of any color of the rainbow. 49c each; 3 for 1.29, postpaid.

BALLOON FLOWER

New Shell Pink

B2012—Balloon Flower (Platyodon). something really new.

Beautiful light shell pink. Blooms from early spring till late fall. 49c each; 3 for 1.29, ppd.

B2011—Blue Chinese Balloon Flower. Buds are like balloons, a rich blue that bursts into single blossoms and looks like stars. Easy to grow. 45c each; 3 for 1.19, postpaid.

Gurney's HARDY CHRYSANTHEMUMS

Why Gurney's Chrysanthemums Are Two Ways Better

The Old Way The New Way

1. They are grown individually in pots (see illustrations above). They are not field-grown plants dug last fall and stored through the winter. Our potgrown ones are fresh and vigorous.

2. Gurney's Chrysanthemums are grown and shipped in special pre-fertilized moss. Those grown and shipped in dirt usually dry out in shipment. Thus, dirt-grown mums often arrive in your hands in bad shape. Gurney's moss-grown and moss-shipped plants stay healthy, alive, sound-limbed, do not break in shipment. When you put them in the ground, they grow.

ASTERS

VIOLETTA

B1035—This Aster is deep, violet purple.

The plants grow into a rounded bush about 2 feet high and wide.

During September, the flowers cover the bush completely with semi-double flowers.

49c each; 3 for 1.29, postpaid.

Rouge Cushion

B1453—Here is a cushion mum with the most vivid, rouge-red blossoms we have ever seen. Huge, big blossoms too, and you will get lots of them on a sturdy, well-shaped plant. 49c each; 3 for 1.29, ppd.

Holiday

B1423—A huge golden yellow mum with bronze center. Produces lots of flowers on strong stems. Makes a good cut flower, too. 59c each; 3 for 1.59, postpaid.

White Cloud

B1471—This is our finest pure white mum. Makes a bushy plant about 30 inches tall covered with large, double white flowers. 59c each; 3 for 1.59, ppd.

Apricot Glow

B1410—An early large flowered cushion type mum that is literally covered with bright rich apricot-orange flowers. 59c each; 3 for 1.59, ppd.

PROSPERITY

B1021—Here is our latest addition to the hardy Asters.

If you like a beautiful rose-pink flower—a lot of them—you can't help but like Prosperity.

Makes a beautiful plant that grows 2 to 3 feet tall and is real bushy. This is the only hardy Aster we have of this color. 59c each; 3 for 1.59, ppd.

PLENTY

B1022—This is one of the New English Asters, and an unusually good one. It has blue semi-double flowers, each one about two inches across—the largest Aster flowers we have ever seen. Very hardy and easy to grow. Blooms early Sept. and lasts well into October. Grows 3 to 4 feet tall and makes wonderful cut flowers. 59c each; 3 for 1.59, ppd.

PEACE

B1020—A sister of Plenty, but its color is a bright lavender. Same large, semi-double flowers, same hardiness, blooms at same time. Also 59c each; 3 for 1.59, postpaid.

Peace and Plenty B3003X—You're bound to want both of these fine new Asters. 2 Peace and 2 Plenty, 4 plants in all, only 1.98, postpaid.

Royal Robe

B1455—A very good all-round variety with superb coloring. Fully double rich purple with bluish cast in center. 59c each; 3 for 1.59, ppd.

Adorable

B1413—The pinkest mum of all! A clear, brilliant, rose-pink that produces lots of flowers. An excellent cut flower. We believe this is the best pink so far! 59c each; 3 for 1.59, postpaid.

Chippewa

B1411—Gorgeous bright aster-purple. Not new but still the best hardy purple and excellent for cutting purposes. Very fine bloomer. 59c each; 3 for 1.59, postpaid.

Autumn Beauty

B1401—A new brilliant sparkling reddish chestnut mum that is considered to be the best of the early bronze. 59c each; 3 for 1.59, ppd.

Gladness

B1416—Fully double, clear rose flowers and one of the very first to bloom. A dwarf, free-blooming plant that is winter hardy. 59c each; 3 for 1.59, postpaid.

Early Crimson

B1414—Fine new hardy early crimson mum. Sturdy bushy plants about 26 inches tall covered with flowers from mid-September on. 59c each; 3 for 1.59, ppd.

Yellow Avalanche

B1474—Large, brilliant soft yellow blossoms that are very fine for cutting. Blooms early and is one of the best yellow mums. 59c each; 3 for 1.59, postpaid.

Golden Sunset

B1417—Its large, burnished copper flowers with ruby red centers almost completely cover the bushy plants from mid-September on. One of the most showy of all mums. 59c each; 3 for 1.59, ppd.

More Hardy PERENNIALS

LOW-GROWING PERENNIALS (6"-12")

HEN and CHICKS

B2074—Like tiny 5-inch cactus. For cracks or crevices in the rockery or any dry, hot spot in the garden. Each hen rolls off several chicks each year. No rock garden is complete without several of these. Hardy anywhere and very easy to grow. 45c each; 3 for 1.19, postpaid.

FORGET-ME-NOT

New Pink Beauty

B2049—The ordinary old blue Forget-Me-Not has been grown in our gardens for years and years, but here is one with clusters of bright pink flowers borne all summer. Plant where it is moist if you can, in either sun or partial shade. Our plants are raised from cuttings so you will be sure to get the true pink. 89c each; 3 for 1.49, postpaid.

LILY OF THE VALLEY

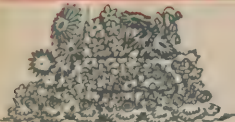

B2110—Thrives on almost any kind of soil and will adapt itself to pot culture in the winter. Its modest white bells are delightfully fragrant and they are ideal for corsages. Does well on the north or east side of the house, or in partial shade. 39c each; 3 for 98c, postpaid.

HARDY CANDYTUFT

B2016—A low-growing perennial with large clusters of snow white flowers in the early spring. The plant will gradually spread to make a mat several feet across. Foliage stays dark green throughout the year so it always makes a nice showing. 49c each; 3 for 1.29, postpaid.

PINCUSHION CARNATION

B2027—A brand new little carnation that makes a solid pincushion of blue-green. Has needle-like leaves and tiny, pink, double little carnation blossoms. Fragrant, too. This is an improvement on Grandmother's favorite and you'll love it even more. 50c each, postpaid.

Low, Medium or Tall

Growers To Choose From

As on the two preceding pages, we have again grouped all perennials into 3 classes—Low growing, Medium Tall and Tall. This makes it far easier for you to select the proper ones for the right location in the flower bed.

OLD FASHIONED

FERN LEAF

BLEEDING HEARTS "Jewels of the Garden"

Old Fashioned Bleeding Heart

B2014—This long time favorite has drooping clusters of bright pink heart-shaped flowers. Grows larger and more beautiful with each passing season. Should be in every garden. 75c each; 2 for 1.39, postpaid.

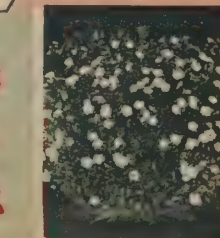

Fernleaf Bleeding Heart

B2013—Unusual ferny foliage and lots of tiny pink hearts on foot-long stems. A neat clump that blooms all summer long. Seems to do well planted anywhere and easy to raise. 49c each; 2 for 89c; 3 for 1.29, postpaid.

COLLECTION

B3291X—2 Fernleaf and 1 Old Fashioned Bleeding Hearts. 1.39, ppd.

MEDIUM-TALL PERENNIALS (1 to 2 Ft.)

SEA LAVENDER

B2190—This is *Statice latifolia*, grown for its lovely, lacy, lavender flowers. Lovely all summer and beautiful in dried bouquets throughout the winter. Entirely hardy. Broad, large leathery leaves in a rosette. 49c each; 3 for 1.29, ppd.

OZARK COBEA

B2140—(Penstemon). Extremely hardy. Blooms are very large, purple with dots and splashes of darker color. Plant grows 20 to 24" high. Very free-blooming. 49c each; 3 for 1.29, ppd.

HARDY FLAX

Easiest to Grow

B2050—(Linum Perenne). Ferny gray foliage and myriads of sky blue flowers all spring and summer. Lovely, flashy, and easy to grow. 45c each; 3 for 1.19, postpaid.

CLOVE PINK

B2161—Here is the flower that made your grandmother's garden such a fragrant delight, and will do the same for yours. Very lovely, spicily fragrant blooms in all shades of pink, red and combinations. Blooms all summer. Absolutely hardy. 2 for 85c; 5 for 1.69, ppd.

CORNFLOWER

ASTER

B2026—BLUE MOON. One of the newest and largest flowered perennials. Light blue flowers 5 to 6" across grow on stiff stems 12 to 18" long. Perfectly hardy. Blooms all summer. 59c each; 3 for 1.59, postpaid.

GREEN THUMB CUT FLOWER PERENNIAL COLLECTION

B3292X—We selected these varieties because they make fine cut flowers. With these five hardy, sure-to-grow beauties, you can grow your own bouquets.

- 1 Shasta Daisy
- 1 Painted Daisy—Red
- 1 Bachelor's Button—Blue
- 1 Columbine—Mixed Hybrid
- 1 Thermopsis—Glowing Gold

All for 1.39, postpaid.
FREE GIFT: 1 Sky Blue Delphinium.

All for \$1.39 ppd.

HARDY FERNS

Use On North Side of House

All of these hardy Ferns do especially well on north or east side of the house. They love shade and moisture, but will stand very dry conditions, too.

B2045—MAIDEN HAIR. Dainty lacy leafed variety—1 ft.

B2046—OSTRICH PLUME. The heavy, luxuriant, strong fern from the north—3 ft.

B2047—HARDY SWORD. Shapely pointed, dark green fronds. Grand to set off bouquets or corsages.

B2042—CINNAMON (Osmunda). Hardy, long fronds that appear sprinkled with cinnamon—3 ft.

B2044—LADY FERN (Asplenium). In moist rich soil, sun or shade, one of the best, finely cut ferns—2 ft.

45c each; 3 for 1.19, postpaid.

Fern Collection

B3274X—1 each of above 5 varieties of Ferns for only 1.59, postpaid.

B3259X—B A R -

GAIN FERN COLLECTION: 1 Maiden Hair, 1 Ostrich Plume, 1 Sword Fern. All for 1.10, postpaid.

TALL PERENNIALS (2 to 5 Ft.)

HARDY SWEET PEAS

The new perennial Sweet Pea (*Lathyrus*). These Sweet Peas are really hardy and a perennial, growing year after year. They bloom all summer from the first year on. Splendid for covering arbors or trellises. Many people put them on the garden fence and they're fine for covering old stumps and rocks which they love to scramble over. They make the grandest kind of cut flowers and last unbelievably long in the house.

B2245—Glowing Red.
B2244—Pink Beauty. **B2246**—White Pearl. 45c each; 3 for 1.19, ppd.

SWEET PEA SPECIAL

B3275X—2 each of Red, Pink and White—8 plants in all for only 1.98, postpaid.

BABy'S BREATH

B2004—BRISTOL FAIRY DOUBLE. Finest improved new double white. The favorite of the florist as a "filler" for bouquets. 69c each; 2 for 1.29, postpaid.

B2005—SINGLE BABY'S BREATH. Misty sprays of white. 39c each; 3 for 98c, postpaid.

B2006—NEW SINGLE PINK BABY'S BREATH (Gypsophila Oldhamiana). A new color, a lovely late-blooming pink. 45c each; 3 for 1.19, postpaid.

B3261X—BABY'S BREATH OFFER: 1 Double Bristol Fairy, 1 Single White, 1 New Pink. 1.39, ppd. FREE GIFT: Deep Blue Delphinium.

Giant HIBISCUS

Flowers big as saucers. 4 to 5 ft. tall. Heavy foliage. Blooms August and September.

B2072—RED, **B2073**—WHITE, **B2071**—PINK. 45c each; 3 for 1.19, postpaid.

HIBISCUS COLLECTION **B3251X**—1 each of the above three. All 3 for 1.10, postpaid.

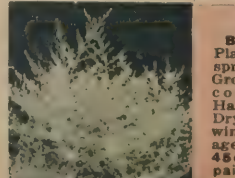

NEW GIANT HIBISCUS **B2070**—"Crimson Eye". Huge pure white flowers with deep crimson eye. All raised from divisions. 49c each; 2 for 95c; 3 for 1.29, ppd.

PAINTED DAISY

(Pyrethrum)

Large brilliantly colored daisies on long stems above a clump of fern-like foliage. They bloom all summer. Grow 2 1/2 to 3 ft. tall. Grand cut flower and make a great showing in the garden. **B2168**—Red, **B2167**—Pink, **B2166**—Mixed. 45c each; 3 for 1.19; 10 for 3.49, postpaid.

SILVER KING

B2250—(Artemisia) "Ghost Plant". Looks like it was sprinkled with silver dust. Grows anywhere. Use it for contrasting background. Hardy. 2 to 2 1/2 feet high. Dry foliage makes wonderful winter bouquets; fresh foliage pleasing in any bouquet. 45c each; 3 for 1.19, postpaid.

Hardy SNAPDRAGONS

Linaria

B2197—Beautiful hardy yellow snapdragons. Medium tall. Easy to grow and so lovely. Buy at least three. 45c each; 3 for 1.19, postpaid.

GOLDEN HELIOPSIS

B2069—A new variety that blooms all summer long and is considered to be the best of all the Heliopsis. Grows from 3 to 4 ft. tall and will produce a beautiful array of double buttercup yellow flowers which are superb for cutting. We predict great possibilities for this fine new perennial. Be the first to have it. 49c each; 3 for 1.29, postpaid.

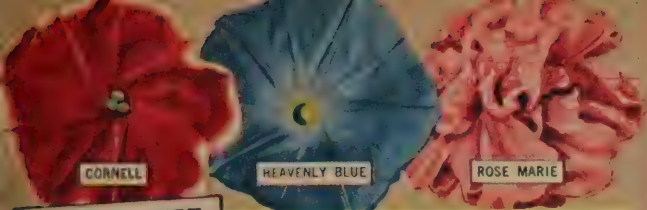

YUCCA

B2298—Long stems produce as many as 200 flowers of pure white in June and July. Leaves remain green entire year. Gives a tropical effect. Very hardy. Excellent for sunny, hot, dry places along foundations. 49c each; 3 for 1.29, postpaid.

ALL RED PERENNIAL SPECIAL

B3252X—Here's enough red to really put some color around your place: 1 Phlox Flash—Orange-red, 1 Chrysanthemum Mahogany Cushion—Oriental red and yellow combination, 1 Columbine Crimson Star

—The beautiful Crimson and White variety. 1 Aster Beechwood Chalenger—The bright red hardy Aster. 1 Painted Daisy—(Pyrethrum) Red. All for 1.39, Postpaid.

NOVELTY ZINNIAS

PERSIAN CARPET

1256—All the colors of a Persian carpet. Reds, golds and in-between shades. (15-18"). You'll love this new Novelty Zinnia. Pkt. 15c, ppd.

CUPID

1250—Sometimes called Border Zinnia. Grows 1 ft. tall. Flowers small, very double. Mixed colors. Pkt. 25c, ppd.

FANTASY

1265—A dazzling Zinnia of shaggy-petaled type. Mixed colors. A great addition to every garden. Pkt. 15c, ppd.

PINCUSHION

1264—Also known as Scabiosa-Flowered. Very full, well-rounded on good stems. A mixture of colors. Pkt. 15c, ppd.

CALIFORNIA GIANTS

The Largest Zinnia Grown

Big loose petals. Huge, fully double flowers—often as large as dinner plates! Bloom freely all summer.

1260—Narcissus. A golden yellow. Pkt. 12c, ppd.

1261—Red Coat. Deep red. Pkt. 12c, ppd.

1262—Peach Blossom. Clear pink. Pkt. 12c, ppd.

1405—Giant Mixed. All colors from pure white to the deepest crimson. Pkt. 12c; ¼ oz. 19c; ½ oz. 29c, postpaid.

CACTUS FLOWERED

1267—These are immense flowered hybrids. The big blossoms are up to 6 inches across and borne on husky stems. A glorious range of mixed colors. Pkt. 15c, postpaid.

ALL AMERICA AWARD WINNER

1266—Blaze. It opens a beautiful mandarin-red then changes to a beautiful orange-scarlet. Fine for cutting. Pkt. 15c, ppd.

PEPPERMINT STICK

1255—A new Zinnia with striped flowers. Many wonderful color combinations. 15c, pkt., ppd.

LILLIPUT or Baby

1253—Blossoms are an inch in size. Ideal for bouquets. Pkt. 12c; ¼ oz. 19c; ½ oz. 29c, postpaid.

Giant Dahlia-Flowered

These zinnias grow as large as dahlias. Full double flowers in a wide array of colors.

1267—CRIMSON MONARCH.

1268—ROYAL PURPLE.

1264—GOLDEN YELLOW.

1269—OLD ROSE.

1263—DAHLIA-FLOWERED MIXED.

Prices for any of the above: Pkt. 12c; ¼ oz. 22c; ½ oz. 37c, ppd.
2900X—1 pkt., each of the above 5 Zinnias for 49c, postpaid.

MARIGOLDS

Brilliant New Ones

Yellow Pigmy

1144—Very dwarf. Small button-like flowers of bright yellow. Very free-flowering and extra showy. A stand-out in any garden because of its brilliant color. Pkt. 15c, ppd.

Little Giant

1128—Extra fine for bedding or pots as it has 20 to 30 flowers open at a time. Yellow to a brilliant orange. Compact—15 inches. Pkt. 15c, 2 pkts. 25c, ppd.

Harmony Hybrids

1141—From deep orange centers surrounded by broad, velvety, shaded maroon to pure orange outer petals. Very early. Blooms continuously. 18 to 24 inches tall. Fine border plant. Pkt. 10c, postpaid.

Yellow Supreme Carnation Flowered

1146—You will like this one. It has loosely ruffled lemon-yellow flowers that are very large and numerous. Blossoms of the true carnation type. Pleasantly fragrant. Pkt. 15c; 2 pkts. 28c, ppd.

Mum-Flowered

1126—Chances are you have never seen anything like these. Flowers are 2 to 4-inch big fellows. Petals are frilled and curved like giant mums. Colors are gorgeous shades of orange and yellow. Two feet tall. Pkt. 15c; 2 pkts. 25c, ppd.

Crown of Gold

1145—Odorless flowers 2½ in. in diameter with lovely orange shades. Have a crown or crest of gold. Very attractive. Very easy to grow. Pkt. 15c; 2 pkts. 25c, ppd.

Sunset Giants

1140—The largest new Marigold. Often produces blossoms that are 5 inches across. Full double and you will get all shades of yellow and orange. The blossoms are very sweet scented. Up to 3 ft. tall. One of the very best. Pkt. 15c, ppd.

ASTERS

Queen of the Market

1015—This is an early one. Queen of the Market grows 18 in. tall and has big, double 4 in. blossoms. The plants are the non-lateral branching type. Excellent for cutting. Mixed colors. Pkt. 12c; ¼ oz. 25c, ppd.

Crego's Giant

Mixed
1025—This is a wilt resistant variety. Produces flowers that are up to 5" in diameter. Fully petaled and very deep with long interlaced and twisted petals. Lovely in the garden or bouquets. All colors mixed. Pkt. 12c; ¼ oz. 25c, postpaid.

Giants of California

1341—Double Mixed. Here are the Asters that are as big as saucers and on stems that are 2 feet long. Long curled and interlaced petals. Height 3 feet. Seed should be started in boxes. Pkt. 15c; ¼ oz. 25c, ppd.

Early American Beauty

1357—Mixed. Another wilt-resistant variety. This new Aster is larger and more beautiful than the old American Beauty. Branching and is 3 to 4 weeks earlier. For large blooms try Early American Beauty. Pkt. 12c; ¼ oz. 25c, ppd.

Powderpuff

1016—These are the new Pom Pom type asters that literally cover themselves with dainty, little, powderpuff-like blossoms. This mixture offers a wide range of colors and will be a wonderful addition to your garden. Up to 2 ft. Pkt. 20c, ppd.

SALPICLOSSIS

1208—Giant Emperor Mixed. Always a favorite because it is so easy to grow, and comes in such a wonderful variety of delicate colors. Velvety Petunia-like flowers. 2 inches wide, are pencilled, veined and netted with gorgeous colors. Height 3 feet. Blooms from July until frost. Exceptionally nice for cutting. Pkt. 12c, postpaid.

Wild and Tame Flower Garden

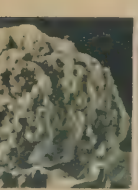

1205—This will give you a mixture of the best annuals. Plant where you want a quick showing of bright colors. Pkt. 12c; ½ oz. 22c, ppd.

Baby's Breath

1107—(Gypsophila). The flowers are small, starlike and borne on feathery sprays. A great favorite for all flower arrangements. Blooms first season planted. Pkt. 12c, ppd.

CUT FLOWER MIXTURE

1206—A mixture of carefully selected annuals. Consists of long-stemmed, colorful varieties. Wonderful for cut flowers. Pkt. 12c; ½ oz. 20c, postpaid.

Four O'Clocks—Giant Mixed

1093—Anyone can raise Four O'Clocks, and everyone likes them. They grow about 2 feet tall and make good hedges, and are covered with a mass of flowers in the afternoons and evenings. Hundreds of funnel shaped, beautiful flowers—red, yellow, pink and white. Pkt. 12c; ½ oz. 27c, ppd.

Giant Cockscomb

1084—Largest and most beautiful of all the Cockscomb. The immense heads are frilled like the comb of a cock. Can be dried for winter bouquets. Brilliant mixed colors. Pkt. 15c, ppd.

Dusty Miller

With Silver Foliage.
1092—Fine for a border plant of finely cut silvery gray foliage. Beautiful for edging, vases, bouquets. Grows 1½ ft. tall. Pkt. 12c, postpaid.

Calendula

1045—Pacific Beauty. Ideal for cutting. All colors. Pkt. 15c.
1048—Orange King. Very double. Bloom early summer to frost. Orange. Pkt. 10c, ppd.

Tobacco Plant

1159—Nicotiana Hybrids. Petunia-like flowers. A few plants will scent the whole garden as flowers are extremely fragrant. All colors and shades. Ideal for borders and beds. Pkt. 15c, ppd.

SCABIOSA

1213—Flowers are large, stems are very strong. Makes an ideal cutting flower. Very fragrant. Pink, red, blue and black mixed. Bloom from mid-July to frost. Pkt. 12c, ppd.

REGAL LILY

1430—It's easy and interesting to grow these beautiful lilies from seed. You can have a lot of them, too, with little expense. Full directions are on each package. Pkt. 15c; 2 for 25c, postpaid.

CLARKIA

1074—Double Finest Mixed. Pretty little double flowers completely cover the long slender stems. Good cut flower. Will grow on poor, thin soil. All colors. Pkt. 10c, ppd.

CANTERBURY BELL

1284—Colorful miniature bells. Will bloom the first year and are extra showy. Grow 2 to 3 feet tall. Pure white to deep blue and pink. Add it to your list. Pkt. 10c, ppd.

CASTOR BEAN

1346—A mixture of many of the finest varieties for quick shade or wind-break. Some claim you'll not be bothered by moles or mosquitoes if you plant a castor bean. Pkt. 10c; oz. 17c, ppd.

FRAGRANT STOCKS

1238—Beauty Mixed. Heavy spikes of brilliantly colored fragrant flowers that are single and double. All shades of colors. Fine for cutting, beds or borders. Pkt. 10c, ppd.

DELPHINIUM

Colors range from light lavender to deepest indigo blue. Height 4 to 5 feet. Best cut flower.
1287—Pacific Giants Mixed. Mixture of beautiful shades. Singles and doubles. Pkt. 35c; 2 pkts. 60c, ppd.
1289—Belladonna. Light blue. Pkt. 12c, ppd.
1290—Belladonna. Dark blue. Pkt. 12c, ppd.

ASTERS

SALPIGLOSSIS

NEW! TORCH FLOWER

1242—(Tithonia). Beautiful new flower that blooms freely and is easily grown anywhere. So outstanding it was selected the top annual flower at the 1951 All-America selections. Wonderful for cutting; ideal for backgrounds as plant makes bush 3 to 4 ft. tall. Blossoms brilliant orange-scarlet, 3 in. across, bloom mid-summer to frost. Easy to grow. Pkt. 17c, ppd.

ANNUAL PHLOX For Brilliant Color
Bloom early and last until freezing. Height, 6 to 12 inches.
1194 — DRUMMONDI GRANDIFLORA MIXED. Dazzling reds and the brilliant pinks. Bi-colored and fringed. For beds, borders or cut flowers. Pkt. 15c; 1/16 oz. 75c, ppd.
1193—BRILLIANT RED. You'll love Brilliant Red. The brightest we know of. Pkt. 15c; 1/16 oz. 95c, ppd.

AGERATUM
1004—Little Blue Stars. Grows 6 in. tall and is covered with azure blue flowers. Very good for borders or window boxes. Easy to grow. One of the most popular flowers. Pkt. 15c, postpaid.

Annual SWEET WILLIAM

Bloom 1st Year from Seed

1268—SWEET WIVELSFIELD. Cross between hardy Pinks and Sweet William. Single. Bloom first year. Flowers over three inches in diameter and borne profusely. Some are honey-scented. A variety of brilliant colors. Will winter over if you give it protection. Pkt. 12c, ppd.

1271—WESTWOOD BEAUTY. Large, dark red flowers with fringed edges on long wiry stems. Likes sunshine and is very fine for cutting. Pkt. 25c, ppd.

GERANIUM

Easy to Grow

1094 — Double and Single Mixed. This fine seed will produce both double and single flowers in many gorgeous colors. The foliage and flowers grow large, making them excellent house plants. One packet of seed will produce many good plants. If you have never tried raising Geraniums from seed—be sure and try it this year. Pkt., 20c, postpaid.

PORTULACA—Rose Moss

Likes Hot Dry Location

No other flower makes such a dazzling display of color and beauty as a bed of many-colored Portulaca. They grow to a height of 4 inches. The hotter, dryer and poorer the place—the better Rose Moss blooms. Fine for borders and a valuable addition to any flower garden.

1195—DOUBLE FINEST MIXED. A select strain of fully double flowers in every color imaginable. Pkt. 15c; 1/16 oz. 75c, ppd.

1196—SINGLE MIXED. Our best rainbow mixture. Pkt. 12c; 1/16 oz. 55c, ppd.

SNAPDRAGONS

Like the Florists Grow

This "old-favorite" flower has been greatly improved. America's most popular cutting flower; also prized for planting in borders or beds.

1024—Tetra Snaps Mixed. A new race of snapdragons. The result of treatment with a special chemical. Larger flowers, more ruffles, bigger and more brilliant spikes. You will get all colors in this mixture. Pkt. 25c, postpaid.

1020—Giant Flowered Rust-Proof Mixed. An All-America Winner—These new giant Snapdragons grow about 3 feet high, and are covered with immense spikes of brightly colored flowers. Pkt. 12c; 1/16 oz. 35c, ppd.

1022—Stop Light. So bright that the first sight stops everyone in their tracks. The spikes are immense and of the most intense glowing vivid red. Will bloom and bloom and bloom. Pkt. 15c, ppd.

Hardy EVERGREENS from Gurney's

HOW WE SHIP

All evergreens listed here are hardy, and all sizes offered as "B&B" or "RW" have been transplanted three times to make compact, heavy root systems. These strong, well-rooted specimens will grow better for you, and, when you order two evergreens of a kind, we will pick out matched trees so your planting will look better.

B&B Means Balled & Burlapped

All evergreens listed as "B&B" are well-shaped specimen trees

dug with their roots still in a solid ball of rich earth, just as they have been growing in the nursery for years. This ball of earth is carefully wrapped in burlap and bound with twine to keep it from breaking. This is the best way to buy evergreens, but they average from 60 to 100 pounds per tree and must be shipped Express Not Prepaid. Ask your local Express Agent for an estimate on the Express charges for such trees, and if you feel they are higher than you wish to pay, we

suggest that you order some of our Root-Wrapped trees listed as "RW."

R W Means Root-Wrapped

All evergreens listed "RW" are freshly dug specimen trees. The roots are "puddled" in mud as soon as dug and each tree is individually wrapped in wet moss to make sure they reach you in good growing condition. These trees are all well-shaped specimens that will enable you to beautify your home grounds at a very low price.

DOORWAY
EVERGREEN
OFFER

4 ENTRANCE EVERGREENS for only \$13.98 PPD

IN54X—Provide a beautiful setting for your front entrance or can be used anywhere around your home that evergreens are needed.

JUNIPERS for Beauty and Hardiness

SILVER JUNIPER

(Scopulorum)

IN9—This upright variety is very popular because of its outstanding silver foliage and its upright habit of growth. Extremely hardy and will stand lots of heat and drouth. Can be kept to whatever height you desire by shearing. This has long been the leading seller of all the upright Juniper we offer here at Gurney's.

Size	Each	Per 2
3 to 4 ft.		
B&B, Exp.		
not Ppd.	7.98	14.98

VIRGINIANA JUNIPER

IN39—These trees are kept sheared so they are shaped like narrow cones, and are extremely attractive when planted in pairs one on each side of your house entrance. Perfectly hardy and resistant to drouth. Bright blue berries in the fall are very pretty.

Size	Each	Per 2
24 to 30 in.		
RW, Ppd.	3.98	7.50

Grafted CANAERT JUNIPER

IN14—A brilliant, rich green upright Juniper with tufted foliage. Can be planted alone or in groups of some of the other lighter colored Junipers for a pleasant contrast of color. Retains its color all year through, and is very hardy.

Size	Each	Per 2
2 to 3 ft.		
RW, Ppd.	5.98	10.98

Low Growing JUNIPERS

← Gurney's Improved PFITZER

IN5—Semi-prostrate does not grow over 15" high. Has a beautiful bright emerald green color. Foliage is more compact, soft to touch, no sharp needles. Just the thing for modern low-type homes; ideal in front of mass plantings of regular Pfitzer's.

Size	Each	Per 2
18 to 24 in.		
RW, Ppd.	5.49	9.98

PFITZER JUNIPER IN44—It has arching, spreading branches; feathery, gray-green foliage. Hardy everywhere and does well in sun or partial shade. Gets 6 to 8 ft. across at maturity. Can be kept to 4 ft. across by shearing. Combines beautifully with the upright pyramidal for entrance or foundation planting.

Size	Each	Per 2

2 to 3 ft.		
RW, Ppd.	3.75	6.98

TRANSPLANTED WINDBREAK-SHELTERBELT EVERGREENS

Perfect size for windbreak and shelterbelt purposes. These trees will be dug in the nursery and immediately dipped in mud, which will insure their getting to you in good condition. All of these trees will grow with the branches clear to the ground, thus shutting out the wind in winter when a windbreak is desirable. There is nothing that will increase the value of your property more than an evergreen windbreak. Plant 8 to 12 ft. apart in the row, rows at least 12 ft. apart. These trees are transplants, and have a good root system.

ALL POSTPAID

IN34—RED CEDAR: Planted extensively for wind break. Rapid in growth, hardy, drouth-resistant, very ornamental, makes excellent fence posts.

SILVER LACE VINE

Often Grows 20' in One Year

For Trellis—For Arbor—For Porch

A3260—This is a fine addition to any vines you are growing. It is of twining habit, and grows quickly. Completely covers itself with silvery white flowers from mid-summer until frost. Often grows 20 feet in a season. Pretty flowers cover vine from top to bottom. Has been known to cover a building, wall or barn in two seasons. Does best in a warm sunny exposure. Sometimes called Fleece Vine. 2-yr. Medium Grade. 89c each; 2 for 1.69; 5 for 3.89, postpaid.

HONEYSUCKLE

"Orange Glow"

A3222—The flowers are coral-orange—a color we have found in no other flower—and are of such breathtaking beauty you will be amazed. And it's everblooming from spring to frost. Fine, almost evergreen vine. 2-yr. No. 1 Plants. 89c each; 2 for 1.69, ppd.

TRUMPET VINE

A3264—Produces immense, orange-red, trumpet-shaped flowers. Very fragrant and will climb anywhere. Wonderful vine for porches and trellises. Has long been the favorite of vine-lovers all over the country. 2-yr. No. 1 Plants. 69c each; 2 for 1.29; 5 for 2.98, ppd.

BOSTON IVY

A3224. This is the vine that will cling tightly to brick, stucco or stone without support of a wire or trellis. Has very pretty small leaves of dark green. Good vine for your walls. Plant 8 to 10 ft. apart. 2-yr. Medium Grade. 79c each; 2 for 1.49, postpaid.

BOSTON IVY BARGAIN

A2450X—You get five strong plants for only 2.98; or 2 collections (10 plants) for only 5.49, ppd.

ENGELMAN'S IVY, Hardy 5-Leaf Ivy

A3225—A handsome, clinging, five-leaved ivy, with very thick foliage. Thrives in sunshine or shade. Green, turning red in fall. No trellis needed on brick or stucco. As hardy a vine as you can buy. We sent 2-yr. No. 1 Plants. 69c each; 2 for 1.29; 5 for 2.69, postpaid.

BETA GRAPE

A3203—This has long been a favorite cover for walls, buildings and out places. It is hardy, grows rapidly and has deep green, beautifully-shaped foliage. The blue-black grapes are fine for eating fresh or for preserves. 1-yr. No. 1 Plants. 50c each; 4 for 1.75; 8 for 2.98, postpaid.

PLANT VINES FOR BEAUTY

AMERICAN BITTERSWEET
A3200—Native of the northwest. Produces bright red berries that are used for decorative purposes in the home. Plant two to get berries. 2-yr. Medium Grade. 2 for 1.19; 5 for 2.69, postpaid.

Hardy, Outdoor VINES from Gurney's

Hybrid Clematis Collection
B 3 4 2 5 X—1
Purple Jackmani and 1 Crimson King. Both for only 1.89, ppd.

Beautiful New and Hardy HYBRID CLEMATIS VINES

All Potted Plants From 2 1/2" Pots

Crimson King Hybrid Clematis

B1806—New and rare. Rich red flowers often 4 to 6 in. across over long period. 1.00 each; 2 for 1.95, postpaid.

Golden Flowered Clematis

B1809—(Tangutica). Here is the Clematis that covers itself with a profusion of golden yellow bells. Can be grown most anywhere. Dies back each year, then grows up to 15 ft. the next season. 1.00 each; 2 for 1.95, postpaid.

B3426X—Our 3 new Hybrid varieties: 1 Comtesse de Bouchaud, 1 Lady Betty Balfour and 1 Ramona. All 3 only 2.79, postpaid.

RAMONA

B1821—This is an excellent variety because of its vigorous growth and its many large, soft, delicate-blue flowers. One of the most beautiful of the clematis. 1.00 each; 2 for 1.95, postpaid.

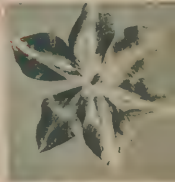

COMTESSE DE BOUCHAUD

B1803—This variety of clematis has graceful curved petals of rich sat-in-pink with deep veins. It is free blooming, strong growing and very thrifty. 1.00 each; 2 for 1.95, postpaid.

PURPLE HYBRID

B1812—Hybrid Clematis Jackmani. Commonly called Clematis "Jack," covered with large purple flowers from July until frost. One of the hardest clematis. Potted plants. 1.00 each; 2 for 1.95, ppd.

WHITE HYBRID

B1824—(Lanuginosa Candida). Immagine flowers like immense water lilies. Shows off to fine advantage when planted with red and purple varieties. Potted plants. 1.00 each; 2 for 1.95, postpaid.

LADY BETTY BALFOUR

B1815—A fine hybrid type that is deep velvety purple with creamy white stamens topped with gold. Beautiful two-toned flowers. 1.00 each; 2 for 1.95, postpaid.

ROSA MULTIFLORA

A3350—Fine as a contour guide, pasture divider, snow catcher, etc. Not recommended north of Central Ia. or Nebr. Requires too much space for city plantings. Plant 18" apart. Grows quickly to 8 ft.

BLUE ARTIC WILLOW

A3370—(Salix Purpurea Nana). A striking, new, silvery-blue hedge plant that is perfectly hardy. Can be kept sheared to make a compact, colorful, low formal hedge. If left untrimmed its bright, feathery foliage makes a beautiful informal hedge that will attain a height of about 3 feet with a spread of about the same width. Plant 12 inches apart.

Very easy to shape and will make an extra dense hedge that is well shaped and compact.

Joseph & Laura Hardy

NORTHERN-GROWN

TREES

Hardy, Fast-Growing HYBRID ELM

Gurney's New, Broadleaf Hybrid Elm
Grows 8 to 14 Feet Per Year!

A4239—Here is the sensational new tree that will give you shade faster than any other tree. It combines all of the good qualities of both the Chinese Elm and the American Elm, and grows even faster than the Chinese Elm. America's coming tree, with broad, large, rich green leaves, and beautiful, smooth, grey bark. Our supply is limited, so order early.

Notice: This tree will come to you already pruned for proper planting. We do this to allow the tree to replace the many small feeder roots lost in the digging process, and also, to reduce the chance of your losing it.

CRIMSON KING MAPLE

Stays Brilliant Red Throughout
Most of Growing Season

A4285—(Plant Patent No. 735.) This new tree originated in France and was recently brought into this country for propagation. We are very fortunate in that we were again able to secure a limited quantity of this beautiful new maple and are shipping them on a "first come-first served" basis.

You have to see the foliage on Crimson King to really appreciate its beauty. It is much redder than the leaves of Schwedler's Maple, and keeps its fiery, crimson color throughout most of the growing season.

If you want a truly beautiful red-leaved shade tree—one that your neighbors will talk about—we highly recommend Crimson King Maple. 6 to 8 ft. size 6.50 each. Express Not Prepaid.

"Harlequin" leaves are a beautiful green in the center and almost ivory on the edges.

NEW! "Harlequin" Variegated-Leaved MAPLE

The Shade Tree That Has
Set a New Standard of Beauty

A4284—Harlequin, in our opinion, is the most beautiful shade tree in existence today. It is a Norway Maple with a variegated leaf. The young tree pictured at the left shows the fine shape of this wonderful new tree. If you live where you can raise Norway Maple, you can raise Harlequin. The symmetrical, round top makes it a beauty and it grows to a height of about 30 ft. We recommend it

for the boulevard because it doesn't get too large or tall.

We found out about this tree a few years ago and have been watching it with interest. It didn't take us long to realize that Harlequin was one tree we wanted to be sure to offer. We are listing them this year for the third time. Our supply is very limited, so order early. Be the first in your neighborhood to try this beautiful new variety. While they last, 4 to 6 foot trees: 4.49 each, Express not prepaid.

BOLLEANA POPLAR

The Tall Aristocrat

A4207—The Bolleana grows slim and columnar like a Lombardy Poplar. It has loads of foliage which grows close together. The leaves are a very brilliant green on top and silver underneath. Hardest of the upright poplars, and an aristocrat among trees.

	Each	Per 3	Per 5	Per 10
(Postpaid):				
2 to 3 foot.....	.89	2.39	3.75	6.98

CUTTLEFISH WEeping BIRCH

A4306—You simply can't find a more beautiful or graceful tree than this Weeping Birch, with white bark, long, drooping branches, and tiny, finely cut leaves. It is effective when used in groups of two or three. Grows to about 40 to 60 ft. Every home should have several. Keep well watered.

	Each	Per 2
(Exp. Not Ppd.):		
5-6 ft.....	3.69	6.98

WHITE BIRCH

A4308—One of the most graceful, medium-sized trees we are offering. Its deep green foliage and white bark gives a contrast in your lawn that is hard to equal. The winter effect is excellent, especially when planted near evergreens.

	Each	Per 2

NORTHERN TREES GROWN

Gurney's have been headquarters for tree needs for over 75 years. Whether it be shade trees or windbreak types. You can order from us and know you are getting the finest. We raise our trees right here at Yankton and have our own seed source to assure you of the finest, hardy, northern-grown stock that money can buy—at a saving.

SHIPPING TREES

Most transplanted shade trees are too tall to be sent parcel post so we ship them express, except where noted. Please note express prices are not prepaid.

MULBERRY

For Hedge, Windbreak and Shade

The "Mother Tree," a variety of the Russian Mulberry, has been growing for many years here at Yankton. It has a long season of fruiting, beginning early in July and continuing to ripen big, luscious, black fruit all summer. The tree is a fast grower and should appear in all windbreaks, shelterbelts and wildlife preservation plantings. Mulberries also make fine hedges and can be kept as a sheared hedge 3 to 4 ft. high or allowed to grow 10 ft. or higher.

When Mulberries are planted around orchards the birds will eat the Mulberries instead of the other fruit.

VILLOSA LILAC

Shrubs Add Beauty
And Value to
Your Home

Nothing is as unsightly as a home with a barren foundation. At a small cost you can plant Gurney shrubs that will add lots of beauty and actually increase the value of your home.

HOW TO PLANT—Planting instructions are sent along with your order but a good "rule-of-thumb" is to plant low shrubs 2½ ft. apart; medium growers 3 to 3½ ft. apart, and tall ones 4 ft. apart. Immediately following planting, be sure to prune all shrubs back to one-third their original height. This equalizes root loss.

Giant SNOWBALL Shrub

A3907—(Viburnum Opulus Sterilis). This is one of the most popular of all decorative shrubs, and it deserves to be. Grows six to ten feet tall, depending upon the soil, but can be kept under by pruning if you wish. It blooms late in the spring (about May) with clusters of white flowers that look like giant snowballs. The foliage is a deep, rich green in color, and the plant is hardy everywhere. Thrives in sun or shade. Postpaid prices:

12 to 18 in., 98c each; 3 for 2.79; 5 for 4.49. 18 to 24 in., 1.29 each; 3 for 3.69; 5 for 5.69, ppd.

BLUE MIST SPIREA
The New, Hardy Blue

A3930—(Caryopteris). A new, striking, 5 ft. shrub from Minn. that blooms all summer and fall. Silvery green foliage and clear, light blue, spirea-like flowers. Should be hardy anywhere. Butterfly Bushes grow. Tops may kill in winter but comes up and blooms again next spring. **POSTPAID PRICES**

	Ea.	Per 3	Per 5
12 to 18 in.	.79	2.35	3.49
18 to 24 in.	.98	2.79	4.49

RED BARBERRY

A3804—(B. Thunbergi atropurpurea). Grows very much like Green Barberry but the leaves are brilliant red all summer when planted in full sun.

SNOWBERRY

All Season Beauty

A3908—Dainty, rose-colored flowers. Milk-white fruits remain far into winter. Good in shade. 3 to 4 ft. tall. 12 to 18 in., 79c each; 3 for 2.25; 5 for 3.49. 18 to 24 in., 89c each; 3 for 2.49; 5 for 3.98, postpaid.

Graceful BEAUTY BUSH

A3806—(Kolkwitzia Amabilis). This is rightfully named—truly a beauty bush. You will like it. A Chinese shrub covered in June with a mass of arching sprays of pink, tubular flowers. One of the most graceful of shrubs when in bloom, its branches sweep clear to the ground in a mass of bloom that is breathtaking in its beauty. Attains a height of 6 to 8 ft. 18 to 24 in., 98c each; 3 for 2.79. 2 to 3 ft., 1.25 each; 3 for 3.60, postpaid.

TAMARIX HISPIDA

A3919—A very hardy Tamarix. Grows 10 to 12 feet tall. Foliage feathery, and dense, a silvery-blue. Bright, coral-pink flowers.

Size	Each	Per 3	Per 5
18 to 24 in.	.69	1.95	2.98
2 to 3 ft.	.79	2.25	3.49

NEW SUMMER GLOW

A3920—A new, hardy Tamarix that blooms all summer. Fine silver-blue foliage and wine-red flowers. 18 to 24 in., 98c ea.; 3 for 2.79, ppd.

FRENCH HYBRID LILACS—All The New Colors

Grafted French Lilacs. These have greater beauty, more fragrance, more attractive heavy foliage and are quick bloomers. Often bloom the first year after planting. Size 18 to 24 in., 1.59 each; 3 for 4.59 ppd.

General Pershing

A3876—Huge clusters of sparkling, double lilac pink. A fragrant beauty.

Charles Joly

A3870—Richest wine-red double flowers.

Edith Cavell

A3862—One of the very finest of all the white hybrids. Huge double blossoms.

HONEYSUCKLE

Upright Tartarian

Its fragrant red and pink blossoms fill the air when in bloom, and the bright colored berries make it beautiful well into the fall. A Fine Hedge Plant. Grows 8 to 10 ft. Can be trimmed any height.

A3844—Red. **A3843**—Pink. **A3845**—White. 18" to 24" size. 79c each; 3 for 2.19; 5 for 3.49, ppd.

NEW DWARF

A3846—(Clayey). A new dwarf grower that only gets about 3 feet tall. Makes a beautiful rounded shrub. 12 to 18" size 98c each; 3 for 2.79, postpaid.

BRIDAL WREATH
Spiraea Van Mouttei

A3915—George Gurney says: "The Bridal Wreath is the best shrub that grows." Its pure white flowers are borne on long graceful branches. One of the hardiest. Height 4 to 6 ft. See page 41 for Hedging size.

Size	Each	Per 3	Per 10

WEIGELA ROSEA

A3937—This round, dense shrub with hundreds of pink blossoms in June grows 4 to 6 ft. tall. It is one of the most beautiful shrubs that grow. We do not recommend it north of the Minnesota-Iowa line. It is one of the shrubs that draws envious comments both when in bloom and all summer long as its foliage is dark green and heavy. 89c each; 3 for 2.49, ppd. 18 to 24 in. size.

BUSH BITTERSWEET

Gorgeous Color

A3808—(Euonymus Atropurpureus). Wahoo or Strawberry Bush. Shrub or small tree to 15 ft. Purple flowers in June. Leaves have splendid fall coloring. A fiery, rich red. Has clusters of red berries in fall like vine Bittersweet. An unusual shrub that will make you the talk of the town. Extremely hardy. 12 to 18 in., 89c each; 3 for 2.49, postpaid.

GOLDEN BELL FORSYTHIA

Earliest to Bloom

A3830—(F. Intermedia). Golden flowers often against the last snow of spring. Few, if any, of the spring-flowering, hardy shrubs can surpass this slender and brilliant-flowering plant. It is upright in growth; foliage rich, dark green, turning to bronze in fall. Grows 4 to 6 ft. tall.

Size	Each	Per 3	Per 5

2 to 3 ft.	.98	2.79	4.49

FERNLEAF SUMAC

The Different Shrub

A3917—(Rhus Typhina, laciniata). A rapid, robust grower; produces cones of bright red fruit. Leaves beautifully formed, rivaling the most delicate fern. Can be cut to the ground each season, and a mass of beautiful foliage will result. Grows tall and very spreading. In the fall, the leaves turn to the most beautiful pinkish-red. 18 to 24 in., 89c each; 3 for 2.49; 5 for 3.98, postpaid.

WEIGELA VANICEK

Cardinal Red

A3938—Vanicek. A new red that has stood temperatures to 20 below. Covered with bright rose-red flowers from June until frost. Blooms first year. Makes a well-shaped shrub to 6 ft. We believe this variety will be far superior to the common one. 98c each; 3 for 2.79, postpaid. 18 to 24 in.

THESE 5 SHRUBS NOT HARDY IN ALL REGIONS. Will do better south of central Iowa.

DOUBLE MOCK ORANGE

A3878—(Viburnum). A magnificent new variety. The double flowers are large, handsome, and fragrant. 5 to 7 ft. tall. Size 18 to 24 in., 98c each; 3 for 2.79. 2 to 3 ft., 1.25 each; 3 for 3.60, postpaid.

SWEET MOCK ORANGE

A3877—(Cornus). The flowers are pure white, very fragrant. Extra hardy. Grows about 8 to 10 ft. 12 to 18 in., 79c each; 3 for 2.25; 5 for 3.49. 18 to 24 in., 98c each; 3 for 2.79; 5 for 4.49, postpaid.

RED FLOWERING QUINCE

Blooms Before Leaves Appear

A3900—(Cydonia Japonica). Fire Bush. Bright red flowers borne in profusion on sturdy, black-barked branches. A flame of color that is strikingly beautiful in the shrub border or for specimen planting. The fruit is used in preserves. Grows 3 to 5 ft. One of the first shrubs to bloom in the spring.

Size	Ea.	Per 3	Per 5
12 to 18 in.	.69	1.95	2.49
18 to 24 in.	.89	2.49	3.49

PERSIAN LILAC

A3867—Persian Purple. (Syringa Chinenensis). This has long been one of the finest of all lilacs. Grows 8 to 10 ft. high with graceful, slender, upright branches. The beautiful, pale, lilac-colored blossoms appear in late spring when many early flowers are gone. Has a rich green foliage. Very fragrant. Blooms first year after planting.

Size	Each	Per 3	Per 5
12 to 18 in.	.79	2.25	3.49
18 to 24 in.	.98	2.79	4.49
2 to 3 ft.	1.10	3.15	4.98

HYDRANGEA P. G. Late

Has Massive Flowers

A3848—Hardy shrub producing panicles of white flowers, as large as 10 inches across, changing to shades of pink in the fall. Blossoms hold on well into the winter. Excellent for foundation or shade plantings. If you want those massive white flowers, Hydrangea P. G. is the one you should plant. Grows 3 to 5 ft. tall. 18 to 24 in., 98c each; 3 for 2.79; 5 for 4.49, postpaid.

SPIREA ABOUTA

The Snow Garland Spiraea

A3910—This early blooming Spiraea often blossoms by Decoration Day. Grows to 5 feet and is very slender and graceful. Pure white flowers and fernlike foliage.

Size	Each	Per 3	Per 5
18 to 24 in.	.79	2.25	3.49
2 to 3 ft.	.98	2.79	4.49

Red Twigg'd DOGWOOD

Beautiful Crimson Bark

A3822—(Cornus Alba Sibirica). A sturdy, beautiful shrub with heavy foliage and bright red bark. In the winter the red bark shines in the snow and adds a touch of brightness to the dark season. Plant looks like a mass of fire. Covered with white blossoms in summer. Grows to 8 feet.

Postpaid Prices

Size	Each	Per 3	Per 5
18 to 24 in.	.98	2.79	4.49
2 to 3 ft.	1.19	3.49	5.49

DOUBLE ALTHEA

Blue, Red, Pink, White

This is the lovely Rose of Sharon. Grows 6 to 8 ft. tall and is upright and neat growing. Loaded with blossoms in August and September. Flowers look like big roses when open. Not hardy north of Missouri. Violet - Blue - **A3809**; Red - **A3802**; Pink - **A3801**; White - **A3803**. 18 to 24 inch plants, 79c each; 3 for 2.25; 5 for 3.49, postpaid.

HIGH-BUSH CRANBERRY

A3841—(Viburnum Opulus, European Cranberry). Strong-growing, attractive shrub with leaves like maple leaves. Grows 6 to 8 ft. high and in the fall is set with abundant clusters of bright red berries the size of cranberries, which remain all winter as they are too sour to be eaten by the birds. 12 to 18 inch, 79c each; 3 for 2.25. 18 to 24 inch, 98c each; 3 for 2.79, ppd.

ROSE TREE OF CHINA

PRUNUS TRILORA

A3903—A breathtaking sight when in full bloom. Covers itself with bright pink double flowers which resemble a rose. The tree blooms in May of the first year after planting. Grows 5 to 7 ft.

2 to 3 ft.	1.79	5.10	

OLD-FASHIONED LILACS

Mothers' Favorite for Centuries

A3866—Purple. Your mother loved them as all mothers have, and you'll love them too. They grow anywhere, and their gorgeous purple flowers are a sight to behold. **A3865**—White. Just as lovely as the purple but of the purest white. Try mixing a planting of these with the purples for a real showing.

Size	Each	Per 5	Per 10
12 to 18 in.	.69	2.98	5.69
18 to 24 in.	.89	3.98	7.49

Oak Leaved SPIREAS

Hardy Dwarf Ninebark

A3913—(Physocarpus, Opulifolius nana). A compact dwarf shrub, 3 to 4 feet, covered with clusters of white flowers in May and June. Attractive plant. Bright green foliage staying late in fall. Very hardy and excellent for any type of planting, including hedges.

Size	Each	Per 3	Per 5
18 to 24 in.	.79	2.25	3.49
2 to 3 ft.	.98	2.79	4.49

PUSSY WILLOWS Grow Your Own

A3895—(Salix, discolor). Remember when you used to bring home Pussy Willow Catkins in the early spring? You can have them at home. Grow them yourself. Ours are large, fuzzy and gray all along the stems. They swell to immense size and then turn yellow when they bloom. Stands wet ground or dry. Easy to grow. Plant 10 ft. apart.

2-3 ft., 79c each; 3 for 2.25; 5 for 3.49, ppd.
3-4 ft., 98c each; 3 for 2.79; 5 for 4.49, ppd.

RED GRAPE MYRTLE

A3817—Undoubtedly the most beautiful shrub in the world. Simply covered with giant clusters of red bloom all summer. Hardy to Central Missouri. Farther north the tops die down, but if well protected will live over and bloom on new wood. Often shows no signs of life for several months after planting. Extra Select Plants: 79c each; 3 for 2.25; 5 for 3.49, postpaid.

COTONEASTER

A Very Ornamental Shrub

A3826—(Acutifolia). An attractive, beautifully-formed shrub with thick, glossy leaves which turn red in the fall. Has small white flowers in early summer followed by large black berries which remain on nearly all winter. Perfectly hardy. Grows 6 to 8 ft. Postpaid prices:

Size	Each	Per 3	Per 5
12 to 18 in.	.59	1.55	2.49
18 to 24 in.	.79	2.25	3.49

GOLDEN ELDER

A3836—(Sambucus Canadensis aurea). The shrub with foliage bright golden-yellow all summer long. Grand as contrast with green-leaved plants. Grows very fast. Has white flowers and elderberries which birds enjoy. Grows 4 to 6 ft.

Shrubs with yellow foliage are very few, and offer a rare opportunity for a beautiful color effect.

Size	Each	Per 3	Per 5
18 to 24 in., ppd.	.98	2.79	
2 to 3 ft., ppd.	1.19	3.49	

LILACS

VILLOSA LILAC

The Late Bloomer

A3868—Chinese Pink Lilac (Villosa). A late lilac of compact growth. Blooms in LATE June. Loose panicles of light pinkish-lavender. Prolific. BLOOMS 2ND YEAR AFTER PLANTING. If you've never tried the Villosa, you don't know what you're missing. 18 to 24 in., 98c each; 3 for 2.79, postpaid.

Gurney's HARDY PEONIES

ILLUSTRATED
AT LEFT

The origin of the Peony is lost in antiquity. Poets have sung of its fragrant beauty since the dawn of history. It has come down to us through the ages as a symbol of perfection, each year adding to its beauty. Peonies are the easiest satisfied of all perennials as to soil and culture. They thrive practically anywhere that drainage is good. Don't be without them.

PEONY PRICES!

98c each; 3 for 2.69, postpaid, except where noted otherwise.

B1542—MME DE VERNEVILLE. Huge, full bomb type of gorgeous white flecked carmine. Long stemmed.

B1540—MONS JULES ELIE. Bright rose-pink on strong stems. Fragrant and very free blooming.

B1552—PHILIPPE RIVOIRE. A fine, fragrant, bright, crimson red. Regarded by many as the finest red. Blooms early. 1.25 each; 2 for 2.39, ppd.

B1565—THERESE. Very large satin pink flowers with golden glow in center. For lots of midseason blooms on long, strong stems, plant Therese.

B1530—KARL ROSENFELD. A tall, compact, heavy-blooming semi-double type. Dark velvety crimson.

B1511—DUCHESS DE NEMOURS. Pure white and sulphur-white tinge. Early and pleasantly fragrant.

B1560—SARAH BERNHARDT. Considered by peony experts to be one of the finest. Petals are long and pointed, the outer ones being rose pink and the inner petals form a full, fluffy center of pale shell pink. A very showy midseason. 1.19 each; 3 for 2.98, ppd.

B1517—FELIX CROUSSE. Rosetype. Late midseason. Flowers are dazzling ruby-red.

Fountainelle

B1510—Always a favorite because of the many bright red, double flowers it produces. A midseason peony with strong stems. A long-lasting flower when cut and also in the garden.

Walter Faxon

B1566—An outstanding midseason variety producing lots of brilliant coral pink blooms on strong stems. Makes an excellent cut flower for home use.

SAVE!

MORE FINE PEONIES (Not Pictured)

B1525—Harry L. Richardson. Rich, glowing carmine, beautifully shaped buds and one of the best late double red peonies.

B1537—Mary Brand. One of the very best of all dark reds.

B1509—Couronne d'Or.

Crimson splashes on a beautiful clear white.

B1532—Longfellow. Very large flaming crimson blooms.

B1513—Edulis Superba. A beautiful bright clear pink and fragrant.

Prices Varieties not pictured: 98c each; 3 for 2.69, ppd.

MAY DAY PEONIES

(Officialis)

The earliest of all and absolutely hardy. These have been favorites with everyone for years. All double-flowered types and should bloom for years.

B1546—Red May Day Peony (Officialis Rubra, Fl. Pl.).

B1547—Pink May Day Peony (Officialis Rosa, Fl. Pl.).

B1548—White May Day Peony (Officialis Alba, Fl. Pl.).

Prices: 98c each; 3 for 2.79, postpaid.

B3165X—MAY DAY Peony Bargain. One each of 3 above only 2.69, ppd.

Gurney's HARDY LILIES

See Illustrations at Left

B5007—FLAME LILY (Red Russian). One of the easiest of all garden lilies to grow. Plant 6 to 8 inches deep. 49c each; 3 for 1.29; 5 for 1.79, postpaid.

B5020—NEW CENTIFOLIUM HYBRID. Grows 6 to 8 ft. in height with great clusters of 50 or more lilies crowning the top. The enormous flowers are pure white inside, while the reverse of the trumpets are often pink, emerald green, yellow or brown. Very hardy; deep-rooted; stand severe droughts well. Plant 6 in. deep. 65c each; 3 for 1.69; 5 for 2.49, postpaid.

B5031—SUNSET LILY (Pardalium giganteum). A splendid lily bearing 20 to 30 flowers on tall stalks. A bright orange color, spotted with dark crimson. 65c each; 3 for 1.69; 5 for 2.49, postpaid.

B5030—PINK SHOW LILY (Speciosum Rubrum). Carmine red on a white ground with crimson spots. Very hardy. Will grow anywhere. 65c each; 3 for 1.69, postpaid.

B5027—REGAL LILY. Best known and very beautiful. Hardy. Plant 8 to 10 in. deep. 45c each; 3 for 1.19; 5 for 1.69, postpaid.

B5000—AURELIAN HYBRID LILIES. Mr. Carlton Yerex of Oregon, perfected these lilies after 20 years of work. Flowers are all 6 inches or more across and form magnificent clumps of beautiful flowers. The flowers are wide, flaring trumpets in beautiful color combinations, including sunburst effects. Entirely hardy. Plant 6 inches deep. 1.25 each; 3 for 3.39, ppd.

B5026—NEW RAINBOW HYBRIDS. These are big, brilliantly colored new hybrids from the west coast. The gorgeous colors run from pale yellow to deepest golds with many maroon and reds, borne on tall strong stems. 59c each; 3 for 1.49; 5 for 2.25, postpaid.

B5003—CORAL LILY. A small lily of brilliant coral red. Exceedingly hardy, as it comes from Siberia. Many deep waxen recurved flowers on each plant. Plant 4 to 6 in. deep. 39c each; 3 for 1.17, postpaid.

SPECIAL LILY COLLECTION

B3452X—1 Coral, 1 Regal, 1 Flame, 1 Pink Show, 1 New Centifolium Hybrid—all 5 for only 2.19, postpaid.

98c; 5 for 1.49, postpaid.

B5035—YELLOW TRUMPET AURELIAN HYBRID. These are seedlings of the same strain that won 2 cups two years ago. Grows like the Regal but has stronger stems and larger flowers. Beautiful shades of clear yellow and apricot. 2.00 each; 3 for 5.98, ppd.

3 TIGER LILIES

Hardest of all and well-known old-time flower that can't be beat for beauty. Grow from 2 to 4 ft.

B5033—Single-flowered.

B5032—Double-flowered.

45c each; 3 for 1.19; 5 for 1.69, postpaid.

B5012—GOLD BANDED LILY (Lilium Auratum). One of the most beautiful of all lilies and well-known for centuries. Great, white, flaring blooms with bright gold band down center of each petal. Plant 9 in. deep; do not use lime. 75c each; 3 for 1.89, postpaid.

B5019—HENRY LILY. This lily grows up to 9 ft. tall with many brilliant orange blossoms. Plant 10 in. deep. 59c each; 3 for 1.49; 5 for 2.25, postpaid.

B5018—HARDY EASTER LILY (Estate Lily). Here is a real Easter Lily that can be grown out-of-doors. Plant the bulbs 6 in. deep and by late June they are in bloom. Apple blossom fragrance. Grows 3 to 5 ft. tall. 59c each; 3 for 1.49; 5 for 2.25, postpaid.

B5024—PINK TRUMPET AURELIAN HYBRID (Not illustrated). Large trumpet lilies that actually are a beautiful shell pink. Very hardy and easy to grow. For best results plant in partial shade as its color is apt to fade in hot, direct sunlight. Plant 6" deep. 2.25 each, postpaid.

POPULAR LILY OFFER

B3459X—2 Hardy Easter Lily, 2 Coral Lily, 2 Flame Lily. All 6 for 1.98, ppd.

Hardy Everblooming CARNATIONS

You can depend upon these named varieties to produce lots of flowers from June until frost.

B2031—CRIMSON KING. Bright rich crimson flowers up to 3 inches in diameter on 12 to 15" stems. Rich, clove fragrance. 59c each; 3 for 1.59, ppd.

B2034—SYLVIA. Dozens of clear rose-pink, double carnations with petals edged silver white. Two-inch flowers on 12" stems. 59c each; 3 for 1.59, ppd.

B2033—PINK PRINCESS. The new dwarf, hardy dianthus created at the Cheyenne Field Station. Plant grows about 1 foot across and its silver foliage is literally covered with rich pink blossoms all summer long. Flowers about an inch in diameter and stand about 12 inches high. 75c each; 3 for 1.95, ppd.

Silver Mound ARTEMISIA

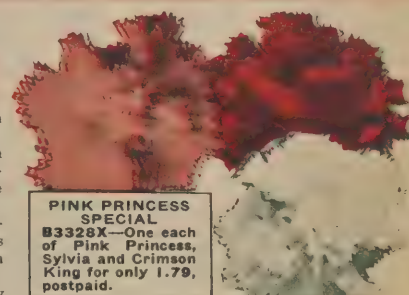

B2251. One of the most outstanding new perennials. Grows less than a foot tall and about 12 to 15 inches wide. Its fern-like foliage is a pleasant silver-gray. Makes a

beautiful border plant, especially in sunny locations but also does well in partial shade. 65c each; 3 for 1.75, postpaid.

CORAL BELLS (Heuchera)

B2075. A neat plant with coral-pink flowers borne on tall, graceful stems above low-growing tufted foliage with bronze green leaves. Blooms from early June until August

and does well in ordinary garden conditions with full sun or in light shade. Flowers are fine for cutting, too. 59c each; 3 for 1.59, postpaid.

PINK PRINCESS SPECIAL

B3328X—One each of Pink Princess, Sylvia and Crimson King for only 1.79, postpaid.

RAINBOW IRIS

Iris Description and Prices:

B1271—Minnie Colquitt (15). Massive white with purple edges. 75c each; 3 for 1.89, ppd.

B1386—Special Pink. These are seedlings of various pink shades. Some of the best apricot pinks came from this group but we offer these at only 79c each; 3 for 1.98, ppd.

B1296—Sable (18). Exceptional bloomer. "Hall of Fame" Award winner. 75c each; 3 for 1.89, ppd.

B1374—Pink Cameo (36). An outstanding soft pink iris with glowing deep pink buds. The tangerine beard also adds to its beauty. 98c each; 3 for 2.69, ppd.

Fall Blooming Iris

Like the others but they bloom twice, first in the spring and then in the fall.

PRICES: 49c each; 3 for 1.29, postpaid.

B1156—Black Magic. This is our finest rich, velvety, black-purple. Picture doesn't do it justice.

B1190—Southland. A deep golden yellow. Won American Iris Society's Award of Merit.

B1153—Autumn Queen. The snow white beauty that often blooms over six months of the year.

B1152—Autumn King. A beautiful blue color with beautiful blooms of blue and purple.

SEE ILLUSTRATIONS AT LEFT

B1381—Ranger (43). Very large, brilliant red. Lots of flowers. 98c each; 3 for 2.69, ppd.

B1293—Blue Rhythm (6). Smooth, soft, medium blue with a silvery tone. 75c each; 3 for 1.89, ppd.

B1294—Sheriffa. Rich metallic violet with a dash of blue in the falls. Very free blooming. 59c each; 3 for 1.49, ppd.

B1236—Casa Morena (47). Rich, glowing, coppery chestnut-brown. Very large flower with a spicy richness that attracts everyone. 98c each; 3 for 2.69, ppd.

B1378—Rocket (41). A vivid, most brilliant, large-flowered orange iris. The burnished copper markings on the falls lend extra depth to its color. 98c each; 3 for 2.69, ppd.

B1225—Amandine (20). A refreshing, cool, lemon-cream iris. Its fine form and clear color make it one of the best in its class. 98c each; 3 for 2.69, ppd.

B1338—Elmohr (7). Often called the "Orchid Iris." 75c each; 3 for 1.89, ppd.

B1280—Ola Kala (2). Iris Society "Hall of Fame." 75c each; 3 for 1.89, ppd.

B1230—Blue Shimmer (13). Up at the top in the "100 most popular" Iris. 75c each; 3 for 1.89, ppd.

Earliest Blooming DWARF IRIS

The "Baby Doll" Iris are loved by all. Short grasslike foliage set with jewels of Iris blossoms. They bloom first in the spring. Fine for borders, beds, banks and the rock garden.

B1126—Negus. Beautiful, deep violet-blue. A "must" among Dwarf Iris lovers.

B1117—Keepsake. You'll treasure this one as a real keepsake. Rich, brilliant yellow.

B1135—Sapphire. Brilliant clear blue that sparkles like a jewel.

B1140—Tampa. Sparkling red-toned blossoms and lots of them.

B1136—Snow Maiden. This beautiful, pure white dwarf is white as snow. Almost as early, too.

DWARF IRIS: 49c each; 3 for 1.29, ppd.

SPECIAL DWARF OFFER: B3030X—1 Each of 5 Above Dwarf Iris only 1.11 ppd.

IRIS (not pictured)

Sorry but we didn't have enough room to picture these fine Iris.

B1302—Solid Mahogany (30). Smooth, deep mahogany red flowers of excellent form. One of the darkest reds. 98c each; 3 for 2.69, ppd.

B1360—Mulberry Rose (47). A bronze beard and deep, radiant mulberry rose color. Flowers are large and of fine form and substance. 75c each; 3 for 1.89, postpaid.

B1312—Wabash (22). Standards white. Falls are deep violet-blue edged with white. Always a favorite because of its distinct color. 59c each; 3 for 1.49, postpaid.

SPECIAL OFFER

B3054X—1 each of the 3 varieties listed above for only 1.95, postpaid.

Fall Blooming DWARF ASTER

These compact dwarf plants grow only about 18 inches tall and are completely covered with blossoms during August and early September.

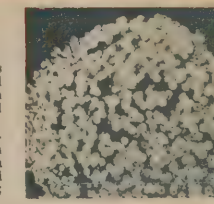

B1033—WINSTON CHURCHILL. Its deep rich crimson blooms and compact growth make it one of the finest red asters in existence. 65c each; 3 for 1.75, postpaid.

B1004—BLUE BOUQUET. A perfectly round globe completely covered with hundreds of large true violet blue flowers with yellow centers. 65c each; 3 for 1.75, postpaid.

B1013—LITTLE RED BOY. Its brilliant red star-like flowers make this one a real beauty. 65c each; 3 for 1.75, postpaid.

B1034—VIOLET BEAUTY. A mass of large deep violet blossoms on low globe-shaped plant. 65c each; 3 for 1.75, postpaid.

B3006X—Dwarf Aster Special: 1 each of above 4, only 2.19, postpaid.

GLADIOLUS from GURNEY'S

Favorite Cut Flower of All

Easy to Grow

Plant Glads about 4 inches deep and 6 inches apart in good garden soil. Select a well-drained site with plenty of sunlight. Make several plantings a week apart to lengthen blooming season. When growth is four inches tall start dusting with Gurney Glad Dust at weekly intervals to avoid thrip damage. Dig the bulbs after heavy frost has damaged leaves. Do not let bulbs freeze. Cut stems close to bulb then dry in cool airy place for 2 weeks. Store free from frost for winter.

The Queen of Flowers

Gladiolus are the most widely grown flower because they will grow anywhere for anybody and require practically no care. They have the largest color range of any flower—every color of the rainbow, blues and all. These are healthy, young, state inspected bulbs that should bloom the first year.

LOW GLADIOLUS PRICES

5 for 75c; 10 for 1.25;
25 for 2.25; 50 for 3.95,
All Labeled and Postpaid

GURNEY'S RAINBOW GLADS

RED

BG202—Burma. A heavily ruffled, rich rose red. Large blooms, fine for showing.
BG207—Dieppe. Large ruffled florets are a soft salmon scarlet that glow like burning embers.
BG209—Sans Souci. The leading scarlet with spike-like spikes and rounded, graceful florets.
BG211—Magnet. A magnetic shade of rich orchid or rose-lavender, fine for arrangement work. A sister of Noweta Rose.

WHITE

BG213—Cupid. It's extremely early, nicely ruffled, creamy throated florets make it unusually fine for cutting.
BG238—Florence Nightingale. One of the finest whites. Tall spikes with ruffled, nicely arranged florets.
BG232—White Goddess. A lovely ruffled white, with tall spikes, fine for cutting.
BG219—Leif Erickson. A leading cream. Tall, sturdy spikes with long flower heads and nicely ruffled florets. Fine for cutting.

YELLOW & ORANGE

BG222—Pactolus. A spectacular blotched variety. Its prominent scarlet blotch on a warm buff ground makes it deserving of its popularity.
BG223—Aureole. Heavily ruffled with nicely rounded broad florets. A shade of yellow most useful in home decoration.
BG225—Gene. An intensely-frilled, triangular floreted, translucent light yellow. Praised by many fanciers.
BG227—Princess Beatrix. A precisely styled, outstanding scarlet orange, unusually fine for cutting.

SMOKY

BG229—Uhu. Light chocolate brown or lobster-red with attractive orange penciling in throat.
BG274—High Finance. Beautiful light, orange gray florets with cream throat. Admired by almost everyone.
BG233—Southern Belle. A vivid pink, contrasting snowy throat, and a silvery blue aura which places it in the smoky class. Truly gracious, producing huge quantities of magnificent blooms.

GURNEY'S GRAB BAG Offer

A fine assortment of big, blooming varieties that we have blended to give you loads of color throughout the season.
BG560X—25 bulbs for 1.29, postpaid.
BG561X—50 bulbs for 2.29, postpaid.

PINK

BG235—Friendship. A true friend with earliness and quality. Tall, fresh-toned, pure pink spikes of beauty.
BG317—Spic and Span. Ruffled medium pink florets on tall straight spikes make it excellent for cutting. A blue ribbon winner year after year.
BG241—Sweet Sixteen. A beautiful, fresh toned, angelic pink, gaining tremendous popularity.
BG302—Evangeline. Light rose with creamy yellow throat, very popular for cutting.

BLUE & LAVENDER

BG345—Elizabeth the Queen. The supreme glad in the lavender class with ruffled florets on outstanding spikes.
BG249—Gail. A clear lavender blending to a lighter lavender center. Unusually fine form.
BG251—King David. This tall, rich, velvety purple glad is a breath-taking sight. A consistent show winner.
BG255—The Rajah. The supreme glad in the purple class. You'll love its color and cutting habits.

Junior Size GLAD COLLECTION

BG562X—This contains the same fine varieties as the Grab Bag Offer only smaller, younger bulbs. Flowers smaller the first year but all should bloom. 35 bulbs only 1.29, postpaid.

Giant CANNAS

Rainbow Canna Offer

BG510X—A riot of color in reds, pinks, yellows and in-between shades. All 8 cannas for only 98c, postpaid.

All Large-Flowering Types

Here are the LARGE-FLOWERED Cannas—the newer and better ones—that will make your yard the envy of all your neighbors. If you are looking for brilliant colors and attractive foliage, these are the ones you should plant. You just can't beat them.
Cannas are very easy to grow. Set the roots four inches deep and one and one-half to two feet apart. Always locate

GIANT CANNA OFFER

BG500X—1 each of all 8 named varieties listed below for 1.45, postpaid. For labeling separately add 15c.

your bed where there is plenty of sunshine and in rich, well-drained soil. Then give them plenty of moisture. Store the roots over the winter in your basement or cave.

5-FOOT BED

BG505X—A five-foot canna bed, including 3 tall ones for the center and 9 shorter ones for the outside. 12 Cannas for 1.89 or 2 offers only 3.29, ppd.

7-FOOT BED

BG507X—A seven-foot Canna bed including 6 tall ones for the middle, 10 shorter for the outside. 16 Cannas for 2.29; 2 offers only 4.19.

Prices Named Cannas:

Your Choice—Each Variety Labeled: 29c each; 3 for 69c; 6 for 1.19; 12 for 1.89, ppd.
BG26—RED KING HUMBERT. One of the grandest cannas ever offered. Large heart-shaped leaves crowned with immense heads of orchid-like, velvety orange-scarlet blossoms. Grows to 4 ft.
BG27—CITY OF PORTLAND. A fast grower with an abundance of rosy pink blossoms. This is the tall stately pink which is so popular. Green foliage, 5 ft.
BG22—ROSEMOND COLE. One of the most interesting of all canna colors. The beautiful, large red flowers with a gold edge make it outstanding. Green foliage, 3½ ft.

BG32—FIREBIRD. Deep red blooms with glistening petals so firm and showy. Green foliage. You'll find this different from all others. 4 ft.
BG34—KING MIDAS. You'll like the large, pure golden flowers and rich green leaves of this variety. Fine for border plantings. 3 ft.
BG18—DAZZLER. If you like beautiful dark red flowers you are bound to like Dazzler. Green foliage, 4½ ft.
BG24—RICHARD WALLACE. Here is a rich golden yellow ideal for bedding. Large size flowers, a vigorous grower. Green foliage, 4 ft.
BG28—YELLOW KING HUMBERT. One of the best yellows, slightly blotched with bright red. Green foliage, 4 ft.

Mexican Tuberose

BG407—The tall graceful, single-flowered type preferred for arrangements. Extremely fragrant. Dig bulbs after frost. Store like potatoes. 2 for 29c; 4 for 35c; 12 for 89c, postpaid.

"GOOD LUCK" Novelty Plant (Oxalis)

BG406—This is one plant you can use in many different ways. Fine for hanging baskets, window boxes or garden. 4 for 25c; 8 for 45c; 24 for 85c; 100 for 2.65, postpaid.

BIG BRIGHT DAHLIAS

How to Grow These Beautiful Decorative Dahlias

Our Dahlias need nothing but average garden care. They appreciate well-drained soil and full sunshine. Plant them when the ground warms up. Stake the tall-growing ones when you plant; the foliage soon will hide the stakes. Set your Dahlias 2 to 4 ft. apart, depending upon how thick you want them. In the

fall, after a frost, dig the bulbs and store them in a root cellar or your basement—just like you store potatoes.

TRIAL GARDEN DAHLIA OFFER

BG550X—Now you can have some of the finest from our test plantings. You'll be delighted with their size and beauty. Varieties not labeled. 5 bulbs only 1.49, ppd.

RAINBOW DAHLIA OFFER

BG559X—Here is a grand assortment of all kinds and colors. Contains many listed on this page. 4 Dahlias for 98c; 2 collections (8 Dahlias) for 1.89, postpaid.

DECORATIVE DAHLIA PRICES

75c each; 2 for 1.35; 4 for 2.45, postpaid.
BG154—MARIE. This is George's favorite Marie is medium sized, of such a soft pink and so fine for cutting he recommends it "tops" for added beauty this spring.
BG152—DADDY KEMP. Large 12 to 15 inch blooms and a most striking reddish-purple.
BG139—CALIFORNIA IDOL. Mammoth flowering yellow, long stems, very free blooming.
BG140—OGDEN REID. A very informal pink. Huge size, husky grower.
BG156—MRS. BOUTILLIER. Finest of all

See illustrations on page at left

the large reds, often 10 inches across.
BG143—KEMP'S MONARCH. The new one that is tops in size and a pleasing reddish orange.

Varieties Not Illustrated

BG144—HILLCREST MANDARIN. An unusually large red and yellow combination.
BG147—WM. H. HOGAN. Finest of all the bi-colors. Red tipped white.
BG149—ALICE MAY. Considered by dahlia fanciers as the finest informal pure white.
BG137—COMMODORE. Big, bright, lemon-yellow flowers, delightful to the eye.
BG141—COMMANDO. Large, clear lavender. By far the best in its class.
BG153—SHERWOOD'S PEACH. A pleasing orange-apricot, tremendous size.

CACTUS DAHLIA

BG108—Bertha Horne. A beautiful, fine, bronzy-yellow.
BG109—Osa Helen. Lovely, American-beauty red.
BG110—Bride's Bouquet. Pure white, very dainty.
BG112—Celia. Medium size, soft lavender pink.
BG114—Daughter of Venus. A beautiful lavender.
Your choice: 49c each; 2 for 89c, ppd.
BG548X—One each of all 5 above for only 1.89, postpaid.

BALL DAHLIAS

Now you can have the showiest and most popular Dahlias of them all—the Ball Dahlias. The plants are very easy to grow and have loads of perfectly formed flowers. In fact the flowers are so perfect, and uniform in shape, they look as if they were made by a most accurate machine. Unusually nice for bouquets.

BABY DOLL OFFER

BG531X—Just like the showy Ball Dahlias, only miniature in size. 1 Red, 1 White, 1 Yellow. All 3 only 98c, postpaid.

Ball Dahlia Prices

Your choice of any of the Ball Dahlias listed for only 45c each; 3 for 1.15, postpaid.

CLIMB. AMERICAN BEAUTY

PRIMROSE

NEW DAWN

WHITE DAWN

BLAZE

GOLDEN PYRAMID

PAUL'S SCARLET

Gurney's Hardest CLIMBING ROSES

All Top 2-Year, No. 1 Grade

No other type of rose is in a class by itself quite like the climbing roses. None can take its place either. Grow them on a trellis along the side of the house or on either side of the front entrance or a gate and you truly have a sight to behold. These are as hardy climbing types as you can buy.

A3427—Climbing American Beauty. Blooms exactly like the hot-house namesake. Big, rose-pink, fragrant flowers on long, wiry stems. Hardy.

A3446—Primrose. The beautiful, hardy, yellow climber with shiny green leaves and very large flowers.

A3443—New Dawn. The original hardy Everblooming Climber. Blooms 4" across with pointed

buds. Rapid growing; sturdy canes. Apple-blossom pink with old rose fragrance. Blooms all summer!

A3444—White Dawn. The new, hardy, everblooming white climbing rose. Hundreds of Gardenia-like blossoms. Flowers first-year planted. Introduced by Univ. of Minn. 1.59 each; 3 for 4.50, ppd.

A3426—Famous Blaze Climber. Same brilliant red as Paul's Scar-

let but blooms both spring and fall.

A3435—Golden Pyramid. A hardy Brownell climber of brilliant cadmium-yellow. Its large well-shaped flowers are produced on strong vigorous canes. A real beauty with tea-rose type blossoms.

A3445—Paul's Scarlet. Most popular climber. Flower big, full tea-rose type. Lots of blooms! Shiny, rich green foliage is free from mildew.

Gurney's Hardest FLORIBUNDA ROSES

America's Most Popular

Bushy plants covered with clusters of large, double roses just like regular Tea Roses. Brilliantly colored blooms cover the bushes from spring until frost. Use in rose bed, for borders, among evergreens or shrubs, or in any place you want a splash of color all summer.

All 2-Yr. No. 1 Grade

A3670—Red Lafayette. Stands dryness better than other roses. A flaming red and fine for cutting. 1.25 each; 3 for 3.50; 6 for 6.50, postpaid.

A3656—Dagmar Spath. Clusters of large, pure white blossoms that are semi-double. 1.25 each; 3 for 3.50; 6 for 6.50, postpaid.

A3665—Goldilocks. (Pat. No. 672.) Buds in many-flowered clusters that resemble miniature tea roses. Gradually opens to full, large blooms. 1.75 each; 3 for 4.65, postpaid.

A3668—Geranium Red. (Pat. No. 811.) Bright geranium red with spicy fragrance. Most brilliantly colored rose we have ever seen. 2.00 each; 3 for 5.25, postpaid.

A3666—Fashion. (Pat. No. 789.) The only rose to win four International Awards. Gorgeous, double, coral-pink blossoms suffused with gold. 2.00 each; 3 for 5.25, ppd.

A3657—Eutin. As many as 125 blossoms in one glowing cluster. Brilliant, glowing crimson. 1.25 each; 3 for 3.50; 6 for 6.50, ppd.

A3669—Red Pinocchio. (Pat. No. 812.) Double, cup-shaped blooms of velvety crimson 3 1/2 in. across. 1.75 each; 3 for 4.65, postpaid.

A3667—Lavender Pinocchio. (Pat. No. 947.) Really lavender colored—no fooling. Opens up an en-

tire new series of color arrangements both in garden and home. 2.00 each; 3 for 5.25, postpaid.

A3674—World's Fair. (Pat. No. 362.) Official rose of the great New York World's Fair. Velvety, rich maroon with beautiful, double blossoms. 1.50 each; 3 for 3.90, ppd.

A3671—Jiminy Cricket. (Pat. No. 1346.) Tangerine red buds open to coral-orange. Has pleasing fragrance and is ideal for hedge or group planting. 2.00 each; 3 for 5.25, postpaid.

A3664—Glacier. (Pat. No. 1025.) The whitest of all Floribundas. Its glistening white buds open into large, soft, snow-white blossoms in clusters. 2.00 each; 3 for 5.25, postpaid.

NEW

HURRY! HURRY! HURRY!

They Won't Last Long at This Price

These are the tall, stately trees used so much for avenue or background planting, to make a lot line, as sentinels by the yard entrance, or to line a driveway. They form tall, stately columns of dark, shiny-green leaves. Succeed on soil too poor for other trees, and grow rapidly. One reason they are good for a screen or windbreak is that their foliage grows close to the ground. For a real tight screen and lots of privacy set the trees 5 feet apart in the row. They grow so fast you will be amazed.

All 10 for only \$3.39
